RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "Not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "¶."

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

(Asterisk *) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "¶."

Alabama State Bonds.

We learn that the interest is now being paid by the Bank of the State of New York, with rebate of 4 per cent per annum, on the A, B and C bonds, new issue, of the State of Alabama. The interest is not due till July 1, but it is said that the holders of the bonds can obtain it now if they desire it at a moderate percentage off. The new bonds, known as A, B and C, are those that have been exchanged for the old, and bear interest at the rate of 2 and 5 per cent. Class A bears 2 per cent for five years from date of issue, 3 per cent for five years thereafter, 4 per cent for ten years, and 5 cent for ten years. Class B bears 5 per cent from date of issue, and class C 2 per cent from date of issue, (five years,) and 4 per cent for twenty-five years thereafter.

The authorized issue of class A is $7,000,000, against which some $6,250,000 have been issued in exchange for old bonds. The authorized issue of Class B is $560,000, nearly all of which have been taken, and class C $1,000,000, of which some $600,000 have been exchanged, leaving the total of old bonds outstanding and not exchanged about $1,150,000. The market price of the 2 per cent bonds is 44 and the 5 per cents 72. The unfunded bonds are nominally 43½. The new bonds are not called at our Stock Exchange, and they are only dealt in privately.

Commerce of New York.

The foreign imports at New York for the month of April, 1878, are officially stated as follows:

	1877.	1878.
Entered for consumpt'n.	$11,559,197	$11,154,396
Do. for warehousing	7,504,183	6,550,314
Free goods	8 909,582	6,727,911
Specie and bullion	885,049	5,318,139
Total entered at port	$28.858,011	$29,750,760
Withdrawn fr. wareh'use	6,692,828	6,082,708

The foreign imports at New York for four months from January 1, were:

	1877.	1878.
Entered for consumpt'n.	$50,187,325	$46,502,937
Do. for warehousing	26,865,352	21,918,642
Free goods	34,176,138	27,723,432
Specie and bullion	6,297,096	10,524,793
Total entered at port	$117,525,911	$106,669,804
Withdrawn fr. wareh'se	24,997,853	23,147,291

The foreign imports at New York for ten months of the fiscal year, were:

	1877.	1878.
Six months ending January 1	$147,027,452	$152,045,807
January	27,606 337	24,626,689
February	26,659,268	25,726,714
March	34,402,295	26,565,641
April	28,858,011	29,750,760
Total 10 months	$264,553,363	$258,715,611
Deduct specie	30,263,699	18,170,033
Total mdse	$234,289,664	$240,545,578

The duties received at New York for ten months ending with April, were:

	1876-'77.	1877-'78.
July	$7,497,199 39	$7,132,747 46
August	10 125,386 42	10,018,122 33
September	8,634,411 36	9,068,929 44
October	8,031,580 14	8,392,221 85
November	5 720,296 82	6,585,108 84
December	4,822 595 04	5,815,558 74
January	8,058,938 72	7,154,924 85
February	8,224,434 61	7,914,953 48
March	8,695,637 63	8,571,501 20
April	7,569,482 75	7,696,248 39
Total	$77,879,982 88	$88,850,312 58

The exports from New York to foreign ports in the month of April, were:

	1877.	1878.
Domestic produce	$21,158,574	$27,286,446
Foreign free goods	179,101	319,783
Do. dutiable	426,396	604,807
Specie and bullion	2,092,950	3,131,254
Total exports	$23 857,021	$31,342,290
Do. exclusive of specie.	21,764,071	28,211,036

The exports from New York to foreign ports for four months from January 1, were:

	1877.	1878.
Domestic produce	$84,169,338	$112,487,523
Foreign free goods	998,058	1,314,494
Do. dutiable	1 484,674	2,030,233
Specie and bullion	5,583,011	7,697,100
Total exports	$92,235,081	$123,529,350
Do. exclusive of specie.	86,652,070	115,832,250

The exports (exclusive of specie) from New York to foreign ports for ten months ending with April, were:

	1877.	1878.
Six months ending January 1	$151,493,635	$164,948,583
January	25,403,169	27,692,811
February	19,662.718	28 834,290
March	19,822,112	31,094,113
April	21,764,071	28,211,036
Total produce	$238,145 705	$280,780,783
Add specie	20,053,780	13,642,771
Total exports	$258,199,485	$294,423,554

☞ The Philadelphia Ledger, in answer to enquries, says that one of the dividend periods of the Pennsylvania Railroad is the day of the first meeting of the Board of Directors in May, and the law requires that the payment shall be within thirty days from the date on which it is declared. The first meeting of the directors in May having passed, and no dividend announced, it is fair to be inferred that none will be paid for this May period. As to the trust proposed and authorized at the annual meeting of stockholders, the 2 per cent mentioned is on capital, but, we understand, no definite action has yet been taken in reference to the matter.

☞ A certificate of incorporation has been filed in the office of the Secretary of State of Ohio of the Celina, Van Wert and State Line Extension of the Columbus and Northwestern Railway company, extending from Celina, through the counties of Mercer, Van Wert, Paulding, Defiance and Williams, to the State line between Ohio and Michigan, in the direction of Hillsdale, Michigan. The capital stock is $100,000, in shares of $50 each, by T. J. Godfrey, and others.

☞ The statement of Receiver King, of the Ohio and Mississippi Railroad, shows receipts in April amounting to $336 214 39. The disbursements in the same time were $320,518 44, including $8,828 94 for vouchers prior to November, 1876. The cash on hand 1st May was $37,706 39 against $22,010 44 on 1st April.

☞ The annual election for officers of the New York Stock Exchange, on Monday, resulted as follows: President, Brayton Ives; Chairman, Jas. Mitchell; Vice Chairman, William McClure; Secretary, B. Ogden White; Treasurer, D. C. Hays; Trustee of Gratuity Fund, R. B. Hartshorne, and Head of Governing Company, Henry Meiggs.

American Railroad Journal.

Saturday, May 18, 1876.

Financial and Commercial Affairs.

Ease has been the prevalent feature of the Money market through the past week. Supplies of capital have been very liberal, and lenders have been offering accommodation at low figures to responsible borrowers, whose wants have been comparatively moderate, and not sufficient to afford prompt and lucrative employment in a controllable form for the balances available from day to day. The inquiry for aid from mercantile sources has been limited. Call loans have been quoted here at from 3@6, with 3@4 per cent as the basis of the principal negotiations, and very choice to strictly prime mercantile credits were rated at 4@6, the best grades passing readily at 4½@5 per cent per annum. The City bank exhibit of last week indicated an increase in the loan and discount average of $2,094,800, and in the item of circulation of $34,800. The average of deposits was augmented $1,964,000. The legal tender reserve was enlarged $2,176,700; and the specie average reduced $2,582,400. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $15,822,000, against $16,718,700 the preceding week, and $17 608,550 the week ending April 20th (the latter the highest aggregate yet reached this year.) The City bank exchanges in currency reached $361,572,688, or a daily average of $60,262,145.

The outstanding amount of legal tender notes is $346,681,016. The National bank circulation is now $322,053,766 of currency notes and $1,425,100 of national gold bank notes. National Bank

notes received at the Treasury Department last week for redemption were to the amount of $3,856,000.

An active investment business has been reported for Government Securities, the offerings of the favorite issues of which have been on a restricted scale, with values showing more firmness. At the close on Wednesday the current quotations were as follows:

United States 6s, 1881, registered, 107⅞@108; do. coupon, 107⅞@108; 5-20s, 1865, new, registered, 104@104⅛; do. coupon, 104@104⅛; do. 1867, registered, 106¾@106⅞; do. coupon, 106¾@106⅞; do. 1868, registered, 108¾@109¼; do. coupon, 109@109⅛; ten-forties, registered, 106½@106¾; do. coupon, 106⅝@106⅝; five per cents, 1881, registered, 101⅞@105; do. coupon, 104¾@105; 4½ per cents, 1891, registered, 102½@102⅝; do. coupon, 103⅝@103¾; 4 per cents, 1907, reg., 100⅞@101⅛; do. coupon, 100⅞@101⅛; sixes, currency, 119¼@119½.

The Government Loan Syndicate subscribed for another $10,000,000 of the 4½ per cents, representing and anticipating its July and August options, making the aggregate of the Loan already thus taken to $35,000,000.

The reported subscriptions to the new popular four per cent Government loan have been, thus far, nearly twelve millions.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $348,066,350, and $13,518,000 as security for public deposits.

The income of the Government from internal revenues last week was about 2¾ millions, and from Customs last week about 2½ millions.

Dealings in State bonds were to a moderate aggregate, chiefly on investment account, with prices as a rule quoted somewhat firmer. An unusually active investment inquiry prevailed for the favorite of the Railway Mortgages which have been quoted decidedly stronger as to price, on quite moderate offerings of the favorite loans. And in the line of Railway and Miscellaneous share property business has been fairly active but the market has fluctuated considerably, leaving off with indications of reviving strength and buoyancy. The encouraging traffic reports of the leading lines tended to stimulate the speculative demand.

Gold has been ruling stronger, on a more active movement, chiefly speculative, favored by the ease in Money. The customs call was moderate, and the export drain unimportant. The extremes during the week have been 100¾@100⅞, closing on Wednesday at 100¾ as against 100½ on Wednesday of the preceding week. The specie outflow last week was only $69,158—making the total exports of specie hence since January 1, $7,603,690 against $10,618,064 the same time in the preceding year. The imports of specie at this port last week were to the amount of $227,590 (chiefly from Port au Prince and Havre) and since January 1st have been $11,257,228 as against $6,587,091 same time in the preceding year. The Customs demand for gold in the local market last week reached $1,462,992 or an average of $243,832 per day.

Foreign Exchange has been in generally limited request and quoted weak as to price. Bankers' sixty day bills on London closed on Wednesday at $4 85½@$4 86; sight bills on London at $4 88@$4 88½ to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $6,489,095 as against $6,763,597 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $967,748 of Dry Goods, and $5,521,847 of General Merchandise. The week's export of Domestic Produce and Miscellaneous Goods from this port were to the aggregate value of $6,298,686 against $4,031,748 same week in 1877; and since Jan. 1 have been $126,632,598 against $96,353,479 same time last year.

Metals have been more sought after and, as a rule, quoted about as before as to values. American Pig Iron sold to a fair aggregate at former figures. Eglinton Pig Iron quoted at $24; Glengarnock $24@$24 50; Coltness $25; No. 1 American Pig at $18@$19; No. 2 do. at $17@$18. Forge $16@$17. New Iron Rails at works $32@$36. Old Rails $19@$19 50. Wrought Scrap $21@$22. Steel Rails, on the basis of $42@$45. (2500 tons sold on p. t.) Ingot Copper for prompt delivery has been more freely dealt in on the reduced basis of 16⅛@16¼cts. for early delivery.

The dealings in Produce and Merchandise have been on a rather more liberal scale, but values have been quoted irregular and toward the close generally less firm. Breadstuffs have been quite active, especially Wheat and Corn, for early delivery, closing, however, at easier rates. The unfavorable weather and crop reports failed to make any serious impression on the market, though on Tuesday stimulating the demand for Corn, largely on speculative account. Provisions have been in less request at drooping prices. Cotton has been in more demand, leaving off more firmly. Naval Stores and Petroleum have been attracting rather more attention, and quoted stronger in price. Foreign merchandise has been moderately active, but at irregular figures.

In the way of Ocean freights business has been fairly active chiefly in the Grain and Petroleum interest, closing, however, rather tamely, and somewhat less firmly. Liverpool steamer rates at the close for Grain, quoted at 7d@8d. Flour, at 2s. 6d.@2s.9d. Provisions, 30s.@40s.; Leather, 45s.@50s. Measurement Goods at 20s.@22s. 6d. per ton; Cotton, ⅛d. per lb. Liverpool, by sail. Cotton, ⅛d. Grain at 7@7½d.; Flour, 2s.; Measurement Goods, 15s. Tobacco 25s.; Oil Cake at 22s. 6d. Grain rates on charter hence for Cork and orders left off at 5s. 9d.@6s. 1½d.; for the Continent Grain at 5s. 3d.@6s. 6d. and from Baltimore for Cork and orders, 6s.@6s. 3d. and from Philadelphia at 6s.@6s. 3d.; from Boston at 5s. 6d.@5s. 9d. and from Portland at 5s. 9d.@6s. and to the Cape of Good Hope, 40s. per ton and from San Francisco to the United Kingdom (next crop) at 55s.@60s. Refined Petroleum hence for Liverpool at 3s. 4½d.@3s. 7½d.; Cork and orders, 3s 9d.@4s. 3d.; for the Continent, 3s. 3d.@3s. 9d. for the Baltic at 4s.@4s. 7d. and Java at 32@35ct. and Japan 37½@45cts. and for French ports (crude) at 3s. 9d.@4s. 3d. Gibraltar and orders at 4s. 6d.@5s. 6d.; do. in cases, from N. Y. to Italian ports, at 25@28ct. and Adriatic 28@32cts. Cotton by sail from New Orleans to Liverpool 5-16d.; Ky. Tobacco from New York to Spain at 32s. 6d.@35s. and to Bordeaux at 35s. Naval Stores from Wilmington for Cork and orders at 3s. 9d.@4s. and 5s. 9d@6s. and for Trieste, Resin, 5s. Lumber from New York to Montevideo at $14 and 5 per cent primeage. Savannah, Brunswick or Union Island to the River Platte, $18@19. Deals from St. John (N. B.) to Liverpool at 65s.@71s. Through Provision freight room by steam from the West for Liverpool quoted at the close at 45@48ct. per 100lbs. as to routes.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

Baltimore, Philadelphia and New York Railroad.

The Baltimore, Philadelphia and New York Railroad, which was recently disposed of by order of the trustees for the bondholders, was purchased for $75 by Messrs. Henry Dupont, of Wilmington; Dr. Charles Huston and Charles E. Pennock, of Coatesville; Edward Brooke of Birdsboro, and William H. Bell, of Branchville, N. J. As the bond of the sale has not been transferred to the purchasers yet, they have not made up their mind what is to be done with it. This road was to be constructed from Baltimore to Philadelphia, and was to come into the city by way of the Philadelphia and West Chester Railroad. The road fell under the influences of the panic of 1873, and in its construction many thousands of dollars have been expended.

☞ The earnings of the Chicago and Alton Railroad Company for the three months ending March 31, 1878, were $958,556 90, the operating expenses $568,072 81, and the net earnings $390,484 09; for the corresponding three months of 1877 the earnings were $1,022,109 12, the operating expenses $655,368 97, and the net earnings $366,740 15—showing a decrease in earnings of $63,552 22, a decrease in expenses of $87,296 16, and an increase in net earnings of $23,743 94.

☞ The earnings of the Wabash Railway for the three months ending March 31, 1878, were $1,082,362 76, the expenses $785,023 87, and the net earnings $297,339 89; for the same period last year the earnings were $959,046 15, the expenses $822,265 66, and the net earnings $136,780 49—showing an increase in earnings of $123,316 61, with a decrease in expenses of $37,212 29, making an increase in net earnings of $160,558 90.

Wharton Railroad Switch.

The Wharton Railroad Switch, through E. L. Perdrianx, of Philadelphia, has been introduced into the kingdom of Sweden and placed on the Malmo Ystad Railroad for a test, and has passed through an arctic winter without accident of any kind. A report expressive of satisfaction with its working has been sent by Count Fredrik Arvidsson Posse, late Royal Swedish Commissioner to the United States, who is engaged in the construction of a coast line of railroad, running from Engelhaven to Goteborg, a distance of about 143 English miles, and it is more than probable that the Wharton switch will be used on this railroad.

☞ The Rochester and State Line Railroad, extending from Rochester, N. Y., to Salamanca, N. Y., about 108 miles, was formally opened on the 15th inst. At Rochester a connection is made with the New York Central and Hudson River Railroad, and at Salamanca with the New York, Lake Erie and Western, and the Atlantic and Great Western Railroads.

☞ The formal opening of the Canada Pacific Railway from Prince Arthur's Landing to Kaministiquia took place on Saturday the 4th inst., amid great rejoicings. The first train left the Landing at 9 A. M. on that day, and ran a distance of 50 miles.

☞ At the annual election of the stockholders of the Georgia Railroad on the 10th inst. Gen. E. P. Alexander, President of the Western Railroad of Alabama was elected President, defeating John P. King, who has been President of the Georgia Railroad for the past 36 years.

☞ The earnings of the Denver and Rio Grande Railway for April of the current year were $80,400 against $51,400 for April 1877, being an increase of 57 per cent. The work on extensions is progressing rapidly and the new line to Alamosa will be opened in a few weeks.

☞ The Lachine Canal was opened for traffic on Tuesday last; the Welland Canal opened on the same day with an immense fleet at Port Dalhousie waiting to get through; and water was let into the Rideau Canal on that day.

☞ A bill has passed both branches of the Ohio Legislature authorizing the people of Cincinnati to have another vote on the issue of $2,000,000 bonds to complete the Cincinnati Southern railroad.

☞ The production of Steel Rails in the United States in 1867 was 2,550 tons; in 1877 it was 432,169 tons.

☞ The directors of the Camden and Atlantic Railroad have in contemplation the extension of their road to Tuckerton.

☞ The Philadelphia and Reading Railroad shipped 182,000 tons of anthracite coal during the week ending May 11th.

☞ The sale of the Ohio Central railway has been confirmed by the Court of Common Pleas in Crawford county.

The Dead Set against Railways.

A sort of dead set is now being made against railways, that is, against railway prices, on the ground that the traffics are mostly stationary, while the capital accounts are expanding. This, in conjunction with the dark outlook in the East, is thought to indicate much lower prices for our great railway stocks. If we have war—and war is at least a great probability—we may say war is a certainty unless Russia knuckles under—no doubt all the railway stocks will go down in market value; but let it not be forgotten that railways in this country have proved themselves to be remarkably stable property, as solid and certain as houses or land, without the trouble.—*Herapath, May 4.*

☞ At an annual meeting of the stockholders of the Pennsylvania and Erie Coal and Railroad Company, held in this city on the 14th inst., the following directors were elected for the ensuing year: Col. H. G. Stebbins, E. S. Bowen, E. M. Clymer, Dr. C. R. Early and R. Saltenstal.

Atchison, Topeka and Santa Fe Railroad.

The report of the directors of this road for the year ending December 31, 1877, is as follows:

The gross earnings for the year, including the leased lines, amount to	$2,679,106 51
The operating expenses, including taxes, amount to	1,459,502 94
The net earnings amount to	$1,219,603 57

The operating expenses, including taxes, were 54.47 per cent, and excluding taxes 49.37 per cent of the gross earnings.

The comparative earnings and expenses of 1876 with those of 1877 are as follows:

Earnings for 1877	$2,679,106 51
Earnings for 1876	2,486,582 66
Gain in earnings	$192,523 85
Operating expenses for 1877	$1,459,502 94
Operating expenses for 1876	1,298,398 87
Increase expenses for 1877	$161,104 07
Net gain for 1877	$31,359 78

The damages occasioned by the extraordinary floods in the first half of the year seriously increased our expenses, and also lessened the volume of our business.

The returns of the Superintendent and Land Commissioners show that nearly two-thirds of the earnings of the road, and more than two-thirds of the land sales, were made in the last half of the year.

During the year 16 miles of the road have been relaid, with 56 pound steel rails; and 14 miles have been relaid with new iron. 85,000 new ties have been laid, and 2700 tons of rock have been used in ballasting the track. The roadbed and bridges are in better order than at the close of the year 1876.

A new branch has been projected from Florence down the Walnut Valley to the South line of the State. This branch has been constructed this year as far as El Dorado, the county seat of Butler County—31 miles, and has been operated about five months with fair results. This fine valley is now settling up very fast.

The sales of the company's land in Butler County this year were 24,445 acres, against 5000 acres in 1876.

The Kansas City, Topeka and Western Railroad Company have this year purchased 16½ miles of road from Lawrence to De Soto, which gives that company a continuous line from Topeka to Kansas City. This company have also leased a line of road, 44½ miles in length, running from De Soto to Pleasant Hill in Missouri, where it connects with the Missouri Pacific Railroad. This gives the company a short line to St. Louis, which promises to be of much value in the future.

The suit of the company against the United States, amounting to about $68,000, has been decided in our favor. This establishes the claim of the company to about $200,000 more, now due from the United States for transportation.

It was not to be expected that your lands would sell freely until the Government lands were taken up. Your Land Commissioner reports that about 900,000 acres of Government lands were taken by actual settlers along the line of your road, in 1877. This brings more than 8000 new families on the line of your road, and insures the rapid sale and settlement of your own lands. The ratio of increase in the nine counties on the line of your road in the Arkansas Valley is far in advance of that of the whole State.

According to the report of the Kansas State Board of Agriculture, the total number of acres under cultivation in the whole State, in 1876, was 5,035,697
In 1877, was 5,595,304
Increase about 11 per cent.

The number of acres sown to wheat alone, in the nine counties named above, in 1876 was .. 168,345
In 1877 was 246,917
Increase about 46 per cent.

The earnings of the road and the sales of land have been steadily increasing since August, 1877, and the prospects for 1878 are very promising.

By a rule adopted by the Board, no additions are made to the construction account, except for strictly new additions to the property.

The construction account, including rolling stock, at the beginning of the year amounted to		$23,439,771 68
New construction for the year 1877, including rolling stock		55,538 96
		$23,495,310 64

The Pottowatomie Land Bonds were used in the building of the road, and charged to construction account; and as fast as these bonds are canceled, they are credited back to this account.

The amount of these bonds cancelled in 1877 was		$47,500 00
Leaving the amount of this account December 31, 1877		23,447,810 64
Being a net increase for the year of		$8,038 96

Near the close of the year, the Board elected W. B. Strong, Esq., of Chicago, Vice President and General Manager of the road. He brings to your road rare abilities and large experience, which cannot fail to be of great benefit to the company.

In accordance with the design of the original projectors of your road, the directors have matured a plan to extend your line into New Mexico, to the vicinity of Santa Fe, in the year 1878, and they trust this movement will be approved and supported by the stockholders of the road.

THOMAS NICKERSON, President.

Balance Sheet, December 31, 1877.

Construction, rolling stock, etc.		$23,447,810 64
Due from Land Department	$424,838 82

Balance of income accounts, 1877	20,688 89	
	134,512 06	
		$24,428,570 33

The Superintendent in his report says that the track at the close of the year was in as generally good condition as at any previous time, and in many places permanently improved by the use of stone ballast and steel rail. The estimate for renewals in 1878 includes 150,000 cross-ties and 4,800 tons of rails. There will also be required additional rolling stock, including not less than 8 freight engines, 200 box cars, 100 coal cars, and 6 or 8 second-class coaches.

Land Commissioner's Report.

I herewith submit report of the business of the Land Department for the year 1877:

	Acres.
Patents have been received for	2,474,686.47
Reverted to Government	360.00
	2,474,326.47
Land still due from United States Government, and which will be patented on application (estimated)	458,457.58
Total number of acres patented and to be patented (estimated)	2,932,784.05
Total number of acres sold to Dec. 31, 1877, less acreage reverted by cancellations, contested homesteads, etc.	643,598.57

SALES.

During the year 1877, 85,047.78 acres of land have been sold at an average price of $4 98 per acre, amounting to	$423,477 49
Cash received from sales of the year 1877	$148,171 13
Cash received from deferred payments during 1877	205,143 23
Total cash received from sales and deferred payments	$353,314 36
Our bills receivable Dec. 31, 1877, on live sales	

amount to $2,271,047 63. Of this amount, $178,209 63 remains due and unpaid.

During the year, dead sales to the amount of 25,506.46 acres, $141,938 63 have been canceled.

Our railroad lands are now in market as far west as the west line of Range 23 West; or seven miles west of Spearville. During the year, about 900,000 acres of Government land, lying adjacent to line of road east of Dodge City, have been entered at the United States Land Office at Larned by actual settlers. And all the desirable Government lands within limit of Land Grant, east of Dodge City, are now virtually disposed of.

A. S. JOHNSON,
Acting Land Commissioner, Topeka, Kan.

☞ The work of constructing the Pittsylvania Narrow Gauge Railroad is nearly completed. This is a branch of the Virginia Midland Railroad, and extends from Ward's Springs Station to Berger's ridge ore beds, in Pittsylvania county, Va. a distance of eight miles. It is expected that the road will be eventually extended to Franklin Court House.

☞ E. F. Lytle, city engineer of Altoona, has been recently engaged in surveying for a proposed railroad which is to intersect the Pennsylvania Railroad at Portage Station and run south through Cedar swamp until it is eventually extended to connect with the Bedford road.

☞ A despatch from Portland, Oregon, says that a force of 140 men will commence at once the work of grading the Sheridan and Dayton Railroad. The work will be commenced at Dayton and pushed forward as rapidly as possible.

☞ A general revival of business is reported among the iron works of Tamaqua, Schuylkill county, Pa.

To Railroad Companies and Large Land Owners.

THE UNDERSIGNED IS PREPARED TO treat with owners of large tracts of land who are desirous of selling and settling the same with a good class of Canadians, and are willing to make it worth his while to work up the business for them.

GEORGE C. DEW,
LAND AGENT, SARNIA, CANADA.

OFFICE OF THE ILLINOIS CENTRAL RAILROAD CO.,
NEW YORK, May 7, 1878.

THE ANNUAL MEETING OF THE SHAREholders of the Illinois Central Railroad Company, for the election of Directors and the transaction of other business, will be held at the office of the company in the City of Chicago, on WEDNESDAY, the 29th day of May inst., at 12 o'clock M.

The transfer-books of the company will be closed after the 13th inst. until the 1st day of June next.

L. A. CATLIN, Secretary.

PATENT
MINERAL WOOL.
THE BEST
Insulator of Heat or Cold.
A 3 INCH LINING SUFFICIENT FOR
Hot Blast-pipes, Furnaces, &c.
CHEAP ENOUGH
FOR LINING FRAME-HOUSES, AND FIRE-PROOF.
STATE RIGHTS FOR SALE.

Patentee and Manufacturer,
113 Liberty Street, New York.

Can I Obtain a Patent?
This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further precedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

A. WHITNEY & SONS,
CAR WHEEL WORKS,
Callowhill and Sixteenth Sts.,
PHILADELPHIA, PENN.

The Coal Trade.

For the week ending May 4, the total anthracite production, as reported by the several carrying companies, amounted to 353,406 tons, against 493,560 tons in corresponding week last year, a decrease of 140,154 tons. The total amount of anthracite mined for the coal year is 3,950,478 tons, against 5,561,985 tons for same period last year, a decrease of 1,611,507 tons. The quantity of bituminous coal sent to market for the week amounted to 58,585 tons, against 72,461 tons in corresponding week last year, a decrease of 13,876 tons. The total amount of bituminous mined for the year is 698,613 tons, against 944,871 tons for corresponding period last year, a decrease of 246,258 tons. The total tonnage of all kinds of coal for the week is 411,991 tons, against 566,021 tons in corresponding week last year, a decrease of 154 030 tons. The total tonnage of all kinds of coal for the coal year is 4,649,091 tons, against 6,506,856 to same date last year, a decrease of 1,857,765 tons. The receipts at Perth Amboy for the week ending on May 4th were 7,592 tons, the shipments 3,606 tons, leaving a stock on hand of 61,652 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the last two days of April was 33,409 tons, of which 26,839 tons were coal, and 7,070 tons coke. The total carried for the year is 1,507,152 tons, of which 1,176,354 tons were coal and 330,798 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad carried 76,500 tons of coal last week to Port Richmond, whilst 36,000 tons were shipped thence, leaving the stock on hand at Port Richmond last Saturday about 146,800 tons.—*Phila. Ledger, May* 13.

Uruguay.

Some interesting facts concerning this Republic have recently appeared in the *Journal des Economistes :*

Uruguay, with Monte Video, its capital, has a population of 400,000 to 500,000. Monte Video, 60 years ago, was only a small town of 8,500 inhabitants, whereas now it is a large and beautiful city, extending for a considerable distance along the banks of the Plate River. The Uruguayan population consists, in pretty equal proportions, of Creoles (Higos del Pais) in the proportion of about 52 in every 150, while the remainder are European emigrants (Gringos). About 17,000 of these latter, principally Italians, annually land at Monte Video, the remainder being Spanish (27 per cent), French and Basques (14 per cent), English (7 per cent), and Brazilians from Rio Grande. The superficial area of Uruguay is 18,692,000 hectares (1 hectare equal to 2½ English acres) ; and in 1872 the Republic possessed 554,726 horses, 6,437 mules, 6,327,500 cattle, 53,005,224 sheep, and about 50,000 goats. The trade in hides and wools is very large, and the district of Fray Bentos more particularly is noted for the immense amount of Liebig's Extract which is made there.

☞ The Attorney General of New Jersey has notified the President of the projected Philadelphia and Cape May Short Line Narrow Gauge Railway, that in consequence of no deposit having been made with the Treasurer of the State, as required by the recent amended general railroad act, "the corporate powers invested in said company have become extinct and the corporation is dissolved."

☞ The New Jersey Southern Railroad has opened a new route between Vineland and Philadelphia by way of the Camden and Atlantic Railroad, connecting with the latter road at Winslow Junction.

☞ D. W. C. Bidwell has been elected President and Treasurer, and Harvey N. Row Secretary, of the Pittsburg, East Liberty and Oakland Passenger Railway Company.

☞ The earnings of the Chicago and North western Railway for the first week in May, 1878, were $258,810 82, against $200,773 14 for the first week in May, 1877, an increase of $58,037 68. From June 1, 1877 to May 7, 1878 (eleven months and one week) the earnings were $12,464,808 54, against $11,338,874 09 for the corresponding period of the previous year, an increase of $1,125,934 45.

RAILROAD IRON.

THE undersigned, agents for the manufacturers, are prepared to contract to deliver best quality **American or Welsh, Steel or Iron Rails,** and of any required weight and pattern.

PERKINS, LIVINGSTON, POST & Co.,
23 Nassau Street,
NEW YORK.

EDWARD W. SERRELL,
CIVIL ENGINEER,
78 & 80 BROADWAY,
NEW YORK CITY.
Railroads, Bridges, Explorations.

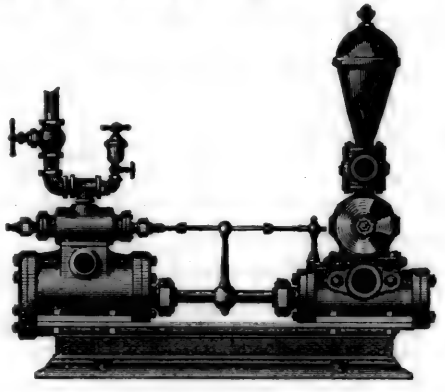
☞ Particular attention given to the Examination of Public Works for Capitalists seeking Investments.

PATENTS.
T. D. STETSON,
Solicitor of American and Foreign Patents.
23 Murray Street, New York,
(Near New Post Office.)
Send for circular.

R. Stuart Willis,
ATTORNEY & COUNSELOR AT LAW.
NOTARY PUBLIC.
290 Broadway, New York.

Special attention paid to Railroad, Mining and Manufacturing Interests.

THE ALMOND CHUCK



Is the BEST, most Elegant and Durable, simple and cheapest Chuck in the market. Thoroughly well made.
All Steel. Price $5.
T. R ALMOND,
84 Pearl St, Brooklyn, N. Y.

SELF-OILING
CAR AXLE BOX.
No Waste of Oil. No hot journals. 82,000 miles run without re-oiling. Also
SHAFTING BOXES.
Call and examine boxes and certificates, or send for descriptive circular. J. B. TOMLINSON,
80 & 82 White St., New York.
Or, MARSHAL B. STAFFORD,
JAMES H. COVEL,
93 Liberty Street, New York.
☞ Trial Box furnished free on application.

LENG & OGDEN,
IRON & STEEL
MERCHANTS,
4 Fletcher and 212 Pearl Streets,
NEW YORK.
GENERAL AGENTS FOR
Lansdell & Leng's Lever and Cam Valves, for water, steam, gas, etc.
The Steam Water Station Company's Lansdell's Patent Steam Syphon Pumps.
Credenda Steel Gun Barrels, Moulds, etc.
Patent Weldless Cold Drawn Steel Tube Company.
Marsh Brothers & Co.'s Cast Steel, German Steel, Machinery Steel, Files, etc.

STEAM PUMPS.

IMPROVED NIAGARA STEAM PUMP.

Marine Steam Engines. Stationary Steam Engines Marine and Stationary Boilers. Hydraulic Elevators for Buildings. Pulleys, Shafting and Hangers a specialty.

Queen Insurance Company.

The Queen Insurance Company, of Liverpool and London, publish in another column a statement of their assets and liabilities on the 1st of January 1878. The assets are $1,507,168, consisting of $172,176 cash, $1,120,525 invested in United States bonds, and the New Building $214,517. The liabilities for unpaid losses are $88,067 and for reinsurance $439,214, together $527,281—leaving a net surplus of $979,887. The "New Building" is situated at Nos. 37 and 39 Wall St., the entire first floor of which is occupied by the Queen Insurance Company, leaving a few desirable offices yet unoccupied. The building, which has been fitted up throughout with the latest improvements, is constructed in the Victorian Gothic style, the front being of Baltimore brick, trimmed with New Jersey brown stone and Wyoming gray stone. The rooms are well lighted and ventilated, and the heating apparatus is of the most approved pattern. The Trustees in New York are: Samuel D. Babcock, William H. Macy, and James M. Morrison; and the Directors in New York, all of whom are stockholders, are: Samuel D. Babcock, Henry F. Spaulding, Martin Bates, H. B. Claflin, F. H. N. Whiting, J. Boorman Johnston, David Bingham, and Josiah M. Fiske. Manager, Wm. H. Ross.

Cincinnati Southern Railway.

Mr. R. T. Wilson, President of the East Tennessee, Virginia and Georgia Railroad Company, has made a proposition to the Cincinnati authorities to finish the Cincinnati Southern Railway, or at least make such connecting links as will give Cincinnati speedy and direct communication with the South without the city furnishing any more money. His plan is to use the remnant of money now on hand in extending the track from its present terminus to Chatwood, opposite the present terminus of the Knoxville and Ohio Railroad, and then to build a connecting link a distance of twenty-six miles. The Knoxville and Ohio Railroad is a branch of the East Tennessee, Virginia and Georgia Railroad, and extends from Bristol to Chattanooga.

Pittsburgh, Ft. Wayne and Chicago R. R.

At the annual meeting of the stockholders of the Pittsburgh, Fort Wayne and Chicago Railroad, held in Pittsburg on the 15th inst., an election was held for three directors to serve three years, and Messrs. R. R. Springer, of Cincinnati, Pliny Hoagland, of Fort Wayne, and John N. Hutchinson, of Philadelphia, were chosen. The President's report shows the gross earnings for the year to be $6,928,856 11; running expenses $4,064,898 84, leaving the net earnings $2,869,457 77. The net gain of the New Castle and Beaver Valley branch was $67,021 52, and of the Lawrence branch $24,667 48, a total of $91,688 90, which, added to the gain of the main line, gives the aggregate net earnings as $2,956,146 67. From this is to be deducted the amount paid the Cleveland and Pittsburg Railroad, as the division of the joint earnings, $61,492 07, and tax on capital stock, $11,179 30—$72,671 37—leaving $2,883,475 30. From this sum the lessee, the Pennsylvania Company, has paid for dividends on stock and bonds $2,732,453 75, leaving as profit to the lessee $154,022 05. Appended to the report was a statement of the moneys received and disbursed by the trustees on account of the sinking fund during the year, as follows: whole amount of bonds purchased for and now in the sinking fund—first mortgage, $992,000; second mortgage, $994,000; total, $1,986,000. Add to this the cash on hand, $171,755 36, and the total sinking fund on December 31, 1877, aggregates $2,157,75b 36. The whole amount of the shares of the capital stock of the Pittsburg, Fort Wayne and Chicago Railroad issued at the close of the year 1877 was: original stock, $19,714,285 71; guaranteed stock, $5,504,300; total capital stock, $25,218,585 71.

Wilmington and Weldon Railroad.

A special report of the condition of the Wilmington and Weldon Railroad Company is furnished to the stockholders, the road having been surrendered by its late lessee, the Wilmington, Columbia and Augusta Railroad Company. The report shows that the company owns in good and available assets $3,446,809 22, against a funded debt of $1,619,100, and a floating debt of only $86,718 99. The capital stock of the company is 14,562 shares, which, at a par value of $100 each, gives the sum of $1,456,200. The receipts from 1st October, 1877, to 1st April, 1878, amounted to $307,564, and the operating expenses in the same time were $165,106. The report mentions extensive repairs that have been made, such as relaying track with steel rails, and refers to the fact that a further quantity will be required at an early day, which is a question to be decided by the stockholders, and is rendered more necessary in view of the large competitive business that the road is now doing. The report concludes: If new rail was in the place of the old, the present year's business would yield from 6 to 7 per cent dividend on the capital stock.

Pittsburg Iron Trade.

A correspondent of the Herald has been interviewing the leading iron manufacturers of Pittsburgh, among whom were General J. K. Moorhead, Jones & Laughlin, and Gen. Fitzhugh, of Shoenberger & Co. They all gave encouraging views of the situation of the trade, and said they expected a brisk fall business. The correspondent says:

Nowhere throughout my journey in the manufacturing districts have I met with such confident business men as the iron masters of Pennsylvania,

and nowhere have I found men so thoroughly schooled in all that belongs to their trade, its home and foreign aspect, than in this very iron city, besmeared and begrimmed as it is with the smoke of unnumbered chimneys, belching forth night and day flames by which one can read the progress which this section of our country has stamped upon the iron trade of the world. Thanks to the skill which has known how to use to the best advantage the product of the mines. Pittsburgh stands to-day foremost as a bold competitor in almost everything that is made of iron. Not that the battle is entirely won as yet, it is an incessant struggle, however, with varying success, going on ever and ever, then losing ground here, then gaining twice that ground elsewhere; but kept up with an indomitable perseverance on our side that almost disheartened Old England.

Philadelphia, Wilmington and Baltimore Railroad.

The earnings of the Main Stem and Port Deposit Branch for the years ending October 31, 1877 and 1878, were as follows:

	1877.	1878.
From passengers	$2,294,622 22	$1,644,790 99
" freight	915,498 82	955,068 04

Taxes—State and local	77,790 77	91,592 75
Operating expenses of Southern Division	105,488 82	108,686 17
	$1,884,882 22	$1,755,084 50
Receipts less operating expenses and taxes	$1,621,253 97	$1,163,426 88
Interest, ground rents, etc., paid and accrued	$211,918 80	
Less am't accrued Nov. 1, 1876.	$22,000 00	
Less dividends & interest received	100,313 16	
	122,313 16	
		89,605 64
Net earnings		$1,078,821 24

Dividends were paid as follows:

Dividend No. 59. 4 per cent, Jan., 1877	$462,450 00	
Dividend No. 60, 4 per cent, July, 1877	462,450 00	
		924,900 00
Leaving a surplus of		$148,921 24
From which surplus was placed to credit of renewal fund		50,000 00
And placed to credit of revenue account		$98,921 24
Amount to credit revenue account October 31, 1876		545,282 50
Amount to credit of revenue account October 31, 1877		$644,303 74

The earnings of the Main Stem, Port Deposit Branch, and Southern Division in 1877, as compared with the earnings from same sources in 1875 and 1876, were as follows:

Passenger receipts were less by 2 91 per cent than in 1875, and less by 28.26 per cent than in 1876.

Freight receipts were less by 4.70 per cent than in 1875, and more by 13.94 per cent than in 1876.

Gross earnings were less by 4.26 per cent than in 1875, and less by 15.62 per cent than in 1876.

Net earnings were less by 6.37 per cent than in 1875, and less by 28.39 per cent than in 1876.

Operating expenses were less by 2.81 per cent than in 1875, and less by 4.35 per cent than in 1876.

Taxes were more by 10.00 per cent than in 1875, and more by 15.06 per cent than in 1876.

Comparison is here made with business of 1875 as well as with that of 1876, which having been the "Centennial Year," yielded a larger trade than usual.

The close of the "Centennial Year" found us prepared to do a business as large as was done in that year; and it was impracticable to reduce instantly the expenses to conform with the reduction of receipts.

RENEWAL FUND.

The annual reports since 1871 contain explanations of the opening and maintenance of this account, the sums annually placed to its credit, and the disbursements annually charged to it.

Table "B," hereto annexed, shows the charges to this account in 1877, and the balance left to its credit on 31st October, 1877. Most of the charges explain themselves. The item "Taxes State of Maryland, $14,960 75," represents a portion of the taxes levied since 1872. Our counsel deemed those taxes illegal, and only after a decision in the courts, a portion of them was paid. The tax account of 1877 was charged with its proportion thereof, and the residue was charged to renewal fund.

The item of "Changing Track, Boston Street, Baltimore, $11 090 19," represents the cost of a change of location of our tracks in Baltimore required of us by the city, and not properly chargeable to operating expenses.

The item "Royal Land Company Casualty, $8,086 66," represents an old and doubtful claim for cars burned "in transitu" compromised in 1877 by advice of counsel.

The item "International Exhibition Stock, $6,000," represents one-half of this company's subscription to that stock, made simultaneously with subscriptions made by the other railroad companies whose roads terminate in Philadelphia. As this stock is of uncertain value, it was deemed best to charge off one-half of its cost at this time. The purchase was not made with a view to the direct value of the stock, but in the expectation that the maintenance of the exhibition will add materially to our traffic.

In the expectation that the outlay in 1878, on account of that class of improvements hitherto charged to renewal fund, will be comparatively small, there has been taken to the credit of the account from the net earnings of 1877 but $50,000. The sum left standing to the credit of renewal fund, viz., $147,912 48, is as much an asset of the company as the sum standing to the credit of revenue account.

STEEL RAILS.

There remain but 14.55 miles of iron track on the road, including the Southern Division, and this will be mostly relaid in steel in 1878 79. In view of the fact that depreciation which cannot be made good at the time, is constantly going on in bridges, buildings, and other property, and must be made good from future earnings, it has been deemed best not to follow the practice generally adopted by railroad companies in charging to construction the difference in cost of steel over and above the cost of new iron rails; and this difference has been added to the operating expenses annually. The sums so charged since we began to substitute steel for iron rails have amounted in the aggregate to $618,949 21, and the "repairs of road" charges, since 1864, have been thereby increased by an average of nearly 20 per cent per annum.

In this direction, as in many others, this company has pursued a course more conservative than that adopted generally by the railroad companies of this country, as your board believe that your interests are promoted by abstaining from swelling the construction account.

SUSQUEHANNA BRIDGE.

The work of replacing the old wooden structure by an iron one, commenced in 1873, has gone steadily on; but in consequence of unusual freshets is not so far advanced as had been anticipated. Of the thirteen spans constituting the structure, eleven have been changed to iron, one will be changed in 1878, and the draw (the remaining span) will not need construction before 1879 at the earliest.

Pier No. 3, commenced in 1862 as an experiment, in water over 40 feet in depth, and a bottom of mud of equal depth, showed some signs of weakness, and a new pier has been built in 1877 about fifty-four feet east of pier No. 3. In building the new pier, your engineers were guided by the experience gained in building pier No. 3, and it is believed that the new work will prove a permanent one.

The construction of this bridge was commenced in 1862, and was opened to traffic in 1866. The wooden structure lasted as long as such structures, similarly exposed, generally last.

Its cost	$2,268,983 19
The renewal in iron, together with the new pier, have so far cost	449,877 00
Total	$2,718,860 19
Of which sum was charged to construction	$1,641,049 68
And was paid from earnings of road	$1,077,810 51

The current repairs were annually charged to operating expenses.

Your Consulting Engineer, Mr. B. H. Latrope, and your Resident Engineer, Mr. Edward Larkin, have recently reported that they consider the bridge as being in a perfectly safe condition, in respect to traffic as well as to risks from ice or freshets.

REAL ESTATE PURCHASES.

Real estate has been bought (in Baltimore) and charged to "Road" to the amount of $183,800.

This land lies between your railroad on Boston Street and the water.

By acquiring it, the company can lay their second track and side tracks without occupying the street; and have a valuable water front, part of which can be used to advantage for the exchange of business with the Baltimore & Ohio Railroad Company, and with the Baltimore Steam-Packet company.

An exchange has also been made of part of the lot now used for ferry purposes for an equal area of land adjoining the land purchased. The purchase and the exchange give to this company a very valuable and continuous front, both on deep water and on Boston Street.

An old claim for land taken for your Port De-

posit Branch has been paid, and the purchase-money charged to "Road."

A lot of land formerly held by the National Stock Yord Company has been taken by this company in settlement of a debt. Several years since, when arrangements had been made for moving the cattle-yards from West Philadelphia to Nicetown, several miles distant from the line of your road, this company made a loan to persons who associated themselves as the National Stock-Yard Company. This loan was made to secure in the south-westerly part of the city a cattle market which would be chiefly supplied with cattle brought over this company's road. The National Stock-Yard Company applied the loan, and also their own cash capital, to the improvement of the property. Subsequently, on the establishment of the cattle-yard near Market Street, in West Philadelphia, the National Stock-Yard Company found their investment unprofitable, and went into liquidation. All of their land, with improvements, were conveyed to this company, and the cost thereof has been added to real estate account.

STOCKS AND SECURITIES.

As is well known to you, this company has rarely made purchases of other roads. The roads named in this report as merged in this company are the sole exceptions. They have also abstained from leasing or operating the roads of other companies. At this time they lease no road excepting the Delaware Railroad, having terminated several years since all other leases, and they operate no road except their own and the Delaware Railroad.

In a few instances this company has bought the stock or securities of other companies connecting with this company, where it was deemed desirable to have a voice in the management of those companies. Each of these investments is now a paying one, and in none of them has this company incurred liabilities or risk beyond the amount actually invested in those securities.

A considerable portion of the money paid as interest upon your bonded debt is derived directly from such investments.

Since our last annual report a purchase has been made of stock in one of the Peninsula roads connecting with the Delaware Railroad; and $60,000 in the ten year notes of the company, with interest payable annually at 6 per cent., was paid therefor. The road referred to has no debt, runs for twenty seven miles through a rich agricultural district, and is a valuable feeder to this company. This company neither operates it, nor is in any way liable for its operation, and has nothing at stake except the purchase-money.

For many years past it has been found profitable to pay annually to that road a bonus or drawback amounting to twice the interest upon the ten year notes referred to, which bonus ceased soon after our purchase of the stock.

FRUIT TRAFFIC.

In table "C" will be found a comparative statement of this business for eleven years past.

We have good reason to infer that the fruit growers found the year past a profitable one, for we learn that the purchases of young trees are larger, and that the nurserymen are preparing to meet a demand double of that of last year, while our freight books show an increased traffic in fertilizers to the extent of over 8000 tons in 1877 as compared with 1876.

The peach crop was moved with great dispatch and regularity. The abandonment of the "Contract System" for car supply, proved very satisfactory to the shippers, and economical to the railroad companies. There were many new markets reached by the peach cars without breaking bulk, and the prices of fruit were thereby well maintained in the principal cities, and the "gluts" which have in former years been so disastrous to the peach-grower avoided.

MERGERS.

Referring to the annual report of 1875, you will see that this company were then the owners practically of three roads, viz., The New castle and Wilmington, New Castle and Frenchtown, and the Southwark.

It was deemed advisable, for economical and other reasons to consolidate these companies with this company. This has been done, under statutes of Pensylvania and Delaware, and those three companies have ceased to exist. It will be seen that sums representing the cost of these roads, as they stood on your books in 1876, together with cost of a few outstanding shares in these roads, has been in 1877 added to your "Road," or Construction account. There still remain in the hands of a few stockholders of the Southwark Railroad Company twenty-nine shares of the stock of that company awaiting the appraisal of a commission appointed by the court. It is expected that these shares will be turned over to this company in 1878, and their cost added to construction account.

The first two of the roads named above are in this report styled the "Southern Division," the earnings and expenses being reported herein separately from those of Main Stem. The Southern Division, it will be seen, yields us more profit proportionally to its cost, as shown in account, than the Main Stem affords. The Southwark Railroad connected the Main Stem at Broad Street with the wharves on the Delaware River, with an extension up Swanson Street, and its earnings and expenses henceforth, as heretofore, will be included in those of the Main Stem.

STRIKES.

The receipts of 1877 were smaller than they would have been if connecting roads had not been embarrased by "strikes." Not only was all traffic on many roads entirely stopped for a time, but great losses were sustained by the action of mobs, and for a time, after the roads resumed work, this company felt the diminution in through travel, caused probably by the uncertainty as to the ability of connecting roads to continue an uninterrupted service.

During the whole period of strikes and mob violence, your employes neither sympathized with the strikers nor were overawed by the rioters. The running of trains of all kinds, even those loaded with United States troops on the way to the scenes of the disturbance, was regular as usual. This loyalty to the company was fully trusted in by your Managers, and during those trying days no apprehenson was felt by them of any bad conduct on the part of their employes. Trouble with rioters unconnected with the road was expected and guarded against; but if it had arisen, your officers would have had no more faithful allies than their own men.

While your board feel that great credit is due to your employes in this connection as in others, yet they have refrained from any public recognition of their loyalty.

With such men as these any praise for doing what they deem their duty might be construed into an affront. But your officers and employes will work together as harmoniously as ever; and the pleasant relations judiciously maintained by Superintendent Kenney and his staff between the employes and themselves (which relation had much more to do with our exemption from strikes than any question of wages) will be fostered with greater care than ever.

In conclusion your board take pleasure in reporting your road, equipment, and other property in good condition, and that, with the following exception, no accidents of consequence have occurred.

A passenger train was partially "derailed" and several passengers injured, but no lives lost The train was approaching a public street in the City of Wilmington, when a cow, which was at large contrary to the city ordinances, suddenly emerged from cover, was struck by the locomotive at the street crossing, and thrown upon a railroad platform, whence she rolled under the car wheels. The accident was one which no reasonable precaution on the part of your employes would have prevented.

The company have 78 locomotives. The car equipment consists of 120 passenger, 2 parlor, 15 smoking and baggage, 16 baggage, 4 chair, 1 postal, 7 baggage and mail, 17 express, 4 milk, 1 pay, 672 house, 76 stock, 308 platform, 50 lime, 34 dump, 77 lumber, and 14 tool, construction, etc., cars.

The number of miles run by engines over the Philadelphia, Wilmington and Baltimore Railroad, including service on Port Deposit Branch, was 1,584,824. Miles run on Delaware Division, between Wilmington and Delmar, 345,859.

Flour from Minnesota for Europe.

What is described in the Western papers as "the first through flour train from Minnesota to London" arrived in this city on Monday evening at 9.15 and started on Wednesday morning for Europe. The train, consisting of twenty-five cars, engine and caboose, was loaded with 2,500 barrels of flour and arrived at Chicago by the Chicago, Milwaukee and St. Paul Railway on Friday night, making the distance of 424 miles in the remarkably quick time of twenty-eight hours. From Chicago it came by way of the Michigan Central and Great Western of Canada to the Suspension Bridge, thence by way of the Erie Railway to New York, arriving at Jersey City in the unprecedented time of four days from Minneapolis to the seaboard. The flour being shipped for direct exportation, barges and men were in waiting at the Erie docks to make the transfers, and by 7 o'clock on Tuesday morning the 2,500 barrels were on board the Alexandria of the Anchor line, which is to carry them to Europe. It is intended to dispatch a similar train to connect with the steamships for Liverpool every week, and foreign agents will thus be able to make contracts for delivery in European cities with the same certainty as the American agents now contract for Boston or Philadelphia. The time from Minneapolis to Chicago is the quickest ever made on the Chicago, Milwaukee and St. Paul and is said to be the quickest on record; while the time made from Chicago to New York is within a few hours of the schedule time for passenger trains.

Mineral Wool from Furnace Cinder for Lining Roofs.

Mr. A. D. Elbers, 26½ Broadway, N. Y., is introducing the use of mineral wool for lining roofs of buildings—a purpose for which it is admirably adapted. It forms when spread in layers a very complete non-conducting layer which is non-combustible, and is not in any way affected by heat, cold or moisture, nor liable to decay or rot. The roofs thus lined are rendered practically fire-proof as regards the spread of fire from neighboring structures. The cheapest grade of mineral wool to be used for this purpose and its non-conducting or insulating quality is equal to that of hair felt at even thickness, and superior to cements, mortars, &c. It weighs 28 lbs. per cubic foot, or 3½ lbs. per square foot over all, and is spread between studs 1½ inch high by 2 inches wide, and between two roofing floors of 1 to 1¼ inch planks. The wood is leveled 1½ inch high, and the upper planks are nailed on the studs, thereby compressing the wool ¼ of an inch, which is sufficient to render the lining compact and to prevent its settling in gable or French roofs.

Ordinary city dwellings, built in rows, are exposed to the rays of the sun on three surfaces, the front and rear walls alternately, and the roof nearly all the time. Considering that the temperature in the shade at 80° to 85° F., is about equivalent to from 125° to 135° F. in the sun, it may be safely asserted that more heat goes through the roof than through the walls.

The Franklin Institute tests and practical experience show that a roof lined with 1 to 1½ inch hair felt or mineral wool, and 2 to 2½ inches thickness of wood (which itself is a good non-conductor), will insulate the temperature sufficiently to ward off the sun heat during the day or the extreme cold of winter nights. Hitherto the use of mineral wool for roofs was mostly confined to breweries, ice and cold storage houses, as in these structures the questions of ventilation and insulation of heat and cold are of the utmost importance. The effectiveness of mineral wool for such purposes can now be attested by the quantities in actual use, representing in the aggregate a surface of over 300,000 square feet of 1 inch lining, though mostly used at 3 inches and 4 inches thickness for lining walls.

As to the security against fire from neighboring buildings, the objection might be raised that apparently when the upper roofing planks are on fire the studs on which they are fastened and the other planks beneath them will also burn. On account of the wool between the studs no hot air can get beneath them, so that the studs are only exposed to the heat on top; and under such circumstances they will only char, and give ample time for extinguishing the fire. Mineral wool is made from slag or scoria, at a heat of about 2000° F.; it is of course incombustible. For use on buildings it possesses the additional advantages of being (like felt) a non-conductor of sound, and it affords no abode to rats, mice and vermin. Many of the troubles experienced by our correspondents during the past six months and discussed at length in these columns, would have been entirely obviated had the roofs been lined with mineral wool.

It will be understood that mineral wool is available as a non-conductor of heat in almost any situation where charcoal, sawdust, or felt is used, and has the great advantage of being practically indestructible.—*Iron Age.*

We may supplement the foregoing by an allusion to Railroad practice, which does not appear to be generally known or understood by architects: "*to apply the brakes* DIRECT *to the wheels.*" Assuming the summer heat to be 125° Fahr. in the sun—as to 80° Fahr. in the shade—a few hours' radiation from the sun will bring the heat *inside* of an ordinary roof nearly up to 125° Fahr., and keep it there long after the sun has set and the outside temperature is down to 80°, or less. The *brakes* in this instance would be the *lining* of the roof—which should have sufficient non-conducting power to entirely ward off the *direct* heat of the sun, so that the inside temperature in a house will never exceed the *shade* temperature. The cost of applying Mineral Wool to roofs will be from 5 to 10 cents per square foot in addition to the usual cost.

The Pennsylvania Railroad Co. has bought within the last year over 50,000 lbs. of Mineral Wool, most of it for lining passenger cars.

Stealing Rides on Railroads.

Governor Robinson has signed the following enactment, to prevent stealing rides on railroad cars:

Section 1. Any person or persons who shall get on or off a freight car or engine while in motion, or who shall ride on any wood or freight car, unless employed by, or with permission from, the proper officers of such railroad, or the person in charge of such car or engine, shall be deemed guilty of a misdemeanor, and, shall be liable to a fine of $25 or three months' imprisonment, or both fine and imprisonment.

☞ New York manufacturers, hotel proprietors, merchants and other classes of capitalists are agitating the subject of getting up another world's fair, to be held in this city and the idea seems to meet with considerable favor. The time for the proposed exhibition has not been suggested.

☞ News from West Farnham, Quebec, states that the narrow gauge railroad known as the Champlain and St. Lawrence Junction is now complete from the north bank there to St. Hughs, 30 miles north of St. Hyacinthe. A bridge will be built across the river at Farnham to connect with other railroads. Regular trains will run soon.

☞ The Indianapolis, Cincinnati and Lafayette Railroad company has just completed what is called the Hardentown cut-off, near Lawrenceburg, Indiana, shortening the distance between Cincinnati and Indianapolis four miles.

☞ The furnaces of Franklin county, Penn., are all in or ready for blast.

Philadelphia Stock Exchange.

Closing Prices for the week ending May 21.

American Railroad Journal.

Saturday, May 25, 1878.

Financial and Commercial Affairs.

In view of the accumulation of capital at this centre, seeking employment, especially in a controllable form, borrowers in good standing have found little difficulty in providing for their wants, whether on speculative account or for mercantile purposes, at very low figures. Lenders have been very liberal in their offerings of aid, particularly on call. The demand, however, has been generally moderate, and, in no instance, urgent. The remarkable ease in Money has favored the negotiation of the Government refunding loans very decidedly. Call loans have been quoted here at from 2½@5, with 3@3½ per cent as the basis of the principal negotiations, and very choice to strictly prime mercantile credits were rated at 4@6, the best grades passing readily at 4@4½ per cent per annum. The City bank exhibit of last week indicated an increase in the loan and discount average of $1,091,904, and a contraction in the item of circulation of $20,800. The average of deposits was cut down $1,851,900. The legal tender reserve was enlarged $2,408,100; and the specie average reduced $4,489,800. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $14,128,775, against $15,822,000 the preceding week, and $17,608,550 the week ending April 20th (the latter the highest aggregate yet reached this year.) The City bank exchanges in currency reached $382,688,685, or a daily average of $63,781,447.

The outstanding amount of legal tender notes is $346,681,016. The National bank circulation is

now $322,445,541 of currency notes and $1,482,120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,980,000.

Business in Government Securities has been more extensive and at generally stronger prices on very moderate offerings of the favorite issues which have been wanted for investment purposes. The remarkably rapid sale of the refunding 4½ per cent loan of fifty millions, and decided favor shown by purchasers to the refunding four per cents served to strengthen confidence, and stimulate operations in the older loans. At the close on Wednesday the current quotations were as follows:

United States 6s, 1881, registered, 108¼@108½; do. coupon, 108¼@108¼; 5-20s, 1865, new, registered, 104¼@104⅜; do. coupon, 104¼@104⅜; do. 1867, registered, 107⅛@107¼; do. coupon, 107⅛@107¼; do. 1868, registered, 108½@109; do. coupon, 109@109½; ten-forties, registered, 107⅛@—; do. coupon, 107⅛@107¼; five per cents, 1881, registered, 105⅜@105½; do. coupon, 105⅜@105½; 4½ per cents, 1891, registered, 103¼@103⅜; do. coupon, 104⅜@104½; 4 per cents, 1907, reg., 101@101¼; do. coupon, 101@101⅛; sixes, currency, 120⅜@120¾.

The reported subscriptions to the new popular four per cent Government loan have been, thus far, nearly fourteen millions.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $348,539,850, and $18,618,000 as security for public deposits.

The income of the Government from internal revenues last week was about three millions, and from Customs last week about 2¼ millions.

A more satisfactory movement has been reported in State bonds mainly on investment account, and prices have been generally quoted stronger. In the favorite of the Railway Mortgages business reached unusually liberal proportions, the investment demand having been quite animated, and prices have been quoted much firmer on very moderate offerings of the favorite loans. And in the line of Railway and Miscellaneous share property the dealings have been moderately active at variable, but, on the whole, very well supported prices.

Gold has been fairly active, but as to price without any important change. Speculation has been less confident, in view of the very successful negotiation of the Government refunding loans. The customs inquiry has been moderate and the export call unimportant. The extremes during the week have been 100⅛@100⅞, closing on Wednesday at 100¾ as against 100⅝ on Wednesday of the preceding week. The specie outflow last week was only $93,583—making the total exports of specie hence since January 1, $7,697,278 against $11,626,554 the same time in the preceding year. The imports of specie at this port last week were to the amount of $31,194 (chiefly from Bremen) and since January 1st have been $11,288,422 as against $6,684,118 same time in the preceding year. The Customs demand for gold in the local market last week reached $1,615,658 or an average of $269,276 per day.

Foreign Exchange has been very moderately sought after and quoted lower as to price. Bankers' sixty day bills on London closed on Wednesday at $4 85@$4 85½; sight bills on London at $4 87¼@$4 88 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $3,931,806 as against $5,605,784 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $850,060 of Dry Goods, and $3,081,746 of General Merchandise. The week's export of Domestic Produce and Miscellaneous Goods from this port were to the aggregate value of $7,069,472 against $5,518,535 same week in 1877; and since Jan. 1 have been $133,702,070 against $101,872,014 same time last year.

Metals have been in generally moderate demand at about former figures. American Pig Iron again sold to a fair aggregate at unchanged figures. Eglinton Pig Iron quoted at $24; Glengarnock $24@$24 50; Coltness $25; No. 1 American Pig at $18@$19; No. 2 do. at $17@$18. Forge $16@$17. New Iron Rails at works $32@$36. Old Rails $19@$19 50. Wrought Scrap $21@$22. Steel Rails, on the basis of $42@$45. Ingot Copper for prompt delivery has been rather more sought after on the basis of 16⅜@16½cts.

Less activity has been reported in Produce and Merchandise, prices of which have been quoted depressed and irregular in most instances. Breadstuffs have been selling less freely, and Flour, Wheat and Oats declined sharply, while Corn ruled stronger for early delivery, on a very good export and home trade demand. Provisions have been in generally limited request at a further reduction in values, the prices made on hog products especially Pork and Lard having been the lowest known in this market within twenty five years. Cotton has been in moderate demand, leaving off irregularly. Naval Stores and Petroleum have been in less request, and quoted easier in price. Foreign merchandise has been comparatively quiet, with values quoted as favoring purchasers.

Ocean freights have been rather less active and weaker, closing, however, somewhat more firmly with more inquiry for accommodation especially for Grain. For Liverpool steamer rates at the close for Grain, quoted at 8d. Flour, at 2s. 6d.@2s.9d. Provisions, 30s @40s.; Leather, 50s. Measurement Goods at 20s.@22s. 6d. per ton; Cotton, ⅛d. per lb. Liverpool, by sail. Cotton, ¼d. Grain at 6½@7d.; Flour, 2s.@2s. 1½d.; Measurement Goods, 15s. Tobacco 25s.; Oil Cake at 20s. Grain rates on charter hence for Cork and orders left off at 5s. 10½d.; for the Continent Grain at 5s. 3d.@6s. 6d. and from Baltimore for Cork and orders, 6s @6s. 3d. and from Philadelphia at 5s.@10½d.@6s. 3d.; from Boston at 5s. 6d.@5s. 9d. and from Portland at 5s. 9d @6s., and to the Cape of Good Hope 40s. per ton, and from San Francisco to the United Kingdom (next crop) at 55s.@60s. Refined Petroleum hence for Liverpool at 3s. 4½d. @3s. 7½d.; Cork and orders, 3s. 9d.@4s. 3d.; for the Continent, 3s. 6d.@4s., for the Baltic at 4s. 6d. @5s. and Java at 32@35ct. and Japan 37½@45cts. and for French ports (crude) at 3s. 9d.@4s. 3d. Gibraltar and orders at 4s. 6d.@4s. 9d.@bs. 6d. @5s. 9d.; do. in cases, from N. Y. to Italian ports, at 25@28ct. and Adriatic 28@32cts. Cotton by sail from New Orleans to Liverpool 5-16d.@11-32d.; Ky. Tobacco from New York to Spain at 32s. 6d.@35s. and to Bordeaux at 35s. Naval Stores from Wilmington for Cork and orders at 3s. 9d.@4s. and 5s. 9d.@6s. and for Trieste, Resin, 5s. Lumber from New York to Montevideo at $14 and 5 per cent primeage. Savannah to Cadiz $15,. Savannah, Brunswick or Union Island to the River Platte $18@19. Deals from St. John (N. B.) to Liverpool at 67s. 6d.@72s. 6d. Through Provision freight room by steam from the West for Liverpool quoted at the close at 42@45ct. per 100lbs. as to routes.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

Atchison, Topeka and Santa Fe Railroad.

At the annual meeting of this company, held at Topeka, Kansas, on the 16th inst., the following named gentlemen were unanimously elected directors for the ensuing year : Thomas Nickerson, Joseph Nickerson, I. T. Burr, F. H. Peabody, B. P. Cheney, Alden Speare, C. W. Pierce, Chas. J. Paine, all of Boston, Mass. ; S. A. Kent, Chicago, Ill., in place of Ginery Twitchell, resigned ; Thomas Sherlock, Cincinnati, Ohio, in place of D. L. Lakin, resigned ; B. F. Stringfellow, Atchison, Kansas, in place of Chas. W. Opydke, resigned ; C. K. Holliday, Topeka, Kansas ; and L. Severy, Lyon county, Kansas.

☞ A certificate of incorporation has been issued by the Secretary of State of West Virginia to the Producers' Pipe Line Company, which proposes to construct oil pipe lines from Petroleum Station on the Parkersburg branch of the Baltimore and Ohio railroad, through the counties of Ritchie, Pleasants and Wood, to points on the Ohio river convenient for shipping. The capital stock is $200,000.

Redemption of 5-20 Bonds.

The Secretary of the Treasury issued on the 22d inst., the fifty-eighth call for the redemption of 5-20 bonds of 1865—consols of 1865. The call is for $5,000,000, of which $2,500,000 are coupon and $2,500,000 registered bonds. The principal and interest will be paid at the Treasury on and after the 22d day of August next, and the interest will cease on that day. The following are the descriptions of the bonds :

Coupon bonds, dated July 1, 1865, namely : $50, Nos. 56,001 to 59,000, both inclusive ; $100, Nos. 95,001 to 101,000, both inclusive ; $500, Nos. 66,001 to 69,000, both inclusive ; $1,000, Nos. 120,901 to 125,000, both inclusive. Total coupons, $2,500,000.

Registered bonds, redeemable at the pleasure of the United States after the first day of July, 1870, as follows : $50, Nos. 1,951 to 2,050, both inclusive ; $100, Nos. 15,701 to 16,600, both inclusive ; $500, Nos. 9,351 to 9,700, both inclusive ; $1,000, Nos. 30,901 to 32,200, both inclusive ; $5,000, Nos. 8,451 to 8,700, both inclusive ; $10,000, Nos. 15,781 to 16,250, both inclusive. Total registered, $2,500,000. Aggregate, $5,000,000.

☞ The Newark and South Orange (N. J.) Horse Car Railway was sold on the 20th inst. by S. S. Morris, Master in Chancery. The track, right of way and real estate brought $15,000, and the rolling stock $1,739. The sale was to satisfy all claims against the road. The suit was brought by Mr. Eugene Kelly, of New York, who bought the road in at the figures above mentioned.

☞ The Second Mortgage bondholders of the Petersburg and Weldon Railroad are organizing with a view to purchasing the road under foreclosure, and the formation of a new company to operate it. The road has been in the hands of a receiver for more than a year past. Gen. T. M. Logan is counsel for the bondholders to a large amount in New York, Baltimore and Richmond.

☞ The President has formally accepted the last completed section of thirty-four miles of the California and Oregon Railroad ending at Redding, and a patent for the land grant will soon be issued.

☞ Grading is to be commenced at once by the San Pablo and Tulare (Cal.) Railroad Company across the lands of L. L. Robinson, the Sheriff having put the company in possession of the disputed right of way.

☞ The narrow gauge railroad that connects Fredericksburg with Orange Court House, Va., has been sold by the Royal Land Company to the Potomac, Fredericksburg and Piedmont Railroad Company.

☞ It is confidently expected that the grading of the Pittsburgh Southern Railroad will be completed between Castle Shannon and Banksville, on the 1st of June.

☞ The Philadelphia and Reading Railroad Company shipped 189,000 tons of anthracite coal during the week ending Saturday, May 18th.

RAILROAD AND CANAL DIVIDEND STATEMENT.

Pittsburg, Cincinnati and St. Louis Railway.

The following is an approximate statement of the Pittsburg, Cincinnati and St. Louis Railway Company for the first four months of this year:

Gross earnings (including interest received on equipment hired), January 1 to May 1, 1878		$1,050,643
Expenses (including interest on car trust cars and rent of Monongahela extension) for same period		620,682
Net earnings		$429,961
The interest on the bonds for these four months is:		
$3,000,000 Steubenville and Indiana Railroad 6 per cent	$60,000	
$775,000 Stebbenville and Indiana Railroad 7 per cent	18,083	
$6,222,000 Pittsburg, Cincinnati and St. Louis Railway 7 per cent	145,180	
		223,263
Surplus		$206,698

More Railroad Iron Wanted.

There are indications of a revival of railroad building in the country west of the Missouri, and that too, without waiting for the future. The sum of the various railway extensions in Colorado alone this year will probably reach 500 miles, which, added to the 1 084 miles now in operation, gives that State 1,584 miles of railway. The extension of the Burlington and Missouri River Road from its present terminus in Nebraska, at Fort Kearney, up the South Plate to Denver, is also about resolved upon, officials of that company having been looking over the route during the past few weeks. The distance from Fort Kearney to Greeley is about 300 miles, through a well settled stock raising and farming country. In Texas, also, there are considerable additions to the mileage of some of the lines, and at various other points there are proofs of like activity, though in a less noticeable form than in Colorado. The fact is worth mentioning as indicative of reviving life and the renewed confidence of capitalists in a branch of enterprise which was the first to experience the severest blows of the panic of 1873.—*N. Y. Bulletin.*

International and Great Northern Railroad.

This company have 520 miles of railroad, the main line extending from Longview, Texas, to Houston and Austin, and branches to Mineola, Huntsville and Columbia; with sidings and other auxiliary tracks, 35 miles.

It is a consolidation of the Houston and Great Northern and the International Railroad Companies, dating from September 27, 1873; at which time only 385 miles of road were in operation. The lines as now existing were completed near the close of 1876.

No interest has been paid on the bonded debt since April 1, 1875, the bondholders having assented to the diversion of net income for construction purposes; nor will the next four coupons of bonds junior to 1st mortgage bonds be paid. The deferred coupons as they accrue are funded in ten year certificates bearing 7 per cent gold interest, payable semi-annually April and October, and ranking in preference of all other interest. The property was placed with a receiver April 1, 1878, at the suit of the 2nd Mortgage Trustees; R. S. Hayes, the Vice-President, being appointed to that office. The road is now earning about one-half the annual interest charges.

The equipment is about the same as at the date of consolidation. The company have 40 locomotives, 28 passenger, 11 baggage, mail and express, and 704 freight cars: sufficient for a larger business than the road has yet commanded.

The traffic returns for the last five years, and the fiscal returns therefrom, are shown in the following condensed exhibit:

	1873.	1874.	1875.	1876.	1877.
Miles operated	385	446	459	459	520
Passenger train miles	194,051	289,597	235,708	213,258	303,828
Freight train miles	200,698	423,665	379,433	441,191	518,591
Passengers	74,782	95,820	96,877	111,127	127,986
Passenger miles	4,535,950	6,545,322	7,206,318	7,988,200	9,008,250

Miscellaneous	24,455 00	207,799 22	42,668 65	102,190 87	17,450 21
Total earnings	$1,156,552 86	$1,572,388 07	$1,408,303 15	$1,453,996 39	$1,560,455 58
Operating expenses	575,619 70	824,919 49	792,339 80	862,124 27	1,094,207 14
Net traffic receipts	$580,932 66	$747,468 58	$615,963 35	$591,872 12	$466,248 44
Proportion of expenses	49.77 p. c.	52.46 p. c.	56.26 p. c.	59.29 p. c.	70.12 p. c.

A comparison of the first and last of this series of years gives the following results:

	1873.	1877.	Increase.
Miles operated	385	520	135
Pass. train miles	194,051	303,828	109,777
Fr'ght train miles	200,698	513,591	312,893
Passengers.	74,782	127,986	53,204
Pass. miles.	4,535,950	9,008,250	4,473,300
Tonnage	118,392	221,944	103,552
Ton. miles.	15,275,117	35,909,691	20,634,574
Gross earnings	$ 1,156,552 36	$ 1,560,455 58	$ 403,903 22
Operating expenses.	575,619 70	1,094,207 14	518,587 44
Net revenue	580,932 66	466,248 44	*124,684 22

*Decrease.

These figures indicate the real cause of the present troubles of the company—they have been operating on too low rates; for while the passenger traffic has increased by 99 per cent, and the freight traffic by 135 per cent, the gross earnings have increased only by 35 per cent. The operating expenses in the meanwhile have increased by 90 per cent. The net revenue on the contrary has decreased by 21½ per cent. Had the same rates been maintained in 1877 as in 1878, the gross earnings would have been at least doubled or say for 1877 $2,800,000

The expenses need no revision and we accept those for 1877 at 1,100,000

which results in a net revenue of $1,200,000

—or what under favorable circumstances ought to have been earned on the traffic carried. The road indeed has done double work in 1877 for the same pay as in 1878; and certainly it is impossible for a new road in a yet undeveloped country—largely without population—to hold its own under such circumstances. Such a net revenue as that indicated as within the earning capacity of the road and its equipment, viz: $1,200,000, would be ample for the payment of interest on the whole fixed debt of the company. The following is the general balance sheet made up to December 31 1877:

Capital stock		$5,500,000 00
Funded debt:		
1st mort. 7s, gold	$7,848,000	
2nd mort. 8s	2,907,000	
Con. bonds, 8s	2,052,000	
		12 807,000 00
Funded coupons, 7s gold		2,787,620 00
Bills payable		531,989 25
All other liabilities		349,512 33
Total liabilities		$21,476,119 58
Railroad and equipment		$18,469,759 36
Stocks and bonds		1,275,745 83
Other properties and assets		274,748 36
Materials and fuel		75 532 20
Cash and cash items		56,129 86
Profit and loss		1,324,143 97
Total property and assets		$21,476,119 58

The following is a list of the directors elected at the annual meeting held at Palestine, April 3, 1878: Samuel Sloan, Moses Taylor, John S. Barnes, T. W. Pearsall, of New York; R. S. Hays, H. M. Hoxie, D. S. H. Smith, Ira H. Evans, James H. Baker, of Texas. The board re-elected Samuel Sloan, President; R. S. Hayes, Vice President; D. S. H. Smith, Treasurer; Ira H. Evans, Secretary; Jacob Wetmore, Assistant Secretary.

☞ The receipts of the Patent Office from January 1 to May 1, 1878, were $268,968 26. The expenditures for the same time, exclusive of the $45,000 for repairing models, were $188,377 38. Excess of receipts over expenditures, $75,585 88. At this rate the surplus for the year would be $266,755, a much larger amount than has ever been derived in a single year. Last year there was $121,000 surplus, which was the largest up to that time. The total amount now in the Treasury to the credit of the Patent Office is $1,189,807 28.

☞ The annual meeting of stockholders of the Connecticut Western Railroad, representing the reorganized preferred stock, was held in Hartford, Conn., on the 21st inst. The business for ten months shows the gross receipts to have been $189,732; operating expenses, $153,316 06; net earnings, $36,415 94. Of the $3,200,000 bonds, $1,274,000 have come into the reorganization. The old Board of Directors was re-elected, except Senator W. H. Barnum, who was ineligible, and N. B. Stevens, of Hartford, and Joseph Toy, of Simsbury, who were taken into the board.

The Coal Trade.

For the week ending May 11, the total anthracite production, as reported by the several carrying companies, amounted to 372 158 tons, against 465,616 tons in corresponding week last year, a decrease of 93,458 tons. The total amount of anthracite mined for the coal year is 4,322,636 tons, against 6,027 601 tons for same period last year, a decrease of 1,704,965 tons. The quantity of bituminous coal sent to market for the week amounted to 64,889 tons, against 72,491 tons in corresponding week last year, a decrease of 7,-652 tons. The total amount of bituminous mined for the year is 763,452 tons, against 1,017,362 tons for corresponding period last year, a decrease of 253,910 tons. The total tonnage of all kinds of coal for the week is 436,997 tons, against 538 107 tons in corresponding week last year, a decrease of 101,110 tons. The total tonnage of all kinds of coal for the coal year is 5,086,088 tons, against 7,044,963 to same date last year, a decrease of 1,958,875 tons. The receipts at Perth Amboy for the week ending on May 4th were 7,592 tons, the shipments 8,606 tons, leaving a stock on hand of 61,652 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the first week of May was 86,322 tons, of which 66,-864 tons were coal, and 19,458 tons coke. The total carried for the year is 1,593,474 tons, of which 1,243,218 tons were coal and 350,256 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad carried 73,000 tons of coal last week to Port Richmond, whilst 55,000 tons were shipped thence, leaving the stock on hand at Port Richmond last Saturday about 164,800 tons.—*Phila. Ledger, May* 20.

Massachusetts Railroad Legislation.

The action upon railroad matters of the Legislature of Massachusetts, which adjourned on the 17th inst., is thus summarized in the columns of the Boston Journal:

The most important document which has emanated from the Committee on Railways is their report upon the petition for a million dollar loan to the proposed Boston and Poughkeepsie Railroad. This emphatically declared that it was inexpedient for the State to grant aid to new railroad enprises, and the report was adopted by a large vote.

An important modification has been made in the law relative to the disposal of the additional shares of stock in the case of an increase of capital by railroad corporations. The general railroad law of 1874 provided that such stock should be disposed of at public auction, and this modification allows the directors discretion to apportion the additional stock to the stockholders and give them opportunity to subscribe for the same, to be paid for in cash at par, and then sell the balance at auction.

The controversy relative to the crossing of the tracks of the Boston and Maine by the Lowell and Lawrence has been referred to the Railroad Commissioners for decision.

Measures recommended by the Commissioners in regard to the recording and preserving the record of locations of railroads have been adopted, and propositions relative to the fencing of railroads emanating from the same Commission have been referred to the next General Court.

The amount of capital stock required for a broad gauge railroad company has been reduced from $15,000 to $10,000 per mile, and another important law, relative to new corporations, provides that fifty per cent of the estimated cost of the road must be subscribed and twenty per cent of that amount paid in before proceeding to locate or construct the road.

The proposition to loan six millions of State credit to the New York and New England Railroad in order to protect the interest of the State, which is now the largest stockholder, and a measure which was indorsed by many men of good judgment both inside and out of the Legislature, was the subject of the most earnest debate of the session. A majority of the Railway Committee favored it and a majority of the Committee on Finance opposed it and it was defeated in the House as was a subsequent proposition to provide for the consolidation of this road with the Boston and Providence.

The most important action relative to the Hoosac Tunnel has been the passage of the bill looking to a surrender of the lease the Troy and Boston road holds of the Southern Vermont road, the only existing approach to the Tunnel from the West. The object of this is to give the Erie road, through the agency of Gen. Burt's new line, access to the tunnel. Provision has also been made for depot accommodations at Greenfield and North Adams—matters which have been a long time in dispute.

Pueblo and Arkansas Valley Railroad.

The annual meeting of the stockholders of the Pueblo and Arkansas Valley Railroad took place in this city on the 11th. The following gentlemen were elected directors for the ensuing year: Joseph Nickerson Thomas Nickerson, F. H. Peabody, Isaac T. Burr, B. P. Cheeney, George B. Wilbur, Boston, Mass.; O. H. P. Baxter, M. D. Thatcher, Pueblo.

The directors elected the following named gentlemen officers of the road: Joseph Nickerson, President; Thomas Nickerson, Treasurer; M. D. Thatcher, Assistant Treasurer and Secretary.

Joseph and Thomas Nickerson and Messrs. Peabody, Burr, Cheney and Wilbur were appointed Executive Committee, and W. B. Strong, General Manager.

The Board ordered the General Manager to proceed with the grading of the line in the direction of Leadville from the twelve-mile bridge beyond the points covered by the injunction from Judge Hallett's Court. They are determined to build the line to Leadville with all possible dispatch.—*Pueblo Chieftain.*

☞ We have received from the author, Mr. F. E. Saward, a copy of his Annual Review, "The Coal Trade," giving facts and figures for the year 1877. It forms the fifth consecutive yearly review, issued from the office of the Coal Trade Journal, at New York, of which that gentlemen is the editor. Everyone in any way interested or connected with the trade will do well to possess a copy of this valuable publication. One hundred pages of facts, in cloth, for one dollar; or fifty cents in paper covers.

☞ A company has been organized to work the cement beds and quarry located near the Orange and Ulster county line at Hampton, seven miles north of Newburgh, N. Y. The cement mine averages 30 feet in depth, and is classed by experts as "black and white Portland." The quarry is extensive, and will furnish the bulk of the stone for the Poughkeepsie Bridge caissons. From $300,000 to $500,000 are invested in the new enterprise.

☞ Jos. L. Bailey & Co., of the Pine Iron Works, have purchased one of Riehle Bros. latest improved Testing Machines of 40,000 lbs. capacity for testing boiler plate, &c. This is the same style of machine as adopted by the U. S. Government Inspectors.

☞ The Sutro Tunnel, which is being bored into the Comstock lode, at Virginia City, Nevada, and is nearly completed, has reached a length of 19,511 feet. The tunnel header is now going through soft ledge porphyry quartz and clay, and, owing to the character of this formation, which requires closer and more careful timbering, and to the great increase of heat, the progress of the work is slower than heretofore.

Ashtabula, Youngstown and Pittsburgh Railroad.

At a meeting of the holders of a majority of the bonded debt of the Ashtabula, Youngstown and Pittsburgh Railroad, held in Philadelphia on the 16th inst., a committee was appointed with instructions to foreclose the road, buy it in for the bondholders, and form a new company, under the laws of Ohio. The road, as originally organized, comprised $1,200,000 of common and $350,000 preferred stock, in shares of $50 each. The first mortgage amounted to $1,500,000, and the second to about $500,000. The latter was held principally by the Pennsylvania Company, under which the road is leased. It is proposed to foreclose the road on the first mortgage, buy it in, and then reissue new stock to the holders of the bonds, and a certain proportion of old stock for the new to the present stockholders.

☞ A bill was passed in the Wisconsin Legislature in 1877, offering a bounty of $10,000 for the best practical steam road wagon, and now a commission consisting of two farmers and one engineer has been appointed by the Governor to pass upon the inventions submitted. The day fixed upon for that purpose is June 10th, when some half-a-dozen machines will be entered for competition. As a test, each wagon will be required to carry a heavy load over an ordinary country road for 200 miles, at the rate of five miles per hour.

☞ The aggregate revenue of all the Russian lines amounted in 1873 to 122,932,593 roubles. In 1874 the corresponding aggregate revenue was 140,983,789 roubles; in 1875, 141,018,278 roubles; in 1876, 146,667,168 roubles; and in 1877, 190,-544,142 roubles. The movement of troops and military stores probably largely increased the receipts last year. The yearly receipts per verste worked were 8,741 roubles in 1873, 8,981 roubles in 1874, 8,141 roubles in 1875, 8,252 roubles in 1876, and 10,052 roubles in 1877.

☞ At the annual election for directors of the New York and Harlem Railroad Company, held at the Grand Central Depot on the 21st inst., the following gentlemen, who composed the former Board of Directors, were re elected: William H. Vanderbilt, Cornelius Vanderbilt, William K. Vanderbilt, William C. Wetmore, Augustus Schell, Abraham B. Baylis, James H. Banker, John B. Dutcher, Joseph Harker, Robert J. Niven, Chauncey M. Depew, William H. Leonard, Samuel F. Barger.

☞ The sale of the Chesapeake and Ohio Railroad, which took place on the 2d of April last, when the road was bought by the committee in pursuance of the plan of reorganization, was confirmed by the Circuit Court of the United States at Richmond, Va., on the 21st inst. The reorganization will now be perfected without unnecessary delay.

☞ The old 6 per cent Baltimore City Bonds have been cancelled to the extent of $4,926,719 04. The remainder of the five million is outstanding. The bonds were replaced some time ago by 5 per cent bonds.

☞ The Springfield and Northwestern Company was reorganized on the 8th inst. by the election of the following board of directors: John Williams, John F. Stuart, George N. Black, A. Orensdorff, Bluford Wilson, George Pasfield, A. Iselin, A. F. Stebbins and Wm. B. Stephens.

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further precedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

A. WHITNEY & SONS,

Statistics Respecting the Production and Depreciation of Rails.

Before the "British Iron and Steel Institute," at a recent meeting, an interesting paper on the above subject was read by Charles Wood, C. E. The following is a condensed summary of the address:

The length of railway lines opened in the entire world in 1850 was 18,000 miles; in 1860, 63,600 miles; in 1870, 127,000 miles; and in 1875, 176,400 miles. We thus see that during the last mentioned period the increase has been at the rate of 10,000 miles per annum. If we take the same rate of increase from that date we find at the beginning of 1878 the mileage will be 206,000 miles, 17,000 miles of which are in the United Kingdom alone. I have dealt with these separately, because they are mostly double lines, and laid with heavy rails.

	Miles.
Total mileage of the world	206,000
Deduct for the United Kingdom	17,000
	189,000
To which add for sidings, stations and double lines about 25 per cent	49,000
Total miles outside the United Kingdom	238,000

The 17,000 miles of railway in the United Kingdom are taken as being double. Many are, I admit, single lines, but there are others having four lines, which, with the additions for stations and sidings, it is estimated will bring up the total to that of a double line throughout, or equal to about 34,000 miles of single road. Collieries mines and private lines make also an addition of 12½ per cent more. And if we take the average weight of the rails at 118 tons per mile, we find the total weight of rail to be about 4,500,000 tons now in use in the United Kingdom.

Taking the 238,000 miles above quoted at 108 tons per mile we get the total tonnage of rails in the world as under:

	Tons.
Outside the United Kingdom	25 704,000
Within the United Kingdom	4,500,000
Total	30,204,000

The average life of a rail is calculated at ten years.

	Tons.
We require then for replacement each year	3,020,400
For the 10,000 miles of new railway laid down each year, as before shown, at 108 tons per mile	1,080,000
For private lines, mines, collieries	10,000
Total annual requirements	4 110,400

The make of iron and steel rails in all countries, as far as I have been able to ascertain, is as follows:

	Tons.
United States of America	879,000
Belgium	300 000
Great Britain, exports	586,000
" for replacement	450,000
" new railways	30,000
All other countries	500,000
Total annual make	2.745,000

I have shown, then, that the real healthy demand under ordinary conditions ought to be something like 4,110,000 tons per annum; and that the total make of rails in all countries is only about 2,745,000 tons per annum. There is, therefore, a deficiency in the demand, or, in other words, orders are kept back equal to 1,365,000 tons per annum.

I have endeavored in the foregoing figures rather to underestimate than otherwise, but should they in the main be correct, it shows this very important and very interesting fact, that orders are not coming forward as they should do, chiefly, I suppose, because during times of depression railway companies withhold renewals as much and as long as possible, and, consequently, sooner or later there must be a general rush into the market. This being the case, it is evidently the true policy of every railway company to purchase while rails can be had at a favorable price. The obvious result from such a course would be that trade would be stimulated during a universal depression, and would relieve the demand, with all its evil consequences, when the rush comes.

ESTABLISHED IN 1836.

New York, Saturday, June 1, 1878.

The Pork Trade.

The Philadelphia Enquirer, in discussing the present condition of our pork trade, remarks:

Pork is cheaper to-day than it has been at any time for the past thirty years. This is the result of overproduction in the Western States, where swine raising for some time past has proved a most profitable industry. The decline in prices has been very great, and a number of provision firms in the West and East have failed in consequence, but the trade is not likely to be permanently crippled, because our exports of pork, bacon, and lard are increasing, and it is certain that the product will be reduced to nearly the apparent or estimated demands, foreign and domestic.

This is a mistaken apprehension on the part of that journal. The prime causes which swelled the hog crop of the West still exist, and there is almost a certainty of an increased production for 1878-'79. When the corn crop of the West is large—and almost regardless of price—the succeeding hog crop is large. The corn crops of 1877 and 1878 were the largest ever known. The latter crop is still largely in the hands of the farmer. It is less labor and more profitable to convert his corn into pork even at the present low prices than to sell the corn. When he can the farmer prefers to feed his corn. It is now too soon to predict the amount of this year's corn crop; but if the farmer finds himself tolerably sure of a third great crop, the hog product will be enormously increased as the readiest and most profitable way to dispose of surplus corn. As to any reduction to meet simply the foreign and domestic demand, this answer will be sufficient: An increase of corn means an increase of pork.

The exports of 1877-'78 show an increase over the preceding twelve months, of bacon, 95,000,000 lbs; lard, 87,000,000 lbs.; and of pork, 3,500,000 lbs.; or a total increase of hog product of over 185 000,000 lbs. The exportation of corn to Europe for feeding stock is now assuming an important feature of our trade, but it is not yet sufficient to check materially the production of pork.

New York as a Grain Receiving Port.

In expeditious and economical methods for handling grain New York is behind the times. And especially behind her competitors, Baltimore and New Orleans. Why that condition should be, or should continue, to the plain disadvantage of all parties concerned, the managers of the great trunk lines centering in New York can best explain. For the New York grain merchant the fact stands unpleasantly prominent that he is slowly but surely losing his Western trade, whilst his competitors in Baltimore and New Orleans are gaining it.

Some of the reasons for this state of things may be briefly given here. The distance between Baltimore and the two principal grain delivering points of the West, Chicago and St. Louis, is a little less than between New York and those points. That advantage—a slight one—Baltimore has increased by extensive and cheap terminal facilities, chiefly elevators. New Orleans has the advantage of river transportation from the grain producing centres so cheap and expeditious that no rail route can compete. But New Orleans has an offset to this advantage, 1,200 miles more of ocean carriage between her and European markets than New York has. But New Orleans like Baltimore has reduced her terminal charges to a low point. This economy in reshipment, perhaps more than anything else, is steadily telling against the grain trade of New York.

From September 1, 1877, to February 27, 1878, the exports of Indian corn from New Orleans to European ports amounted to 3,909,522 bushels; an increase over the same period for the preceding year of 2,925,896 bushels. A large proportion of this increase was necessarily at the expense of New York. The transfer charges on grain in New York from rail to steamer are $3 per ton. In New Orleans the cost of transfer or elevating from river to ocean craft is ¾ cent per bushel; or less than half the cost in New York. In addition to the high cost the New York process is slow and clumsy beside the cities named. Is there any good reason for the continuance of this losing policy? None apparently. On the contrary, the real interest of each trunk line entering New York would seem to lie in having the most ample facilities, by this is meant the most economical and expeditious modes for handling grain.

The ordinary grain elevator of the West is today, like the steamship, a factor of such importance that it represents a value of millions in the economical tables of our commerce. Yet New York, the principal grain exporting port of the country, is almost without elevators or other cheap facilities for handling grain. If there is any reason why terminal charges at this port should be twice as great as in New Orleans it does not now appear. And it would seem to be alike for the interest of the trunk line and the grain merchant to have the charges reduced to a minimum. But until it is done other ports will continue to thrive at the expense of New York.

Investigating American Railroads.

One of the European steamers leaving New York this week will carry among its passengers Messrs. W. Reynolds and T. F. Wurts, English consulting engineers of considerable experience. These gentlemen were sent to this country about two months ago by a combination of English capitalists, large investors in American securities, with instructions to investigate into the nature and character of the bonds issued by the leading railroads of the United States, together with their total bonded indebtedness and the laws of the different States by which the railroads are affected. In fulfillment of this trust the agents have trav-

eled over the country from Maine to California and the result of their labors takes the form of a voluminous report, which, however, is not intended to be made public.

One of the agents, who was recently in Philadelphia, stated in conversation that a portion of it would be devoted to an elaboration of the system of chattel mortgaging, to which many of the American railroads have resorted, so that the rolling stock is mortgaged to the builders in default of full payment, and the document will declare that bonds of lines which are thus involved are literally good for nothing. The agents also suggest that the whole of the American railroads should be governed by the Central Government, instead of being subject to State laws, which, in many cases, are calculated to retard their financial development. A glowing eulogium is paid to the present management of the New Jersey Central in which they make the prophecy that under the control of Receiver Lathrop and Mr. Knight, it will become a solid and firm dividend-paying road in a very few years.—*Phila. Record.*

Anthracite Coal in France.

The introduction of this great staple of commerce is an accident of the Exhibition; and, if successful, will soon compensate the United States for all expenses incurred in sending goods to Paris. Mr. Edward A. Quintard, who represents the Philadelphia and Reading Railroad Company, in bringing over a 40-ton railway engine for the Exhibition, freighted a vessel with anthracite coal, which is being purchased in Havre at good prices by the French iron manufacturers for experiment in their furnaces. Of the result of the experiment there can be no doubt; the superiority of anthracite in blast furnaces is well known in America, and it has only to be known in Europe to create an unlimited demand for an inexhaustible American product. This opens a new commercial prospect of inestimable importance, which will make Philadelphia and Reading stock "buoyant" and also the spirits of the American coal men. France will want millions of tons per annum.—*American Advertiser, Paris.*

From the Philadelphia Ledger.

Machinery Freights to South America.

Mr. Editor:—We are in receipt of a letter from an American mechanical engineer residing in Peru, South America. The account which he gives of the difficulty of introducing American manufactures into that country is so apropos to the efforts now making in our community to secure a portion of the South American trade, that we are induced to enclose you the following extracts therefrom, in hopes that its publication in your columns may serve a useful purpose:

"Yours of the 17th was received too late, as we were under the necessity of ordering from England principally on account of high rate of freights from the United States, there being at that time over forty dollars' difference per ton in favor of English trade."

"You must understand that the high rates of freight give the English a great advantage over the United States in the way of machinery; as machinery can be shipped from England at 30 shillings per ton, and coal at 17s., while at present the rates from New York are about fifty-four dollars. This is largely owing to a monopoly by one house."

"American machinery of all kinds is much better liked than English (and I think with good reason, too), but owing to facilities for shipping and their commercial relations (there being many English houses here, who order direct, and thus avoid the enormous commissions paid in New York,) by far the greater portion of machinery is English, except locomotives, which are nearly all American."

"You will be surprised when I inform you that I know of three American locomotives, 24 ton engines, 12-inch and 22-inch cylinders, that cost $15,000 silver, each landed in Peru, and this when Peruvian soles or dollars were worth the same as greenbacks in New York."

"This is but a fair specimen of transactions in general in machinery from the U. S."

We trust that information of this character may help to arouse our merchants and shippers generally to the inexpediency of the policy they now maintain of high freights and exorbitant commissions.

It will certainly be impossible to wrest from England the supremacy of trade she has so long enjoyed with these countries until we can reduce our freights and commissions, so as to compete favorably with her. Very truly,

F. & M.

Grand Trunk Railway of Canada.

The revenue statement of this company, as reported in Herapath's Railway Journal, is as follows:

	1878.	1877.	Inc.
Gross receipts.....	£154,485	£153,407	£1,078
Working expenses..	123,715	120,871	2,844
Net profit	£30,770	£32,636	*£1,760

* Decrease.

Note.—The working expenses for 1878 include extra charges for renewals of road and engines of £4,931.

Aggregate for three months from January 1 to March 31, 1878:—

	1878.	1877.	Inc.
Gross receipts....	£463,068	£430,713	£32,355

Compared with the previous year the gross earnings show an increase of $5,728 19, with a decrease in expenses of $7,996 04—making the increase in net earnings $13,724 23. The report says:

In view of the unfavorable circumstances and results which have attended the railroad and other business interests of the country during the year, we think that the stockholders of this corporation have no particular reason to complain of the operations of their road as above stated. The property has been kept in good condition; taxes, in the aggregate, exceeding one per cent, have been paid to the state and towns; dividends to the amount of five per cent have been made to the stockholders; and a balance of $22,410 10 from the net earnings of the year has been added to the income account. And the affairs of the road, in other respects, have been placed in good position. The arrangements which formerly existed with the line of road above, exposing this road to contingencies and liabilities outside of its own limits, and, in a great degree, beyond its control, have been changed by new contracts more satisfactory in form, as well as in their pecuniary results. New contracts also have been concluded with all the roads in the line below to Boston, and on better terms than heretofore. And the receipts of the road from its interests in the Sullivan and the Concord and Claremont roads hereafter will be materially increased.

The effect of these improvements in the condition of the road have, in some degree, been felt during the past year; but they will be greater when the improvement of business generally shall come to give them greater operation. And though it is not probable that the road will, at least for some time to come, again reach the high rate of dividends which were made during the late period of inflation, yet we think that such a revival of business, as it seems reasonable to expect ere long, will be sufficient to make such dividends to the amount of six per cent yearly.

The Peterborough and Hillsborough Railroad will be completed and commence operation in July next. That road will extend the line which now exists from Concord to Hillsborough into the southwestern section of the State, and to important railroad connections beyond, and thus add to the value of the portion between Concord and Hillsborough, in which this corporation has a large interest. And a further connection of the line is now in course of construction from the junction in Hancock to Keene, which will open a new and very direct communication, via the P. & H. R. R., between Cheshire county and the central and eastern portions of the State. And in view of the importance of the line for the proper protection of the interests of this corporation above referred to, even without any other advantages, the directors have, as suggested in their annual report for last year, deemed it advisable for this corporation to lend what aid it could for the success of those enterprises. They hope that in course of time the new roads will prove, as sources of business also, advantageous to this corporation.

During the year 705 tons of new iron and 503 tons of steel rails, and 50,690 new sleepers, have been laid in the track, and 8,450 tons of rails have been repaired and relaid. One passenger engine and one freight engine have been built over, and eleven freight cars have been built to supply the place of others; and the road and furniture are in good condition.

The equipment of the road March 31, 1878, was as follows: 12 passenger and 18 freight locomotives, 421 long and 101 short merchandise cars, 14 passenger, 1 mail, 2 mail and smoking, 7 baggage and 19 gravel cars. Number of miles run by passenger trains, 190,213; by freight trains, 259,237; by other trains, 2,292—total, 451,742. Number of passengers carried, 136,903; do. carried one mile, 5,158,786. Tons of merchandise carried, 399,879; do. carried one mile, 25,323,409.

Rapid Transit in Brooklyn.

At a meeting of the Brooklyn Rapid Transit Commission on the 27th ult., Mr. Charles E. Emery, a civil engineer, presented a petition asking that a route for a rapid transit railway should be designated as follows: from Fulton Ferry, through Water and Washington streets (with branch to bridge terminus) to Myrtle avenue, thence to Nostrand avenue, with branches through Nostrand and Vanderbilt avenues to Atlantic avenue; from Myrtle avenue through Classon and Kent avenues to the foot of Broadway, E. D, and from Nostrand avenue through Kosciusko street, to Broadway, and thus to East New York. Dr. R. H. Gilbert presented seven plans of his system of elevated railway in New York for the consideration of the Board. His purpose was to build a railway with the least possible obstruction to transit on the surface and which would not interfere with property along the line. His plans, he claimed, were practicable and were adapted to almost every financial condition of the pockets of the people. Dr. Gilbert then proceeded in detail to explain the merits he claimed for his various plans. In seeking an investment of capital the projectors of rapid transit must deal with a conservative element which claims the right to dictate as to the system of the road to be built, and it was therefore their object to overcome all reasonable objections by presenting the best and most economical system, adopting all that is meritorious in the several plans. He recommended the plan which dispenses with iron floor beams and uses wood instead, as it has the advantage of cheapness, and should they wear out in ten or twelve years they could readily be replaced. If it should become necessary to adopt the system now in use in New Church street on the bridge it could readily and safely be done by resting the columns on transverse girders. The charter of the Gilbert Railway provides for "a system" of railways to be constructed from the Battery to Kingsbridge, and it was in pursuance of this privilege that the various plans had been perfected. The Sixth avenue plan, Dr. Gilbert believed, came nearer to what he considered would be best and most popular in Brooklyn. As to the effect of the road upon the value of real estate in Sixth avenue, he had heard of no diminution in rents. In some cases he had heard of an increase. Dr. Gilbert left his plans with the commission for their consideration.

Production of Rails in the United States in 1877.

We have received complete returns from the manufacturers and from our correspondents of the production of iron and steel rails in the United States in 1877. The total production of both kinds of rails in that year was 764,709 net tons, against 879,729 tons in 1876, 792,512 tons in 1875, 729,413 tons in 1874, 890,077 tons in 1873, 1,000,000 tons in 1872, and 775,733 tons in 1871. Of the total production in 1877, 332,540 net tons were iron rails, against 467,168 tons in 1876, and 432,169 net tons were steel rails, against 412,461 tons in 1876. These figures show a decrease in the production of iron rails of 134,628 net tons, and an increase in the production of steel rails of 19,708 net tons. The total production of rails in 1877 was 114,920 net tons less than in 1876.

The following table shows in detail the production of iron and steel rails in this country since the beginning of the manufacture of steel rails:

	Iron rails, all kinds. Net tons.	Bessemer steel rails. Net tons.	Total. Net tons.
1867	459,558	2,550	462,108
1868	499,489	7,225	506,714
1869	583,936	9,650	593,586
1870	586,000	34,000	620,000
1871	737,483	38,250	775,733
1872	905,930	94,070	1,000,000
1873	761,062	129,015	890,077
1874	584,469	144,944	729,413
1875	501,649	290,863	792 512
1876	467,168	412,461	879,629
1877	332,540	432,169	764,709

The following table shows the production, in net tons, of rails of all kinds in the United States, from 1871 to 1877, arranged by States:

States *	1871.	1872.	1873.	1874.	1875.	1876.	1877.	Percentage in 1877.
Pennsylvania	335,604	449,113	338,529	259,288	255,136	253,926	347,968	45.51
Illinois	91,178	107,496	136,102	126,103	168,246	161,490	130,762	15.78
Ohio	75,783	138,165	130,326	82,561	91,775	100,799	82,870	10.76

*In the order of their rail production in 1877.—*Bulletin of the Iron and Steel Association.*

Our Railroads.—Good Times for them.

While dullness of trade is the almost absorbing topic in financial and mercantile circles, there is one feature peculiar to our American people—a desire to travel; and from reliable information we have gathered that our railroads are doing well in this respect, the passenger travel being fully up to the average of ordinary times.

The season is near at hand for summer travel, which is largely increased by excursion rates, and several of our companies are issuing illustrated pamphlets of beautiful design showing "where and how to go."

Our main trunk lines show an increase of freight and express matter, which is an important source of revenue to their treasury; and the immense shipments of last year's crop from all accounts have not ceased to find their way over railroads to this market.

We congratulate our numerous railroad patrons upon such good prospects ahead for them; and in connection with the above we will add the receipts and shipments of grain at Chicago, as reported by telegram under date May 27th. The dispatch says:

The unprecedented movement of grain in this market is attracting considerable attention and indicates a great revival of business. Last week the aggregate receipts of all cereals were 3,690,871 bushels. The aggregate shipments were 3,105,223 bushels. Besides this there were received 48,172 barrels of flour and shipped 49,626 barrels. Computing the flour as wheat this shows an aggregate movement for the week of 7,285,084 bushels of grain—figures never before reached in this or any other city on the continent. To day's movement was larger than any hitherto recorded; 2,524 car loads of grain came in, of which 1,966 were corn, and 43,400 bushels of grain came in by the canal. The receipts in bushels would therefore be for to-day, including flour, 817,733; shipments 602,755; total movement for the day, 1,420,488 bushels.

Thomas Patent Indicator.

The attention of railroad officers is directed to the advertisement of the Thomas Patent Cash and Ticket Indicator. As we understand it, it is merely a receptacle for all cash and tickets collected on the trains. Upon the arrival of the cars at the station designated by the proper officer, the agent unlocks the boxes, takes out the tickets, or, as they may properly be termed, receipts for cash collected. It is a great improvement over the boxes on the stages and horse cars, and is often up expressly for steam railroad cars, and as it seems to us cannot fail to accomplish the object for which it is intended.

☞ We are in receipt of an Illustrated Price List of Messrs. Riehle' Bros., of Philadelphia, Manufacturers of Scale and Testing Machines. It is beautifully illustrated, describes the varied assortment of goods they manufacture, and also contains an elaborate cut of their extensive works—which are widely known and date back many years.

☞ Articles of incorporation have been filed with the Secretary of State of Ohio of the Cincinnati and Hamilton Narrow Gauge Railway, with termini at Cincinnati and Hamilton, passing through the counties of Hamilton and Butler, capital stock $500,000, in shares of $50 each, by David Peters and others.

Mining in Idaho.

The Silver City, Idaho, Avalanche says that the mining outlook is slowly and steadily improving, and then adds:

There are several thousand tons of rock at various mines in this vicinity awaiting crushing, and a very large proportion of it will yield not less than $50 to the ton. The bullion shipments from this point have averaged a thousand dollars a day since the first of the month, and with the prospects of the introduction of fresh capital to work many of the mines, and the preparations going ahead to start more of the mills, it is reasonable to predict a better yield this season than we have had for a long time. Capital is our great want, and parties who have been inspecting the mines here recently in the interest of capitalists, seem well satisfied with the prospect, being convinced that there is no section of the Pacific coast where judicious mining operations will pay better than they will in Idaho.

Resources of Alaska.

An Alaska correspondent of the San Francisco Chronicle gives a very flattering account of the resources of the Territory. The fisheries are among the most prolific. As many as 7000 salmon have often been taken at one haul of the seine, some of them weighing from 45 to 100 pounds apiece. Those caught at Cook's inlet are said to be the largest in the world. The quartz mines eight miles from Sitka are highly spoken of. Already ten well defined ledges of gold bearing quartz have been discovered and eight mines located. Those ledges have been traced for three miles. A Russian engineer gives as his opinion that these will average $32 per ton throughout. Experienced miners confidently predict that Alaska will ultimately yield more precious metals than both California and Nevada have. Coal, marble and galena abound in addition to silver and gold.

☞ At an adjourned meeting of the directors of the Chicago, Burlington and Quincy Railroad Company, held in Boston on the 25th ult., the resignation of the President, Hon. Robert Harris, was accepted, and J. M. Forbes was unanimously elected in his stead. Mr. Harris was chosen Consulting Engineer of the road, but, owing to his impaired health, he will doubtless refrain from active service in any capacity at present. C. E. Perkins continues in office as the Vice President and General Manager of the road in the west.

☞ The directors of the Ohio and Mississippi Railroad company, at a special meeting at Cincinnati on the 22d ult., adopted unanimously the recommendation of the Committee looking to the relief of the company of the floating debt and other obligations and its restoration to the hands of the stockholders. President Parsons, Messrs. W. W. Scarbrough, Robert Garrett, W. T. McClintick and H. M. Day were appointed a committee to carry out the views of the Board.

☞ The Boston and Providence Railroad Company has placed on Conductor Boyd's Dedham train one of the finest smoking cars that runs out of Boston. It was built at the shops of the company in Roxbury, and is a model of beauty and convenience.

☞ The Virginia Telegraph line, including the branch from Alexandria, via Leesburg, Hamilton, &c., to Purcellville, Loudoun county, has been purchased by the Western Union Telegraph Company, by whom it will hereafter be operated.

Railroads in New Hampshire.

A correspondent, writing from Concord, N. H., says there are indications of some lively skirmishing on railroad matters at the coming session of the Legislature, and then adds:

The Portland and Ogdensburg Railroad will make another attempt to get their charter so amended that they can complete their route without passing through the town of Littleton. What that corporation desires is an independent track from the Fabyans to Dalton, this State, where they now run over the iron of the Boston, Concord and Montreal line. It is reported that there will be a movement to secure a charter for a narrow gauge road from North Stratford, on the Grand Trunk line, through Columbia, Coldbrook and Canaan, Vt., to the Canada border, in opposition to the contemplated extension of the Montreal road. Notice has been given of intention to ask for a charter for a narrow gauge railroad either from Littleton or from Bethlehem to the Profile House.

The North and West Illustrated.

Before us we have a copy of the above, compiled by W. H. Stennett, General Passenger Agent Chicago and Northwestern Railway Co., and which is under the able management of an enterprising and widely known gentleman throughout the Northwest—Mr. Albert Keep, President. Its history and consolidation is exceedingly interesting, showing rapid growth and now forming two grand trunk lines, connecting as it does with the Union Pacific thence to San Francisco. It contains beautiful illustrations of Far-West scenery and summer resorts, altogether making a valuable auxiliary to the tourist either for business or pleasure.

Texarkana.

The city of Texarkana is built at the junction of Texas, Arkansas and Louisiana. It received its name in 1819, when an enthusiastic surveyor, while running the lines, blazed the three fragments of the names of the new States on a tree, and predicted that a great city would be built there. Three years ago, when the town was founded, the name, still to be seen on the old tree, was adopted, and the prediction seems in a fair way to be verified, as the town now has 3,000 inhabitants, and is an important railroad crossing.

☞ The allotments for June made at the recent meeting of the Anthracite Board of Control were the following: Philadelphia and Reading Railroad Company, 633,000 tons; Lehigh Valley Coal Company, 304,000 tons; Central Railroad Company of New Jersey, 219,000 tons; Delaware, Lackawanna and Western Railroad Company, 205,000 tons; Pennsylvania Railroad Company, 125,000 tons; Delaware and Hudson Canal Company, 141,000 tons; Pennsylvania Coal Company, 107,000 tons—total, 1,734,000 tons, against 2,125,000 tons for the corresponding month last year. This will make the total allotment to July 1st 7,000,000 tons.

☞ The Chicago, Rock Island and Pacific Railroad Company has leased the Keokuk and Des Moines Road for a term of years. The latter line is 161 miles long. The contract commences Oct. 1.

☞ The Camden and Atlantic Railroad Company have added four new Woodruff parlor cars to its rolling stock for use on their express trains.

American Railroad Journal.

Saturday, June 1, 1878.

Financial and Commercial Affairs.

A much more cheerful temper has been apparent in financial and commercial circles. The activity in the movement of domestic produce toward the seaboard, the very free export operations, the resulting advantages to the great carrying interests, and the remarkable ease in Money at this centre, have served to strengthen confidence; and the improvement in this respect has been clearly indicated by the unusual animation and buoyancy in the market for investment securities. Call loans have been quoted here at from 2@4½, with 3 per cent as the basis of the principal negotiations, and very choice to strictly prime mercantile credits were rated at 3½@5½, the best grades passing readily at 3½@4 per cent per annum. The City bank exhibit of last week indicated an increase in the loan and discount average of $874,600, and a further contraction in the item of circulation of $6,500. The average of deposits was cut down $700,800. The legal tender reserve was enlarged $3,008,800; and the specie average reduced $3,208,100. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $14,104,675, against $14,128,775 the preceding week, and $17,608,550 the week ending April 20th (the latter the highest aggregate yet reached this year.) The City bank exchanges in currency reached $851,364,165, or a daily average of $58,560,694.

The outstanding amount of legal tender notes is $346,681,016. The National bank circulation is now $322,688,112 of currency notes and $1,482,-

120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $5,877,000.

Government Securities have been quite freely purchased, on investment account, and prices have been again quoted generally stronger, closing on Wednesday firmly, on comparatively light offerings of most issues. At the close on Wednesday the current quotations were as follows:

United States 6s, 1881, registered, 108⅝@108⅞; do. coupon, 108⅝@108¾; 5-20s, 1865, new, registered, 104⅝@104¾; do. coupon, 104⅝@104¾; do. 1867, registered, 107⅜@107⅝; do. coupon, 107⅜@107½; do. 1868, registered, 109@109½; do. coupon, 109¼@109½; ten-forties, registered, 107½@107¾; do. coupon, 107½@107⅝; five per cents, 1881, registered, 105¾@105⅞; do. coupon, 105⅝@105¾; 4½ per cents, 1891, registered, 103⅝@103⅞; do. coupon, 104⅝@104¾; 4 per cents, 1907, reg., 101¼@101½; do. coupon, 101¼@101⅜; sixes, currency, 121⅝@122; Central Pacific gold bonds, 108⅛@108½.

It was announced at the close of last week that, for the present at least, the refunding loan Syndicate have for sale no more U. S. 4½ per cent bonds at any price, the market price having advanced to about 103 gold and accrued interest.

The reported subscriptions to the new popular four per cent Government loan have been, thus far, nearly fifteen millions.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $348,894,350, and $13,868,000 as security for public deposits.

The income of the Government from internal revenues last week was about 2½ millions, and from Customs last week about two millions.

More demand has been noted for State bonds on investment account, at generally higher prices. Railway Mortgages of the better class have met with a very ready market, to an unusually large aggregate, the investment demand having been extraordinarily brisk, and prices much higher and buoyant. And in the line of Railway and Miscellaneous share property a livelier business has been reported, at decidedly firmer prices.

Gold has shown considerable activity and firmness. The speculation has been favored to some extent by the reports and rumors from Washington, relative to the political situation. The Customs and export drain has been moderate. The extremes during the week have been 100¾@101⅛, closing on Wednesday at 101⅛ as against 100¾ on Wednesday of the preceding week. The specie outflow last week was only $104,303—making the total exports of specie hence since January 1, $7,801,576 against $14,797,274 the same time in the preceding year. The imports of specie at this port last week were to the amount of $336,975 (chiefly from the West Indies and Central America), and since January 1st have been $11,625,897 as against $6,837,764 same time in the preceding year. The Customs demand for gold in the local market last week reached $1,501,035 or an average of $250,172 per day.

Foreign Exchange has been in less request at a further reduction in rates. Bankers' sixty day bills on London closed on Wednesday at $4 83¾@$4 84⅛; sight bills on London at $4 86@$4 87 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $4,260,532 as against $6,782,681 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $846,949 of Dry Goods, and $3,413,583 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were to the aggregate value of $6,665,896 against $4,827,590 same week in 1877; and since Jan. 1 have been $140,367,966 against $106,699,604 same time last year.

Metals have attracted less attention and have shown less firmness. Iron has been moderately dealt in. Eglinton Pig Iron quoted at $22@$23; Glengarnock $23@$23 50; Coltness $24; No. 1 American Pig at $16 50@$18 50; No. 2 do. at $15 50@$17. Forge $15@$16. New Iron Rails at works $33@$37. Old Rails $18@$18 50. Wrought Scrap $20@$21. Steel Rails, on the basis of $43@$45. Ingot Copper for prompt delivery has been rather more sought after on the basis of 16⅜@16½cts.

Of the important business in Metals were sales of 10,000 tons Steel Rails, deliverable in California during the Fall months, and 1,000 tons do., deliverable here on p.t.

Business in Produce and Merchandise has been quite active, but prices have been again quoted lower and irregular. Breadstuffs have been offered very freely, and Flour, Wheat, Corn, Rye and Oats declined sharply, on a fairly active and home trade movement. Provisions have been moderately sought after at irregular figures though toward the close hog products were quoted somewhat steadier. Cotton has been more freely dealt in leaving off stronger. Naval Stores and Petroleum have been in generally slack demand and quoted variable as to price. Foreign merchandise has been in less request and values have been quoted somewhat depressed and unsettled.

A moderately active movement has been reported in the line of Ocean freights which have been quoted somewhat firmer, in most instances. The Grain carrying movement has been the most satisfactory. For Liverpool steamer rates at the close for Grain, quoted at 8d. Flour, at 2s. 6d.@2s.9d. Provisions, 30s.@40s.; Leather, 50s. Measurement Goods at 20s.@23s. 9d. per ton; Cotton, ⅛d. per lb. Liverpool, by sail. Cotton, ¼d. Grain at 6@6¼d.; Flour, 2s.; Measurement Goods, 15s. Tobacco 25s.; Oil Cake at 20s. Grain rates on charter hence for Cork and orders left off at 5s. 9d.@6s.; for the Continent Grain at 5s. 3d.@6s. 6d. and from Baltimore for Cork and orders, 5s. 9d.@6s. and from Philadelphia at 5s. 9d.@6s.; from Boston at 5s. 6d.@5s. 9d. and from Portland at 5s. 9d.@6s., and to the Cape of Good Hope 40s. per ton, and from San Francisco to the United Kingdom (next crop) at 50s.@55s. Refined Petroleum hence for Liverpool at 3s. 6d.@3s. 10½d.; Cork and orders, 3s. 9d.@4s. 3d.; for the Continent, 3s. 6d.@4s., for the Baltic at 4s. 6d. @5s. and Java at 32@35ct. and Japan 37½@45cts. and for French ports (crude) at 3s. 9d.@4s. 3d. Gibraltar and orders at 4s. 6d.@4s. 9d.@5s. 6d. @5s. 9d.; do. in cases, from N. Y. to Italian ports, at 25@28ct. and Adriatic 28@32cts. Cotton by sail from New Orleans to Liverpool 5-16d.; Ky. Tobacco from New York to Spain at 30s.@32 6d. and to France at 32s. 6d.@35s. Naval Stores from Wilmington for Cork and orders at 3s. 9d.@4s. and 5s. 9d.@6s. Lumber from New York to Montevideo at $14 and 5 per cent primeage. Savannah to Cadiz $15. Savannah, Brunswick or Union Island to the River Platte $18@$19. Deals from St. John (N. B.) to Liverpool at 65s.@68s. 9d. Through Provision freight room by steam from the West for Liverpool quoted at the close at 44@50ct. per 100lbs. as to routes.

The Grain freight contracts on Tuesday reached the very large aggregate of 810,000 bushels, of which over 550,000 bushels where for shipment hence, chiefly by sail for Cork and orders—and this important movement tended to strengthen ocean freight rates.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

☞ The directors of the Pacific Mail Steamship Company, elected on the 29th ult., are: David S. Babcock, Henry Hart, John Riley, Samuel Phillips, Wm. Remsen, Wilson G. Hunt, James O. Sheldon, Charles F. Livermore and John H. Mahony.

☞ W. H. Gebhard, A. R. Van Nest and John Elliott have been elected directors of the Illinois Central Railroad Company, to serve until May, 1881.

☞ The business of the express companies thus far this year has been 20 per cent in excess of that of the corresponding months of 1877.

☞ The net earnings of the Chicago, Burlington and Quincy Railroad for the three months ending March 31, 1878, were $1,313,964, against $1,016,440 for the corresponding period of 1877—an increase of $297,524.

Pennsylvania Railroad.

The statement of the business of the Pennsylvania Railroad Company of all lines east of Pittsburg and Erie for April, 1878, as compared with the same month in 1877, shows an increase in gross earnings of..... $163,101
A decrease in expenses of..... 132,640

An increase in net earnings of..... $295,741
The four months of 1878, as compared with the same period in 1877, show an increase in gross earnings of..... 261,523
A decrease in expenses of..... 299,944

An increase in net earnings of..... $561,467
All lines west of Pittsburg and Erie for the four months of 1878 show a deficiency in meeting all liabilities of $26,824, being a gain over the same period in 1877 of..... 327,839

Making the total gain in net earnings for the four months..... $889,306

☞ Riehle Bros., Proprietors of the Philadelphia Scale and Testing Machine Works, have just received an order from the Pennsylvania Railroad Co. for a 50 ton Testing Machine, and are at work upon one of 100 tons capacity for the Chicago, Burlington and Quincy Railroad Co. These, together with six other machines of various styles and capacities, will keep the Testing Department busy for quite a while to come. Also a 25 ton spring tester for the Pennsylvania Railroad Co.

☞ The directors of the Chesapeake and Ohio Canal have decided to issue at once a portion of the $500,000 bonds authorized at the recent session of the Legislature for repairs to the canal, etc. The amount to be issued is understood to be about $200,000.

☞ The earnings of the Philadelphia and Erie Railroad for the month of April, 1878, were $215,090, the expenses $149,273 09, and the net earnings $65,816 91, against $62,585 96 in April, 1877, an increase of $3,230 95.

☞ One hundred and fifty men are employed upon the Dayton, Grand Ronde and Dallas (Oregon) Railroad. The locomotives, rolling stock and the first shipment of rails were to have arrived at San Francisco on the 30th of May.

☞ Albert H. Carroll has been elected President, and R. J. Capron Secretary and Treasurer of the Baltimore and Hampden Passenger Railroad Co.

☞ The first mortgage to secure the payment of $85,000 of the bonds of the Pennsylvania railroad in Maryland was filed for record in Cumberland, Md., on the 22d ult.

☞ The vote in Danville, Va., in favor of a subscription of $60,000 to the Danville and New River railroad was carried by a vote of 919 in favor to 9 against.

☞ The receipts of the London and Port Stanley Railway for the half-year ending January 31, 1878, were £8,289, the expenses £7,366, and the net earnings £923.

☞ It is expected that the railroad between Oakland and Bantas (Cal.) will be in operation in about two months.

Boston, Hoosac Tunnel and Western R. R.

The new railroad enterprise designed to give Boston better facilities than she now possesses for securing Western business, and in which Gen. Wm. L. Burt is the prime mover, is now on the high road to success, and the Boston, Hoosac Tunnel and Western Railroad will very probably be in partial operation by the 4th of July. It is Gen. Burt's confident expectation at least that upon that day an excursion train over Eagle Bridge will be run. Gen. Burt. has pushed his project with an energy worthy of the success thus far achieved, and with the privilege accorded by the Legislatures of New York and Massachusetts, together with a heavy financial backing, has little if any reason for feeling other than confident of carrying out his plans.

The new road is to be built for cash, at the most favorable prices, through an admirable location and with valuable possibilities to be developed at some future time. Already the work is in rapid progress, and encouragement smiles upon the enterprise in every step. Between Mechanicville and Eagle Bridge the amount of work that has been accomplished is astonishing, and the scene of operations presents a busy picture, no less than 350 men, with a proportionate number of teams, derricks, steam engines, tramways and several canal boats, being employed. Just now the new bridge is the principal scene of operations. The junction with the Delaware and Hudson Company's track at Mechanicville has been completed, and a finely graded road bed and track finished for a distance of one mile and three-fifths, when the canal bank is reached. The entire route from the junction stated to Eagle Bridge maintains a steady but easy ascending grade at the uniform rate of 26 feet to the mile, curves and switches being reduced accordingly so as to bring the amount of resistance to the same proportion. When the canal is crossed, at the river bank, the track has, therefore, reached an elevation of 35 feet above ground.

An extensive abutment has been built on the west bank of the canal. An iron truss 85 feet long spans the canal. From there to the river edge a viaduct has been erected of iron work, composed of 14 trusses, 27½ and 50 feet in length alternately, making a total length of 778 feet from the canal to the river edge. This structure is made entirely of iron, brought from Clark, Reeves & Co.'s Phœnixville bridge works, Philadelphia. The masonry is an important item in the work. Under the viaduct are 42 sections on which the post feet rest, and these are securely imbedded in the solid rock. The piers of the bridge are eight in number, not including the two large abutments on either bank. The piers are 28 feet above the water in the river and have been sunk two feet into the solid rock bed, insuring them against damage from water-wash or action from the swift current that flows at this point. Each pier is thus 30 feet high, contains 235 cubic yards of stone, weighs 340 tons, and costs $5000, making a total of $40,000 for the river piers alone. The stone was all procured from Mr. Slade's quarry near Saratoga Springs. The blocks vary in weight from one-half to two tons. The piers are constructed after the Ashler plan, the blocks having been hewn out and shaped before hoisted into position, and are laid in regular layers or courses. The top coping is 7x23 feet, when ready for the iron. At present only five of the piers are completed, owing to the recent high water, and several accidents to the trestle work, portions of which have been washed away at separate intervals. It is believed, however, that they will be completed in 30 days, although the bridge builders will be prepared to finish their contract much sooner, having the material all on hand. The entire cost of the bridge, when it is completed in conjunction with the viaduct, will not fall short of a quarter of a million of dollars. The cars, in passing over it, will be 70 feet above the water, this elevation affording the passengers a fine view. The trusses on the piers will be 32 feet high, giving a total of 60 feet from base to summit. There will be nine of these enormous trusses, each span being 133½ feet long, giving a total length from shore to shore of 1200 feet, or from the eastern bank of the canal a continued length of iron work of 1971 feet. The magnitude of this is increased, however, when it is known that the entire structure is 22 feet wide, provides for double tracks, is tested to stand 8000 pounds strain to the lineal foot, and the contractors guarantee to place a double train of the heaviest locomotives thereon as a test of its security. The total amount of iron used in the construction of this work is 1700 tons. The iron cost $100,000 and is placed in position at the contract rate of $5 per foot, making cost of construction about $10,000. The iron work is certainly of an improved style. The large upright posts are riveted together, round in form, made from wrought iron, and so put together that in all seasons a draft will be given from base to top, thus keeping the iron cooler in summer, dryer at all times, and less sensitive to heat, dampness or cold, while preventing in a large degree the greatest danger to iron bridges —rust. So accurately have all the pieces been made that it has hardly been necessary to make any alterations when they were placed in position. Daniel R. Kelley, constructing engineer for Clark, Reeves & Co., has charge of the iron work, and Milford Berrian is constructing engineer for the railroad company on the nine miles of track extending west from Mechanicville, including bridges and everything.

In addition to the iron structures already mentioned, the company will erect several smaller bridges, including two at Schaghticoke, one of three spans of 103 feet each, and one of six spans of 62½ feet each. A creek at Mechanicville will be bridged. Double gangs of men are working day and night on the river piers, in order to hasten their completion.

The track of the new railroad will be laid from Mechanicville to Eagle Bridge. When approaching and leaving the river bridge the route makes a four mile horse shoe curve, which was necessary in order to secure a proper grade, because the freight traffic that is expected from the Erie road will be very large, it is said, and although the locomotives now building for the new company are of the "consolidation" pattern, and weigh 100,000 pounds each, of which 88,000 pounds is on eight driving wheels, it is intended to alleviate the strain as much as possible.

The grading and filling of the roadbed through and over the hills in the town of Schaghticoke has been laborious, but owing to the cheapness of labor, the rate of cost for building has been very slight, so that the cost outside of superstructure has been $18,000, and the total cost $25,000 per mile. This statement, if reliably made by the builders, shows a remarkably low expense, as the filling in or excavating averaged 30,500 cubic yards to the mile, and 100,000 yards between the junction and canal. This roadway is expected to be completed, equipped with steel rails and ready for trains within two weeks. Instead of building stone culverts the company are using iron pipes, which vary from two to four feet in diameter, and are protected by masonry walls at the ends. In the villages of Valley Falls and Schaghticoke the track will be in close proximity to the factories, and commodious freight houses and depots will be erected.

The Boston, Hoosac Tunnel and Western Railroad Company has made an arrangement by which the former will assume entire control of the Rutland and Washington Railroad, now leased and run under the name of Rensselaer and Saratoga Company. Trains will start from Salem, N. Y. The machine shops and round house of the latter company, situate at Salem, but recently abandoned, will be put in operation again. Until the track is finished from Eagle Bridge to the Hoosac tunnel, freight and passenger trains will be run from Mechanicville over the present road-bed to Eagle Bridge, thence to Rutland and so on east, it is believed, via the Fitchburg route into Boston. General Burt expects to have his route finished through the Hoosac tunnel in four months of working time. The company has a large quantity of rolling stock building at Wilmington, Del., and some at Green Island. There are two locomotives already building, both of which are very heavy and will be provided with air brakes, as will also the passenger and other coaches. The company has procured a lease from the Delaware and Hudson Canal Company to run passenger cars into the latter company's depot at Albany and into the Union depot at Troy for 20 years, besides a similar privilege for the same length of time to use the above company's freight yards at Green Island. A track will be laid from Mechanicville to Troy parallel with the Rensselaer and Saratoga road, so that the increased amount of traffic will not interrupt the present arrangements of travel over that route.

The enterprise to which the above relates gives a most desirable outlet to the Hoosac Tunnel, and insures a competition in railroad traffic which will have the double result of making the Tunnel more profitable to the State and of increasing the commerce of Boston with the West. But connected with it is another element of promise. There is now an incorporated association, known as the Mechanicville and Schenectady Railroad Company, which will at once construct a road between those two points. It will start from the junction at the former place, proceed north two miles parallel with the present track, then branch off west and enter Schenectady on the west side of the river, on what is known as the Rexford flats. With this "cut-off" the Boston, Hoosac Tunnel and Western Railroad Company will have a very direct Western route from Boston, the line bringing Schenectady to within nearly the same distance by rail from Boston as Albany now is, while Binghamton will be seventy miles nearer Boston than by any other existing route. There a freight yard will be built, and the Delaware and Hudson depot again be used. The latter company, it is understood, have also agreed to construct a track beside the Mechanicville and Schenectady company's road-bed, thus securing a double track throughout. The Boston, Hoosac Tunnel and Western Company have made arrangements already with the Erie road to run through Western trains, with passenger and sleeping coaches, between Boston and the West, all of which will run through Troy. It is the intention to run freight and other trains from Schenectady to Binghamton via the Delaware and Hudson track, so as to strike the Erie road at that place.

As a matter of course this great railroad project necessitates a large outlay, but as already intimated, there is plenty of capital backing it. Thus far the outlay, according to rough estimates, has been a little less than $300,000 in the vicinity of Troy. This sum covers all expenses of construction, appurtenances and employes. Considering the character and extent of the work the figures are not excessive, and if the road is completed in the same style at the same rate it will be a well and inexpensively built route. That it will be an invaluable one, not only to the termini, but also to the region traversed, can be readily seen by a study of it upon the map, and its completion will be a most satisfactory sequel to the completion of the Hoosac Tunnel.—*Boston Journal.*

☞ The directors of the Nashua, Acton and Boston Railroad Company, elected on the 21st ult., are: J. C. Moulton, H. Parkinson, C. G. Sargent, J. B. Clark, E. R. Brown, J. Fletcher, Jr., B. Saunders, S. M. S. Moulton, E. B. Hammond and D. Sargent. J. C. Moulton was elected President, and J. B. Goodell Clerk.

☞ C. C. Lund, the surveyor of the Boston, Concord and Montreal Railroad, with an assistant, commenced on the 27th ult. the survey of a route for a railroad from the terminus of Sinclair's Railway to the Profile House. The survey will occupy about two weeks.

The Coal Trade.

For the week ending May 18, the total anthracite production, as reported by the several carrying companies, amounted to 393 132 tons, against 504,195 tons in corresponding week last year, a decrease of 111,063 tons. The total amount of anthracite mined for the coal year is 4,715,768 tons, against 6,521,796 tons for same period last year, a decrease of 1,816,028 tons. The quantity of bituminous coal sent to market for the week amounted to 63,884 tons, against 69,676 tons in corresponding week last year, a decrease of 5,792 tons. The total amount of bituminous mined for the year is 827,336 tons, against 1,087,038 tons for corresponding period last year, a decrease of 259,702 tons. The total tonnage of all kinds of coal for the week is 457,016 tons, against 573,871 tons in corresponding week last year, a decrease of 116,855 tons. The total tonnage of all kinds of coal for the coal year is 5,543,004 tons, against 7,818,834 to same date last year, a decrease of 2,075,730 tons. The receipts at Perth Amboy for the week ending on May 18th were 16,242 tons, the shipments 17,046 tons, leaving a stock on hand of 57,771 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the second week of May was 82,666 tons, of which 62,163 tons were coal, and 20,503 tons coke. The total carried for the year is 1,676,140 tons, of which 1,305,381 tons were coal and 370,759 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad carried no anthracite coal last week to Port Richmond, whilst 46,500 tons were shipped thence, leaving the stock on hand at Port Richmond last Saturday about 118,300 tons.—*Phila. Ledger, May* 27.

Wabash Railway.

An official circular has been issued, giving what purports to be the correct present standing of the Wabash Railway Company. According to the circular, after the old Toledo, Wabash and Western Railway was sold out, in 1876, under the foreclosure of the gold mortgage, the Wabash Railway Company purchased the property, paying for it $16,000,000 in stock and a mortgage to G. I. Seney, Trustee, on the entire property, for $1,026,555, but subject to 10 prior mortgages on various sections of the road, aggregating $17,010,000. It is claimed that none of these mortgages cover any considerable portion of the road, or much, if any, of the existing rolling stock, or the fixed property of the Toledo, Wabash and Western Company of 1870, acquired after its organization. The Wabash Railway Company, therefore, is now the owner of the entire property and franchises, of which a large portion is only covered by the purchase mortgage before mentioned and, now reduced to $820,000. This mortgage also covers the St. Louis Division as a second mortgage, the only other mortgage on that portion being the first mortgage of the old Decatur and East St. Louis Company. From these facts the circular argues that "the claim of some bondholders that the entire earnings of the company belong and should be devoted to the payment of the interest and principal of the bonds issued by these old companies cannot be maintained, being neither just or equitable. Should the company be required to render an accounting to the various bondholding interests it would first be entitled to a proper compensation for the usance of its rolling stock, which would, in any event, amount to much more than sufficient to meet its obligations as to the Seney mortgage and others created since for new equipment; after this the first mortgage will have the next claim, then the other junior mortgages according to the equities pertaining to each, which, if to be determined in the courts, would no doubt require years of litigation. That the net earnings of the combined property will be able to provide for all these various interests, those best informed of its earning capacity entertain no doubts. Vexatious and disorganizing lawsuits will only have effect to delay somewhat the complete restoration of this great property to its true position in the railroad system of the United States." In regard to the suits mentioned the circular says: "The Toledo and Wabash Railway Company issued, in 1863, $600,000 bonds, known as the equipments bonds. This debt was not secured by a mortgage, and that company ceased to exist in 1865. Holders of these bonds brought suit in New York to force the Wabash Railway Company to recognize this debt, and were summarily defeated. A like suit was brought in Ohio, and as signally failed."

Quincy Mining Co.

From the report of this company for 1877, we learn that the receipts during this year were as follows:

From 1,796,618 lbs. copper sold and delivered	$337,964 62
775,015 lbs. sold but not delivered	142 326 50
265,381 lbs. on hand, at 17½c	46,441 67
2,837,014 lbs. (average about 18·56c)	$526,732 79
Deduct 361,428 lbs., being product 1876, included in above	57,828 48
2,475 586 lbs.	$468,904 31
Add 244,972 lbs. at mine, estimated at 15c. per lb	36,745 80
2,720,558 lbs. copper, total year's product	$505,650 11
Add from sales of silver	407 79
	$506,057 90

The cost of assorting and breaking 73,185 tons rock was as follows: Laborers in rock house, $9,495 50; engineers, brakemen and carpenters' work, $2,626 22; machinists, masons and blacksmiths' work, $1,250 42; wood consumed at engine, $3,541 99; supplies and materials used, $1,839 76—total, $18,753 89. Labor filling and running, 73,385 tons rock to stamp mill, $3,521 92; blacksmiths, carpenters and machinists' work, 474 26; supplies and material used, $921 97—total, $4,918 15. Labor stamping and dressings 75,307 tons, $32,181 79; supplies and materials used, $39,260 15—total, $71,441 94. Surface labor, supplies and materials used, $11,176 10; taxes paid for 1877, $7,074 05; legal services for 1877, $300; P. L. & R. I. Co. tolls on mineral, $336 97; incidental expenses, $796 56—total, $19,683 68. The agent of the company says:

"We have no reason to be dissatisfied with the results of the past year's work. The great depression in copper interests has continued, and the price of our staple has ruled lower than for many years. This has stimulated us to further and more active efforts to economize in every direction, and the result is a decrease in running expenses of fifty-one thousand dollars, while the work performed has been about the same as in the previous years. You will also observe a noticeable falling off in the percentage of rock stamped. This, I think, is to be mainly attributed to the more than usual prominence of the 'bunchy' and 'pockety' nature of our lode, which is well illustrated by the mine plans. While this has given us a larger proportion of mass and barrel work, it has also in a great measure caused the stoping of a greater amount of low-grade rock, in order to keep the stamp mill supplied."

Universal International Canal Co.

From Panama, May 16th, we learn that the contract concluded between the representative of the International Canal Committee and the Secretary of State for Foreign Affairs has been signed and ratified. The concession is for ninety-nine years, to be reckoned from the date when the canal shall be opened for the commerce of the world. The right of way is guaranteed over public or private lands and the use of any materials to be obtained on public lands free of charge. The use of a strip of land 200 metres wide on each side of the canal is given the company, and a further grant of 500,000 hectares is made to the company, to be selected wherever they may wish. The work is to be begun in 1883, and must be finished in twelve years. The neutrality of the land is guaranteed, and its free navigation by the merchant ships of all nations is secured. The company is to be named "The Universal International Canal Company," with headquarters in Bogota, New York, London or Paris, as the company may determine.

Exchange of Car Tickets.

Some amusing incidents have occurred in connection with the new system of exchanging tickets on the city railways. Some people, who have not given the subject much thought, have imagined that by purchasing tickets on a certain line and riding on a rival road they were conferring a favor on the first named corporation, which is the reverse, if it makes any difference at all. Not long since a lady who feels particularly friendly to the Highland road was overheard to say to a friend, "I rode down town the other morning on a Metropolitan car, and it did me good to be able to make the conductor take a Highland car ticket, and I am going to do that whenever I can." The lady forgot that her favorite corporation would be obliged to redeem the tickets she thus used. The line which sells the largest number of tickets will be the largest loser, being obliged to pay for the printing of its own tickets. The profits consist in the tickets *received*. With this exception it is immaterial to the railways what tickets are presented by passengers.—*Boston Journal.*

☞ At the beginning of 1877 Australia had only 2,825½ miles of road in operation, an average of one mile to 855 inhabitants. At the same time 1,628 miles were in course of construction, but only part was completed. Considering that the larger part of the country is almost uninhabitable, and the resources of the colony are limited, rapid progress has been made.

☞ At the annual meeting of the Hamilton and Northwestern (Canada) Railway Company, held on the 7th inst., the following gentlemen were elected directors: John Stuart, E. Gurney, W. Hendrie, John Proctor, James Turner, Wm. Cobb, P. W. Dayfoot and Mr. Leggat, leaving one vacancy. Mr. Stuart was unanimously re-elected President, and Mr. Edward Gurney, Vice President.

☞ The Montpelier and Wells River Railroad Company are building a passenger car for use upon their road. This is the first passenger car ever built in Montpelier.

☞ M. L. Daugherty has been elected President, and A. D. Smith Treasurer of the Illinois division of the Baltimore and Ohio Railroad.

A Riot Case Decided.

A test case, involving the liability of Allegheny County, Penn., for goods destroyed in the July riots of 1877, has just been decided at Beaver, Pa., to which county the case had been removed. The plaintiff, a Cincinnati whisky firm, brought suit to recover value for a shipment of whisky destroyed en route by the mob at Pittsburg, claiming to recover the full value of the whisky at the point of shipment, with interest and freight added as far as Pittsburg. The defense took the ground that the act making the county liable was not intended for the protection of any but citizens of the county; that the disturbance at Pittsburg was more than a mob, amounting to an insurrection; that if the officers of the railroad company were at fault in having the property at Pittsburg, or in their conduct with reference to it, the owners of the goods could not recover. They made offers of evidence to sustain these points, all of which were overruled by the court, and a verdict was rendered for the full amount claimed by the plaintiff. The case will be appealed to the Supreme Court.

Transportation Bonds.

Article 684 of the regulations of 1874 requires that the bond given at the port of arrival on goods shipped under immediate transportation without appraisement shall be cancelled only upon the receipt of a certificate from the port of destination showing the arrival of the goods and that due entry thereof has been made either for consumption or warehouse.

Application has been made to the treasury department for a modification of the form of the certificate so as to omit the clause requiring entry at the second port as a condition precedent to the issuance of the certificate. The department has decided to grant said application, and the form of the certificate (No. 163) required by the customs regulations of 1874 to cancel such bond, is modified accordingly.—*Washington Republican.*

☞ After the 1st of June the conductors and train agents of the Pennsylvania Railroad will discard the objectionable satchel in lieu of pocketless uniforms, for which order the officers appear to be thankful. The order as now enforced is regarded as humiliating.

☞ Work on the line of the Nictaux and Atlantic Railroad, has ceased, the company demanding concessions which an act of the Legislature will not permit the Government to grant.

☞ The Port Royal Railroad will be sold at Port Royal, South Carolina, June 6, under a decree of foreclosure granted by the United States Circuit Court.

PATENT
MINERAL WOOL.
THE BEST
Insulator of Heat or Cold.
A 3 INCH LINING SUFFICIENT FOR
Hot Blast-pipes, Furnaces, &c.
CHEAP ENOUGH
FOR LINING FRAME-HOUSES, AND FIRE-PROOF.

Can I Obtain a Patent?
This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further procedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

A. WHITNEY & SONS,
CAR WHEEL WORKS,
Callowhill and Sixteenth Sts.,

PERKINS, LIVINGSTON, POST & Co.,
23 Nassau Street,
NEW YORK.

THE THOMAS PATENT CASH AND TICKET INDICATOR.

This is the only invention which will positively regulate and furnish railroad companies with a full and complete record of all passengers carried on trains, either having tickets, paying cash, or otherwise. As will be seen by the above illustration, it is a box with a glass front. After the conductor takes the passenger's ticket, he punches it and places it in the box, as per example: The passenger's destination is New Brunswick; the conductor punches the ticket, and, as we have stated, places it in the box; upon the arrival of the passenger at New Brunswick, he leaves the train, and another passenger takes his place whose destination is Wilmington; the conductor takes his ticket, punches it, and lifts the lid of the Indicator, when the New Brunswick ticket falls to the bottom, the Wilmington ticket taking its place. The lid is so arranged that it is impossible for the passenger or conductor to again get possession of the ticket, but every passenger can keep his ticket in sight until he arrives at his place of destination. The box is placed between the windows of the car on the panel under the rack. If a traveler is going from New York to Baltimore, the conductor need not raise the lid of the box until the arrival of the train at Baltimore, and then only to put the Washington ticket in. Upon the arrival of the train at Washington, or any station which the proper officer may designate, his agent goes around and collects every ticket or receipt for money collected. As will be seen, not a ticket can be sold or a dollar collected on the train that is not known by every passenger on the car.

Railroad officers desiring further information will please address

New York, Saturday, June 8, 1878.

Congress upon Cattle Trains.

At Washington the House Committee on Agriculture has reported adversely upon the bill concerning the shipments by rail of live stock. This bill was drawn up in the interest of societies for the prevention of cruelty to animals. In justice to all parties concerned it is proper to say the Committee could not well have reported favorably to the bill and its somewhat peculiar provisions.

The transportation of cattle from West to East by rail may yet be done in some more expeditious and less cruel way than at present. Experience is the best guide. So far, however, the combined experience of cattle shippers and railroad managers has failed to discover any marked improvement upon the ordinary mode of transportation. Out of the numerous improvements offered, in nearly every case increased cost of cars has prevented general and ready use and adoption.

It is idle to set up any special plea of "cruel and inhuman treatment" as ground for legislation. Self-interest, profit, is the sole motive governing the shipper. It is most desirable to him that his cattle reach a market in good condition. Accidents will often happen to stock in transitu in spite of all the care of experienced men in charge. "Palace cars" so called for stock, like their namesakes for passengers, are rather luxuries than necessities. To require the shipment of cattle in those cars only would be a hardship to the shipper. At the same time it would give to the inventor and patentee of those cars a monopoly both unjust and unwise.

The time between Chicago or St. Louis and the seaboard cities for cattle trains is four days. At present the cars are unloaded but once on the route; at which time only the cattle are fed and watered. It is not practicable to unload or feed oftener. Yet it is urged by the representatives of the societies for the prevention of cruelty to animals that this time is much too long for animals to go without food and water. Forty-eight hours is a long time. The most ready remedy appears to be in shortening the running time between points of receipt and delivery. If stock trains have right of way over all others except express and mail trains—and this would not be difficult—the problem would seem to be solved so far as "cruelty" is concerned. If the cost of fast stock trains is somewhat greater then to the roads, the faster time and better condition of the freight at delivery are matters not likely to be overlooked by the shipper. He can well afford to pay for what will plainly insure a profit.

A 7 Per Cent 40-Year Bond.

A new 40-year 7 Per Cent Bond, secured by a first and only mortgage on all the property of the Delaware and Hudson Canal Company in the State of Pennsylvania, including the canal, railroads, mines, coal and other lands, royalties, rolling stock, leases, contracts, &c., estimated (by a special committee, appointed at a stockholders' meeting in 1877, to make a thorough examination of the entire property and condition of the company), to be worth more than double the amount of the mortgage of $10,000,000, one half of which is reserved to provide for the debentures maturing in 1894, and a portion only of the remainder of which is now offered to the public at par and accrued interest by the long-established and well and favorably known firms of Drexel, Morgan & Co., and Winslow, Lanier & Co., will be sure to attract the attention of capitalists both at home and abroad, not only on account of the high character of the bankers who have negotiated with the company for them, and by whom they are introduced to the public, but also by the real value of the property represented by the securities. The bonds which are coupon or registered, mature in 1917; interest, March and September; trustees, Union Trust Company of New York.

Street Railway Car for Brazil.

The John Stephenson Company are building at their extensive Car Works in East 27th Street, New York, a handsome street Car for the use of his Majesty Dom Pedro II, Emperor of Brazil, in his trips to and from his country seat and his palace in Rio de Janeiro. The car was ordered by Mr. Cecil, of the Botanical Gardens Railway Company of Rio de Janeiro, and will be run on the railway of that company. It will be drawn by horses and will be reserved for the special use of the Emperor and his family.

The car is about the size of the ordinary street car, but being more elaborate will cost about three times the usual amount, that is, about $3,000. The climate of Brazil being tropical the car is designed to afford all the ventilation possible. The ceiling is of perforated wood, and between this and the roof is space for the production of a current of air and to prevent the sun's rays from producing any heat in the interior. There are also the ordinary ventilators in the roof.

The exterior of the car is painted yellow and dark green, and the panels are decorated with landscapes. The centre panel bears the royal arms of Brazil, and below is the word "special" in delicate letters. The dashboards are painted in light colors, and bear the initials of the Botanical Gardens Railway Company. The handles of the car are nickle-plated, and each platform has a wire gate. The brakes are under the centre of the car, instead of at the ends. The interior is finished in ash, cherry, basswood and maple. On

all the inside panels, between the five plate glass windows, on each side, are small landscapes in oil. There are four dark-blue leather sofas, two at each end of the car, and in the centre a table. The inside of the doors consists of plate-glass mirrors.

The John Stephenson Co. are also building a number of cars for the Finsbury tramway of London having seats on top, reached by a stairway from the platforms. The top seats open and close by means of a spring. When a passenger wishes to take a seat he pulls out the seat from the back of the support, and keeps it down by his weight. When he rises, the seat closes of itself.

The Anthracite Coal Trade.

The anthracite coal trade wears a more cheerful aspect than at any time before during the present year. The stock of coal on hand of nearly all the companies is fast running down, and orders for coal are increasing at advanced prices. As compared with this time last year, the Lehigh Valley Railroad has reduced its stock on hand at Perth Amboy 103,000 tons. It was then 136,000 tons; it has now on hand but 33,000 tons. The Lehigh and Wilkesbarre Coal Company within the past month has reduced its stock of coal one-half, and within ten days all of its stock of coal will be disposed of. The company has now no coal piled, all that it has being in loaded cars. The Lehigh Coal and Navigation Company reports its entire production for the month of June sold at an advance. The second week of the voluntary suspension of mining in the Schuylkill region ended with Saturday evening; of course there is no anthracite t nnage to report from that district. On Wednesday last the regular monthly sale at auction by the Delaware, Lackawanna and Western Railroad Company was held, with the following result as to prices:

Sizes.	Quantity	—Prices.— This sale.	Last sale.	Increase.	Same time last year.	Increase.
Steamer	5,000	3 42½	3 30½	12	2 48½	94
Broken	10,000	3 45	3 30	15	2 38½	1 06½
Egg	10,000	3 56	3 45	11	2 51	1 05
Stove	20 000	3 75	3 77	*2	2 70½	1 04½
Chestnut....	5,000	3 25	3 15	10	2 37	88
Average all sizes.....	50,000	3 57	3 49	08	2 52½	1 04½

* Decrease.

These increased prices and a reduction of stock seem to indicate that the public is at last beginning to be convinced of the permanency of the compact between the associated companies and the certainty of higher prices prevailing as the season advances. As quite a number of newspapers, including two or three whose locality or specialty as coal trade journals would seem to entitle them to great respect, have shown some persistence in deprecating the action of the Board of Control in establishing the tonnage for June at 1,733,000 tons, making an aggregate of 7,000,000 tons for the first six months of the year, we have taken the trouble of examining the returns for the last five years, in order to see how the quantity compares with that of former years, and find the result to be as follows:

	For June.	6 mos to Jun. 30.
1873	2,091,725	9,827,380
1874	1,981,954	9,344,519
1875	1,595,563	6,170,569
1876	1 365,333	7,028,460
1877	2,127,919	9,875,919
1878	1,733,658	7,000,000

In the early part of 1875 the Schuylkill, Lehigh and part of the Wyoming regions were on a strike for nearly six months, and in 1876 the demand was seriously curtailed by the anticipated disruption of the combination, so that the two years of 1875 and 1876 may be considered as exceptional. This journal has continuously during the present season advised the public to lay in coal and cautioned it against deferring purchases, and a full examination of the statistics of the trade not only confirms us in the opinion previously expressed in this column, but leads us to fear that if there is much delay in taking in coal in the next month or two there may be such a demand in the fall as would make it difficult to furnish the quantity required, and might lead to materially higher prices. The total production of coal in each of the last five years has been:

In 1873.	21,263,220	In 1876.	18,535,557
In 1874.	20,178,613	In 1877.	20,847,681
In 1875.	19,725,471		

Now, assuming that the market will take in 1878 19,000,000 of tons, there will be required after July 1st 12,000,000 tons, which must be furnished in but little over 5½ months, as the trade is nearly over by the middle of December, and one or two of the largest companies are contemplating the probability of a temporary suspension of mining in July. We suppose, therefore, that the shipments for the remaining six months, to make up 12,000,000, would be about as follows:

July	1,500,000	November	2,250,000
August..	2,250 000	December	1,500,000
September...	2,250,000		
October..	2,250,000	Total	12 000,000

The largest month's shipment ever made by all the companies was 2,469,519, in August, 1875, and the total shipments of the last six months of each of the last five years have been:

For 1873	11 425,810	For 1876	11,507,097
For 1874	10,834 092	For 1877	10,971,762
For 1875	13,564,902		

So that, from present appearances, the quantity required in the next six months will be in excess of the amount ever before sent in that period, with the exception of 1875, when the product was very large, owing to the six months' strike in the early part of the year, and if it should turn out that the market in 1878 will take as much as 20,000,000 it would keep all the regions busy to supply the demand. It has been assumed by many that the stagnation of the iron trade will prevent any large amount of coal being taken this year, but by far the largest demand for anthracite coal is for domestic purposes, and the increase of this demand is constant and steady. The largest amount of anthracite pig iron ever made in one year was 1,369,812 tons; in 1877 the product was 934,797 tons; a falling off of 435,015 tons. Now, allowing 1½ tons of coal to one ton of pig iron, it will be seen that in 1877 the falling off of demand for anthracite, due to the depression of the pig iron trade, was but 652,000 tons, or but little over 3 per cent of the entire production of coal for that year; and when, as against this loss and the further loss sustained by the exceptionally mild winter we place the steady and continuous increase for domestic sources, it would not be at all surprising if the demand for 1878 would exceed 19,000,000 of tons.—*Phila. Ledger, June 3.*

Northern (N. H.) Railroad.

The 33d annual meeting of the stockholders of the Northern Railroad Company was held in Concord on the 30th ult. Hon. Onslow Stearns, President of the company, presided. The report of the directors, an abstract of which was given in our issue of 1st inst., was accepted and placed on file. A letter from Charles F. Choat of Boston declining to serve longer as a director of the road was read, and a resolution of thanks for his services, and regrets that he declines longer to serve, was unanimously passed. A ballot for Board of Directors was then taken with the following result: whole number cast, 3863; necessary for choice, 1932. Onslow Stearns, Concord; John A. Burnham, Boston; George W. Nesmith, Franklin; Uriel Crocker, Boston; Josiah Minot, Concord; Edward Lawrence, Boston; Francis B. Hayes, Boston; each received all the votes cast and were declared elected. The auditor's report was read which stated that they had examined the books of the Treasurer and found them correct. The following were appointed Auditing Committee for the ensuing year: Wyman Pattee, Enfield; Nathan Parker, Manchester; George A. Kettell, Boston. Adjourned.

At a subsequent meeting of the directors Hon. Onslow Stearns was re-elected President, Hon. Wm. L. Foster Clerk, Hon. Josiah Minot of Concord Treasurer. The Finance Committee consists of President Stearns and Directors Burnham and Hayes.

American Locomotives in Europe.

A number of American machinists have been working lately, in Eydtkuhnen, Prussia, putting together the locomotives which the Russian Government bought in America, and which have recently arrived. The railway station at Eydtkuhnen looks like an enormous storage place for engines, rails and other ironware. The American workmen, who are surrounded by observant crowds while at work, are truly remarkable for their aptness and skill, and particularly for their wonderful cleverness in handling tools. With the exception of the engineer in charge, they speak only English, and it is very laughable to hear the jaw-breaking that goes on between them and the German workmen.—*German Paper.*

Boston, Concord and Montreal Railroad.

The earnings of this road for the years ending March 31, 1877 and 1878, were as follows:

	1877.	1878.
From passengers.	$250,295 86	$257,465 42
" freight	370,849 70	367,270 42
" mails	17,433 98	16,822 38
" express..	9,000 00	9 000 00
" miscellaneous....	1,728 77	4,213 98
	$649,307 81	$654,272 20
Expenditures, viz:		
Maintenance of way....	$115,100 11	$129,256 03
" motive power..	80,951 39	78 896 03
Cost of working road...	208,418 61	204,856 98
" management...	14,798 11	16,689 97
Miscellaneous..	88,114 22	23,972 88
	$457,377 44	$453,171 84
Net income	$191,930 37	$201,100 36
Bonds and cash on hand per last report		169,518 70
Interest received during the year....		17,883 01
Oil on hand less than last year..		397 78
In hands of Superintendent less than last year....		38,558 84
For sales of consolidated mortgage bonds..		91,000 00
Total.		$518,458 19
Appropriated as follows:		
Paid coupons, back coupons, interest on over due bonds, etc....		$145,749 39
Paid preferred stock dividends..		46,971 00
Wood on hand more than last year...		2,141 38
Engineer's department, shop stock, etc., on hand more than last year..		1,538 40
Branch Railroad to Mount Washington		91,000 00
Cash and bonds on hand....		231,058 02
Total, as above		$518,458 19

Compared with the previous year the gross earnings show an increase of $4,964 39; with a decrease in expenses of $4,205 60—making the increase in net earnings $9,169 99. The report says:

This result, obtained under the general depressed condition of all classes of business, we think must be generally satisfactory to our stockholders, and more especially so from the fact that the income has been very largely derived from the various sources of the business which has been built up locally upon their own line, showing that, upon the return of more prosperous times, the road has upon its own line a valuable local business of the utmost importance to its stock holders. While the management of the road has economized in every department, no expense has been omitted to, in any way, hazard the general safety of the road.

Our rolling stock has been carefully looked after, and is now in good condition. The roadway has been improved, and is now in better condition than one year ago. We have laid, the past year, 84,887 sleepers and 600 tons of new rails; have taken up, mended, and returned to the track 573 tons of rails, and have put into the roadbed, in various places, some 60,000 yards of ballasting, and have generally improved the buildings, bridges, and fences. We have purchased one new first class engine, and have rebuilt sixteen freight cars.

The old contract with the Southeastern and Passumpsic roads has been closed, and all matters connected with these roads settled up to May 1, 1878, and new contracts with the same roads entered into, commencing May 1, 1878, for the term of ten years, which, we think, will be advantageous to all three roads, as it forms one of the best lines that can be had between New England and the Canadas.

Our relations with the Portland and Ogdensburg Railroad are friendly, and monthly settlements are now being promptly made, which we think are satisfactory to all parties.

Since our last Annual Report, new contracts for the term of five years have been made with the Concord Railroad, and with the Boston and Lowell and Nashua and Lowell Railroads, which although not upon so favorable terms as under the present depressed condition of business we might claim, yet are, perhaps, as satisfactory as we could expect.

A portion of the convertible mortgage bonds, due July 1, 1875, to the amount of $217,000, have been paid by the corporation; and in order to carry these and also $116,000 of the sinking fund bonds, which are the property of the road, the notes of the company have been temporarily issued until such time as sales of the consolidated bonds shall be sufficient to absorb the amount so outstanding.

Of the $624,000 sinking fund bonds which appear in the trial balance as outstanding, the road holds, as before stated, $116,000, and there are in the hands of the trustees $306,000, leaving the amount of sinking fund bonds outstanding, and on which interest is paid, $202,000. There have been sold of the consolidated mortgage bonds during the year $91,000, and this amount has been applied towards payment of the cost of the branch.

The proposed change of the different classes of stock into one of consolidated stock has not been carried into effect, as had been anticipated. This result is, to some extent, due to the reluctance of a part of the stockholders to subscribe to the agreement, and to surrender the shares now held by them and accept instead therefor the equivalent amount of the consolidated stock, as required in the votes of the corporation; and by the inability of the officers of the road to ascertain into whose hands a part of the old stock had passed. This difficulty is one that in a large measures arises in consequence of changes made by the death of the original holders, or their removal from this section of the country. The directors, however, believe that with proper efforts this result, so desirable, and without which it will be almost impracticable to make dividends, except upon the preferred stock, will be accomplished at an early day.

The equipment of the road consists of 30 locomotives, 25 passenger cars, 2 drawing room cars, 15 mail and baggage cars, and 580 freight cars.

Miles run by passenger trains, 361,424; by freight trains, 329,542; by other trains, 11,714—total miles run, 702,680.

The total number of passengers carried during the year was 220,003—equal to 6,590,094 carried one mile. Total number of tons of freight, 152,929—equal to 7,800,614 tons carried one mile.

TRIAL BALANCE SHEET, March 31, 1878.

Construction		$2,850,000 00
Wood, oil, etc., on hand		58,763 69
Stock, etc., on hand for repairs		97,218 70
1870 bonds on hand		800 00
Trustees of sinking fund		201,500 00
Pemigewasset House		16,000 00

President.—ALEXANDER H. TILTON.

Directors.—Alexander H. Tilton, Joseph P. Pitman, John L. Rix, Peter Butler, Joseph W. Lang, S. N. Bell, J. Thomas Vose.

Treasurer.—EDWARD D. HARLOW.

Superintendent.—JOSEPH A. DODGE.

Central Railroad of New Jersey.

At a meeting of the directors of the Central Railroad Company, held on the 31st ult., John S Kennedy, of the firm of J. S. Kennedy & Co., J. Edgar Johnston, of Brown Brothers & Co., and J. D. Vermilyea, President of the Merchants' Bank, were elected Trustees of the new funded mortgages under the provisions of the reorganization scheme. E. S. Barnes, G. G. Haven, and F. A Pitts, representing the holders of the $30,000,000 consolidated mortgage, were chosen directors, in place of Franklin A. Comly, Richard J. Dobbins, and Henry Lewis, resigned. Another meeting will be held on Wednesday, June 12, at which it is expected the entire success of the reconstruction scheme will be announced, 80 per cent of the holders of the securities of the railroad having already signified their assent. It is understood that ex-Judge Francis S. Lathrop, the present Receiver, will then be elected President of the reorganized company.

☞ The Western division of the New Orleans, Mobile and Texas Railroad to and from Donaldsonville, La., which was held by T. M. Ames as trustee for the bondholders, has been sold by the United States Marshal for $350,000 to L. H. Terry as the representative of the committee of first mortgage bondholders, Joseph Seligman, E. D. Morgan, Henry Morgan, George Bliss and Harrison Durke. That portion between Morgan City and Vermillionville was not sold, as in the suit of Morgan's Railroad Company the order to sell was revoked.

Re-enactment of the Moiety Law.

A proposition has recently been put before Congress to re enact the former Custom House moiety law. This law disappeared with some other dishonesties near the close of the last administration. The repeal of that law has always been regretted by politicians in and around the New York Custom House. The re-enactment of the law now is not desired by any merchant or business man. It appears that no other than the New York Custom House ever had need for such a law. In Philadelphia, during a period of more than five years under the moiety law, Collector Thomas received as moieties for forfeitures, etc., $163 35. But in New York, Collector Arthur in a single case, that of Messrs. Phelps, Dodge & Co., received $25,000; and many thousands besides in other cases.

In the case named, the operation of the moiety law was one of those outrages that honest men abhor; but which politicians admire. No one ever believed that this great metal importing house was other than honorable and honest in their intentions toward the government. But, unhappily for them, they fell into the clutches of the moiety Philistines of the Custom House, who having first seized their books, papers etc., and thus brought their vast business to the brink of ruin, then plucked them under the sanction of law. That part of the large sum paid by Messrs. Phelps, Dodge & Co., as a compromise which went into the Treasury, together with the moiety received by the Collector, ought in all honesty to be refunded. The whole proceeding having been an outrage, a partial amend for a wrong is better than none; and the sooner it is done the better.

We have had enough of moities. Those of us who remember the high handed seizures of merchants' books and correspondence; the oppressions, the blackmailing that characterized the operation of the moiety law have no desire to see such things repeated. Give us instead the honest enforcement of existing laws. They are quite sufficient for collecting the customs. A moiety to a Custom House official is simply a premium on rascality. It thus becomes more profitable to the officers to encourage dishonesty in the merchant.

The Collector of New York receives a salary of $12,000 per annum—fifty per cent more than his superior, the Secretary of the Treasury, gets. Is not this large sum sufficient to secure diligence and vigilance in his duties? or is it necessary to stimulate the Collector, and his subordinates as well, by fat moities no matter how obtained, as in the case of Messrs. Phelps, Dodge & Co.?

No. The moiety scheme is disreputable and dishonest. Let us have no more of it. Let us pay back whatever the Treasury has wrongfully received from it, and then dismiss the moiety advocates and their hopes of plunder.

☞ The directors of the West Jersey Marl and Transportation Company for the ensuing year, are: Richard Greer, Wm. E. Potter, R. C. Nichols, C. E. Elder, J. G. Stevens, T. Jones Yorke, Geo. M. Wright. The officers are: Richard Greer, President, and T. U. Morris, Secretary and treasurer.

Imports and Exports of the United States.

The following is the official statement of imports and exports of the United States for the month ended April 30, 1878, and for the ten months ended the same, compared with like statistics for the corresponding periods of the year immediately preceding:

	April.	
Merchandise:	1878.	1877.
Exports—Domestic	$58,869,478	$43,373,068
Foreign	1 089,604	1,041,461
Total.....	$59,959,082	$44.414 529
Imports	35,448.011	42,6 6,353
Excess of exports over imports.....	$24,511,071	$1,738,176
Gold and silver (coin and bullion):		
Exports—Domestic	$2,927.597	$1,825,567
Foreign	1,084 225	2,081,795
Total.....	$4.011 822	$3,907,362
Imports	5,981,157	1,583,411
Excess of exports over imports.....		$2,323,951
Excess of imports over exports	$1,969,335	
Total merchandise and specie:		
Exports—Domestic	$61,797,075	$45,198,635
Foreign	2,173.829	3,122,256
Total.....	$63,970,904	$48,321,891
Imports	41,429,168	44,259,764
Excess of exports over imports.....	$22,541,736	$4,062,127

	10 mos. ended Ap'l 30—	
Merchandise:	1878.	1877.
Exports—Domestic ...	$581,526,821	$503,734 324
Foreign	11,660,471	10.963,465
Total.....	$593,187,292	$514,697,789
Imports	385,561,851	358,183,621
Excess of exports over imports	$227,625,441	$156,514,168
Gold and silver (coin and bullion):		
Exports—Domestic....	$21,802,113	$26,156,567
Foreign	5,275,801	$9,237,145
Total.....	$27,077,914	$35,393,712
Imports	25,794,400	88,382,701
Excess of exports over imports.....	$1,283,514	
Excess of imports over exports.....		$2,938,989
Total merchandise and specie:		
Exports—Domestic. ..	$603,328,934	$529,890,891
Foreign	16,936,272	20,200,610
Total.....	$620,265,206	$550,091,501
Imports	391,356,251	396,516,322
Excess of exports over imports.....	$228,908 955	$153,575,179

☞ As railroads, in their immoderate and sometimes reckless extension, contributed powerfully to bring on the panic and its resulting era of business depression, so now the returning prosperity with which the railroads are favored will react powerfully upon all other interests. Steel rails are now in demand, new engines, cars and other equipments are being constructed; and, as a result, sooner or later the great iron industries of the country will spring into activity. This will in turn act upon kindred interests, and so on until all the great industries of the country will again be in motion, and, lastly, real estate will once more command a ready sale and a reasonable price.

Iron Railway Bridges.

At the meeting of the Institution of Civil Engineers in London, on the 21st of May, Mr. W. H. Barlow, F. R. S., Vice President, in the chair, the paper read was on "The Design generally of Iron Bridges of very large Spans for Railway Traffic," by Mr. T. C. Clarke, M. Inst. C. E., of Philadelphia.

Since the year 1863, when a paper on the subject was presented by the late Mr. Zerah Colburn, no communication had been submitted to the Institution relative to the construction of iron railway bridges of long spans, as practiced in America. At that time the longest iron span in America was the central tube of the Victoria Bridge at Montreal, 330 feet in the clear. Since then several bridges had been built with wider openings; and one had lately been completed over the Ohio river at Cincinnati with a clear span of 515 feet. This was the longest railway girder yet constructed, the next longest, the Kuilenburg bridge, in Holland, being 492 feet. The arches of the St. Louis bridge were also 515 feet span. Almost all American bridges of spans exceeding 100 feet were pin connected, instead of being united by riveting. That plan was preferred on account of the mathematical certainty with which the strains could be calculated, and the deflection or camber ascertained—of the economy, ease and celerity of erection, which for rivers subject to sudden floods was a matter of vital importance—and because it was believed that the parts of a bridge could be more strongly united than by riveting, and that a considerable reduction was possible in the dead weight of iron.

Two of the latest and best examples of American long span iron bridge constructions were chosen for illustration.

One was the trussed girder bridge across the Ohio river at Cincinnati for the Southern Railway—515 feet between the bearings, and erected on temporary stagings of timber—designed and executed by Mr. J. H. Linville.

The other was the bridge of three spans of 375 feet each, carrying the same railway across the Kentucky river, the engineer in this case being Mr. C. Shaler Smith.

Both bridges were noteworthy for their economical design, and for their comparatively small amount of dead weight.

The Ohio bridge consisted entirely of rolled iron, pin-connected. The girders were quadrangular, each 51½ feet deep, the panels being 25¾ feet long, and the girders 20 feet apart from centre to centre. The weight of iron in the span of 515 feet was 1,176 tons. With a total load of 481 tons the centre deflection of the east truss was 2 3-32 inches, with a permanent set of 1-16 inch, that of the west truss being 2 inches, with no permanent set.

Advantage was taked by the engineer of the Kentucky river bridge of two towers and sets of anchorage, formerly constructed for a suspension bridge across the canon, which had not been completed. The first panel of this bridge on each side was bolted to the towers, and was then corbelled out panel by panel. The towers were calculated to be strong enough to carry 196 feet of projecting spans. At this point the spans were supported by temporary towers of wood. The corbelling out process was continued until the above spans each reached the main iron piers, which were built up simultaneously, so that the two met in mid-air. Each half of the centre span was then corbelled out as before, until they met in the centre. At this stage of the work, the upper chords being in tension and the lower in compression, the former were nearer to each other than the latter by a few inches. The method of closing the gaps under the changes resulting from the alterations of temperature was then described. Up to this time the bridge was a girder 1,125 feet long, continuous over three spans. But while the abutments on the cliff were stationary, the iron piers rose and fell under changes of temperature, and so varied the strains on the web system. The shore spans were therefore hinged at points 75 feet from the piers, leaving a centre girder 525 feet long, supported by piers 375 feet apart. Both of the web systems of diagonal rod were consolidated into one member at the point of contrary-flexure, and were separated again after the hinge was passed. When the bridge was tested it was found that the movement of the lower chord tenons under the passing load was 1½ inch. Every effort was made to secure the uniformity of the modulaura of elasticity of every part of the ironwork. Nevertheless, the variation in length, between the east and west chords, was 1 inch in 1,125 feet. When the end spans were loaded with 277 tons, and the centre span unloaded, the central deflection was 1 52 inch, and the upward movement of the central span was 2 83 inches. With the centre span loaded with 331 tons, and the end spans unloaded, the central deflection was 3.5 inches, and the upward movement of the cantilever was 1.58 inch. With all the spans loaded, 814 tons in 904 feet, the centre deflection of the centre span was 1.62.

The Kentucky River Bridge occupied four months and four days in erection, the average number of workmen employed being 53. The average cost of erection was about £2 10s. per ton. The weight of iron in the bridge was 3,654,271 lbs. The depth of the truss was 87½ feet, and its width was 18 feet. The iron pier at the base was 28 feet by 71½ feet; at the top it was 1 foot by 18 feet; and it was 177¼ feet high.

This was one of the boldest and most original pieces of bridge engineering in America.

Both it and the Ohio river bridge were conspicuous for economy of design.

Economy of design was obtained by proportioning all the parts of a bridge with a similar factor of safety, and then combining those parts into a whole; and, secondly, by using such proportions of height of girder, length of panel, and combination of parts; also, such width apart between the girders, and such methods of bracing the two into a structure able to resist wind pressure or shocks, as would accomplish the first requisite with the least quantity of metal. The problem could only be solved by a tentative process.

To show how this had been accomplished the author gave a table showing the weight of iron and other important data of some of the most conspicuous long span railway bridges constructed in Europe and America, and contrasted several of the examples cited.

Finally the author stated that the workmanship of long span bridges in the United States was generally first class; and that the price of American bridge work had fallen year by year, from £40 6s. per ton in 1870 to £20 16s. per ton in 1877.

Philadelphia and Reading Railroad.

Comparative statement of gross receipts, tonnage and passengers, of the Philadelphia and Reading Railroad Company, for the month of April:

	1878. Month.	1878. Year to date.
Gross receipts:		
Railroad traffic	$903 764 90	$3,862,197 75
Canal traffic	66,598 85	76,393 61
Steam colliers	28,116 50	224,389 71
Richmond coal barges	2,548 36	26,776 02
Total Railroad Co	$991,028 61	$4,189,757 09
Reading Coal and Iron Company	486,756 14	2,277,997 03
Total of all	$1,477,784 75	$6,467,754 12
Tonnage and passengers:		
Tons of coal on railroad	408,620 09	1,690,393 04
Tons of merchandise	284,545 10	1 284,168 12
Passengers carried	512,139	2,454 936
Coal transported by steam colliers	84,714 00	206,607 00
Tons of coal mined:		
By coal and Iron Co	189,983 03	803,752 16
By tenants	80,150 19	295,479 12
Total mined from lands owned and controlled by Co. and from leasehold estates	270,134 02	1,099,232 09

	1877. Month.	1877. Year to date.
Gross receipts:		
Railroad traffic	$1,160,898 11	$4,200,760 88
Canal traffic	104,324 67	188,097 89
Steam colliers	62,075 30	286,851 09
Richmond coal barges	12,820 85	27,249 73
Total Railroad Co	$1,340,118 93	$4,652,959 59
Reading Coal and Iron Co	794,755 82	2,721,218 87
Total of all	$2,134,374 75	$7,374,178 46
Tonnage and passengers:		
Tons of coal on railroad	661,478 02	2,166,202 09
Tons of merchandise	230,238 14	1,192,817 14
Passengers carried	532,472	2,522,831
Coal transported by steam colliers	50,928 00	205,767 00
Tons of coal mined:		
By Coal and Iron Co	324,382 06	1,007,703 09
By tenants	116,910 08	404,827 05
Total mined from lands owned and controlled by Co. and from leasehold estates	441,292 14	1,412,530 14

During the month of April the coal mines were worked but fourteen days.

☞ The debt of New Hampshire on the 1st of June according to the statement of the State Treasurer, to be submitted to the Legislature, was $3,530,190 87, being a reduction in the past fiscal year of $46,200 80. Six hundred and seventy five thousand dollars of the present State debt matures within two years, and the Treasurer recommends the issuing of a sufficient amount of new bonds to provide for its payment.

☞ The United New Jersey Railroad and Canal Companies elected the following directors for the ensuing year: Wm. Busknell, John Jacob Astor, Benjamin Fish, Hamilton Fish, A. L. Dennis, Isaac W. Scudder, C. Livingston, Robert F. Stockton, Ashbel Welsh, Samuel Welsh, John G. Stevens, and E. L. Kennedy. Each received 50,880 votes, representing as many shares of stock.

Delaware and Hudson Canal Co.

The business of the roads owned and leased by the Delaware and Hudson Canal Company for the first three months of 1877 and 1878 was as follows:

1877.	Earnings.	Expenses.	Net. Earnings.
January	$243,150	$224,198	$18,952
February	264,137	192,894	71,143
March	289,482	183,423	106,059
Total	$796,769	$600,515	$196,254
1878.			
January	$287,233	$203,972	$83,261
February	271,756	166,110	105,646
March	254,094	153,309	100,785
Total	$813,083	$523,391	$289,692

—showing an increase in gross earnings of $16,814, with a decrease in expenses of $77,124, making the increase in net earnings $93,488.

Albany and Susquehanna Railroad.

The earnings, expenses and net earnings of the Albany and Susquehanna Railroad for the three months ending March 31, 1877 and 1878, were as follows:

1877.	Earnings.	Expenses.	Net. Earnings.
January	$63,826	$63,375	$451
February	67,272	49,541	17,731
March	77,391	44,781	32,610
Total	$208,489	$157,697	$50,792
1878.			
January	$74,685	$49,017	$25,668
February	60,619	32,968	27,651
March	65,376	36,183	29,193
Total	$200,680	$118,168	$82,512

—showing a decrease in earnings of $7,809, with a decrease in expenses of $39,529, making the increase in net earnings $31,720.

Subsidies for American Shipping.

We are to-day an anomaly among great commercial nations. A people of extraordinary resources within ourselves, we are lavishly bestowing on foreign shipping vast sums—indirect subsidies—when the money should be kept at home. Both by rail and water we are a nation of inland common carriers without an equal in the world. On the ocean, however, we are helpless as infants unable to walk. Having created extraordinary facilities for transporting our vast cereal surplus to the seaboard, those facilities end there, and our neighbors reap a rich harvest on the ocean from our short sighted policy.

When the American merchant *must* build his ships at home; when he *must not* buy a vessel from any foreign source whatever, it looks as if in creating this peculiar state of things, somebody had blunded terribly in law making. Yet, helpless and crippled as our commercial fleet is, a majority in Congress is opposed to any radical change in existing laws concerning marine registers and foreign built ships. Our late war destroyed our mercantile marine as everybody knows. But why Congress should persistently set its face against attempts at resuscitating our lost mercantile fleet is far from being clear or evident.

The only argument given us in reply is this: Our shipbuilders must be encouraged and protected; hence the present laws must remain in force. Granted that it is the duty of the government to encourage shipbuilding in common with other branches of domestic manufacture. At this time, and since our late war, we have no ship yards or ship builders—with one or two exceptions—worthy of special consideration. We have but one desire which is to foster and encourage that which remains to us of a lost mercantile navy. Shipbuilding is nearly a lost art to us now, and the marine architect finding his occupation gone has entered new fields leaving the shipyards silent and abandoned. Then, since we cannot profitably build needed ships ourselves, the law steps in to aggravate the difficulty and says, neither shall you buy them abroad.

What is the result of this legal folly? In 1876 American ships earned for their owners twenty-eight million dollars. Against this we paid our neighbors for the *use* of their ships eighty-four million dollars. This present year we shall pay not much less than one hundred millions because our exports are greater than ever before. Yet Congress cannot see that we are subsidizing foreign shipping at the expense of farmers, manufacturers and the whole nation.

Subsidies, direct or indirect, to our own shipping, may be unwise even in times of extreme depression like the present. But if subsidies must exist, if we must pay our millions for the promotion of commerce, let the money enrich our own citizens. The JOURNAL is not an advocate of subsidies. Foreign shipping is sufficiently protected at home. When Congress shall extend to our shipowners' privileges equal to those enjoyed by their competitors abroad, we may possess a gre t mercantile navy again. Until there is proper le islation concerning our shipping we must contin to pay as before.

Baltimore and Hanover Railroad.

The Hanover (Pa.) Spectator learns that about seven miles of the graduation and masonry of the Baltimore and Hanover railroad, from its beginning or intersection with the Bachman Valley railroad to Maple swamp, have been completed and are ready for track laying, which work will shortly be commenced. Work has also been commenced by the contractors, Messrs. Diller, Greider and Fleagle, on the three miles recently awarded them from Maple Swamp to Hampstead, and the remaining portion of the line, from Hampstead to Emory Grove, some eight miles, where it will connect with the Western Maryland railroad, will be given out soon and operations vigorously pushed along the entire line to speedy completion. The Spectator thinks it probable that the road will be finished and in operation by the beginning of fall.

☞ Mr. Clifford S. Sims has been elected secretary of the "Pennsylvania Company," in place of C. P. Mackie, resigned. The office of the secretary will be, as heretofore, at No. 233 South Fourth street, Philadelphia.

☞ The President has signed the bill prohibiting any further contraction of the legal tender circulation. The amount of legal tenders left outstanding is $346,681,016, and all hope is abandoned of reducing the total to $300,000,000.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "†."

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "†."

Kentucky River Bridge.

At a recent meeting of the Engineers' Club of Philadelphia Mr. Wm. F. Sellers read an interesting paper on the "Kentucky River Bridge." The paper was illustrated by large photographs of the structure and by working drawings.

The Cincinnati Southern Railway crosses the Kentucky River at a point where, several years ago, four stone towers were erected by Mr. Roebling. The structure for which these were intended was never completed. The river at this point is about 300 feet wide and flows in the bottom of a narrow canon, about 300 feet deep and 1300 feet wide.

For numerous reasons a pier in the river was rendered impracticable; so it was decided to use three spans of 375 feet each. These were erected without the use of any false works, which the great height of the bridge and the swift current of the stream precluded.

Though a continuous girder, in three spans, would have fulfilled all of the conditions necessary during erection, yet the fact that the iron piers would vary in height with the temperature, while the cliff abutments would not, made it obligatory that the spans should be so hinged as to permit of this vertical motions of the piers, without altering the strains in the truss.

It was finally decided to construct the bridge with a central span, which may be described as a beam supported near each end, the overhanging portions helping to support the central portion, the piers acting as fulcrums.

The end spans were supported at the shore ends by abutments, and at the other end by the weight of the middle spans acting over the piers as levers; the distance from the pier to the contraflexure point being the short arm of the lever. This important point was found, by dealing with the truss panel by panel and member by member.

The truss is 37½ feet deep, 18 feet wide, and each span divided into 20 panels, of 18¾ feet each. All connections between the ties, posts and cords were made by pins. Those pins which were strained in erection were forced in place by hydraulic pressure, and served as rivits; while other pins were put in loosely.

The dimensions of piers and masonry, and the results of the final tests were given, all proving of very great interest.

Public Debt of the United States.

By the monthly report of the public debt for May, given elsewhere, we learn that the debt was decreased during the month $3,070,198 08. The total principal of the debt now outstanding is $2,240,809,802 34, on which there is due and unpaid of interest $31,335,417 87, giving a total of principal and interest of $2,272,145,220 21. There was at the same time cash in the Treasury, of coin, $189,708,021 15, of currency $3,094,748 47, currency held for redemption of fractional currency, $10,000,000, exclusive of $35,705,000 of special deposits for redemption of certificates, making the total of cash in the Treasury $238,507,769 57, reducing the debt, less cash in the Treasury on May 1, 1878, to $2,036,707,648 72, debt less cash in the Treasury on June 1, 1878, $2,033,687,450 64, showing a decrease during the past month of $3,070,198 08. Decrease of debt since June 30, 1877, $26,520,772 62. Bonds issued to Pacific railroad companies, interest payable in lawful money, principal outstanding, $64,623,512; interest accrued and not yet paid, $1,615,587 80; interest paid by United States, $37,896,334 50; interest repaid by transportation of mails, etc., $9,452,577 02; balance of interest paid by United States, $28,443,757 47. The payments made from the Treasury by warrants during the month were: on account of civil and miscellaneous, $4,685,360 25; War, $2,939,270 64; Navy, $825,799 20; Interior (Indians and Pensions), $3,899,910 70; total, $12,350,340 79. The above does not include payments made on account of the interest or principal of the public debt of the United States.

Erie Railway.

The following is a comparative statement of the gross earnings, working expenses and net earnings of the Erie Railway for the months of January and February, 1877 and 1878:

	January. 1877.	January. 1878.
Gross earnings	$1,052,712 67	$1,304,018 49
Expenses	1,041,671 50	959,793 51
Net earnings	$11,041 17	$344,224 98

	February. 1877.	February. 1878.
Gross earnings	$1,039,300 81	$1,121,411 46
Expenses	857,844 20	804,847 05
Net earnings	$181,456 11	$316,564 59

—showing an increase in net earnings in January of $333,183 81, and in February of $135,108 48—a total of $468,292 29.

The net earnings for the five months of the financial year exceed those for the same period last year by $797,935 44.

☞ At the annual meeting of the Manchester and Keene Railroad Company, held at Keene, N. H., on the 16th ult., the following board of directors was elected: T. A. Wood, Henry Colony, S. G. Griffin, Geo. B. Twitchell, C. Robb, Milan Harris, Dana Sargent, J. H. Buttrick, David Gregg, S. W. Hale and Samuel G. Dearborn. Thomas C. Hatch, Clerk. The contractors say they will have it all graded by Sept. 1.

☞ The Harlan & Hollingsworth Company of Wilmington, Del., has just received a contract for the construction of a freight and passenger steamer to run between Charleston and Florida. She is to be a duplicate of the Carolina, built by the same company for the Baltimore Steam Packet Company, and now running between Baltimore and Norfolk. Work will be commenced on the new vessel immediately.

☞ By a vote of more than four to one, the people of Franklin county, Va., have ordered a subscription of $200,000 on the part of the county to the capital stock of the Franklin and Pittsylvania railroad, running from Ward's Spring, a station on the Midland road, to Rocky Mount, the county seat of Franklin. Eight miles of this road have been completed and are now in running order.

☞ At a meeting of the directors of the Chicago, Rock Island and Pacific Railroad Company, at Chicago on the 3d inst., it was decided to extinguish $4,000,000 of the stock of the company, which, it is said, was never issued.

American Railroad Journal.

Saturday, June 8, 1878.

Financial and Commercial Affairs.

Increasing ease in the Money line was the feature of the loan and discount market, which exhibited less activity, outside the transactions on speculative account for Stock Exchange purposes. The mercantile requirements were less urgent, and the offerings of the best grades of commercial paper—the only grades in request and salable without difficulty—were much lighter. The more cheerful feeling in financial and commercial circles tended to strengthen confidence, on the part of lenders, who were more liberal of aid to responsible borrowers. Call loans have been quoted here at from 2@4½, with 2½@3½ per cent as the basis of the principal negotiations, and very choice to strictly prime mercantile credits were rated at 3@5½, the best grades passing readily at 3½@4 per cent per annum. The City bank exhibit of last week indicated an increase in the loan and discount average of $52,200, and a further contraction in the item of circulation of $64,800. The average of deposits was enlarged $882,600. The legal tender reserve was augmented $3,224,100; and the specie average reduced $2,825,900. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $14,282,225, against $14,104,675 the preceding week, and $17 608,550 the week ending April 20th (the latter the highest aggregate yet reached this year.) The City bank exchanges in currency reached $339,022,453, or a daily average of $67,804,491.

The outstanding amount of legal tender notes is

$346,743,313. The National bank circulation is now $322,555,965 of currency notes and $1,432,-120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $4,-831,000.

The U. S. Sub Treasury receipts in May were $73,495,748 (of which $6,755,113 from Customs;) payments, $43,251,268, (of which $4,653,431 were for coin interest.)

The U. S. currency of all denominations, outstanding on the 1st inst., was $363,407,012.

The liquidation of the public debt of the United States in May reached $3,070,198; and since July 1, $26,520,778 millions.

Government Securities have been in fairly active demand, almost wholly on investment account, at generally well supported prices, closing on Wednesday quite firmly. At the close on Wednesday the current quotations were as follows:

United States 6s, 1881, registered, 105⅝@105¾; do. coupon, 108⅝@108¾; 5-20s, 1865, new, registered, 101¾@102; do. coupon, 104¾@105; do. 1867, registered, 104⅜@104⅝; do. coupon, 107⅜@107⅝; do. 1868, registered, 106⅝@107; do. coupon, 109¾@110¼; ten-forties, registered, 107⅜@107⅝; do. coupon, 107⅜@107⅝; five per cents, 1881, registered, 105⅝@105¾; do. coupon, 105½@105¾; 4½ per cents, 1891, registered, 103½@103¾; do. coupon, 103½@103⅝; 4 per cents, 1907, reg, 101¼@101⅜; do. coupon, 101¼@101⅜; sixes, currency, 119¾@120; Central Pacific gold bonds, 108@108⅛.

It was announced on Monday that the Government refunding loan Syndicate had subscribed for the remaining $15,000,000 United States 4½ per cent bonds, thus absorbing the entire $50,-000,000 stipulated for in the contract of April 11.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $349,166,450, and $18,-858,000 as security for public deposits.

The income of the Government from internal revenues last week was about 2¼ millions, and from Customs last week about two millions.

A fair inquiry has been noted for State bonds on investment account, which have been quoted generally higher. Railway Mortgages of the better class have been in brisk request and, as a rule, decidedly buoyant as to price, the investment demand absorbing large amounts of the favorite loans. And in the line of Railway and Miscellaneous share property business has been quite active, at firmer though variable prices, the ease in Money, and encouraging traffic reports of the great trunk lines of railway serving to stimulate operations.

Gold has been moderately active, opening with indications of buoyancy, but subsequently yielding in price, and leaving off steady at the slightly reduced figures. The customs and export drains were comparatively light. The extremes during the week have been 100⅜@101⅛, closing on Wednesday at 101⅞ as against 101⅛ on Wednesday of the preceding week. The specie outflow last week was only $171,623—making the total exports of specie hence since January 1, $7,978,199 against $15,260,274 the same time in the preceding year. The imports of specie at this port last week were to the amount of $252,614 (chiefly from the West Indies and Central America), and since January 1st have been $11,878,011 as against $6,869,885 same time in the preceding year. The Customs demand for gold in the local market last week reached $1,374,941 or an average of $274,-988 per day.

Foreign Exchange has been in very moderate request at easier rates but left off somewhat more firmly. Bankers' sixty day bills on London closed on Wednesday at $4 84@$4 85; sight bills on London at $4 86@$4 87 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $5,517,360 as against $6,340,376 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $656,196 of Dry Goods, and $4,861,164 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were to the aggregate value of $5,139,552 against $6,251,533 same week in 1877; and since Jan. 1 have been $145,507,518 against $112,951,137 same time last year.

Less demand has been noted for Metals which have shown weakness and irregularity as to price, in most instances. Iron has been in comparatively limited request. Eglinton Pig Iron quoted at $22@$23; Glengarnock $23@$23 50; Coltness $24; No. 1 American Pig at $16 50@$18 50; No. 2 do. at $15 50@$17. Forge $15@$16. New Iron Rails at works $33@$37. Old Rails $18@$18 50. Wrought Scrap $20@$21. Steel Rails, on the basis of $43@$45. Ingot Copper for prompt delivery has been lightly dealt in on the basis of 16¼cts. for early delivery.

A somewhat livlier movement has been reported in Produce and Merchandise especially in domestic produce, with prices however quoted irregular. Breadstuffs have been more sought after, in good part for shipment, and closed stronger. Provisions have been attracting more attention and toward the close hog products quoted higher. Cotton has been moderately active leaving off about steady. Naval Stores and Petroleum have been held more confidently, on, however, a restricted call for supplies. Foreign merchandise has been in moderate request with values quoted essentially unchanged.

Ocean freights have shown considerable animation and have been quoted firmer, on lighter offerings for room on berth and tonnage on charter. For Liverpool steamer rates at the close for Grain, quoted at 8½d. per 60lb. Flour, at 2s. 6d.@2s.9d. Provisions, 30s.@40s.; Leather, 50s. Measurement Goods at 20s.@23s. 9d. per ton; Cotton, ⅛d. per lb. Liverpool, by sail. Cotton, ⅛d. Grain at 6@6½d.; Flour, 2s.; Measurement Goods, 15s. Tobacco 25s.; Oil Cake at 20s.@22s. 6d. Grain rates on charter hence for Cork and orders left off at 5s. 10½d.@6s.; for the Continent Grain at 5s. 3d.@6s. 6d. and from Baltimore for Cork and orders, 6s.@6s. 8d. and from Philadelphia at 5s. 10½d.@6s. 3d.; from Boston at 5s. 6d.@5s. 9d. and from Portland at 5s. 9d.@6s., and to the Cape of Good Hope 40s. per ton, and from San Francisco to the United Kingdom (next crop) at 50s.@55s. Refined Petroleum hence for Liverpool at 3s. 6d.@3s. 10½d.; Cork and orders, 3s. 9d.@4s. 3d.; for the Continent, 3s. 6d.@4s., for the Baltic at 4s. 6d. @5s. and Java at 32@35ct. and Japan 87½@45cts. and for French ports (crude) at 3s. 9d.@4s. 3d. Gibraltar and orders at 4s. 6d.@4s. 9d.@5s. 6d. @5s. 9d.; do. in cases, from N. Y. to Italian ports, at 25@28ct. and Adriatic 28@32cts. and Constantinople 29cts. Cotton by sail from New Orleans to Liverpool 5-16d.@⅜d.; Ky. Tobacco from New York to Spain at 30s.@32 6d. and to France at 32s. 6d. @35s. Naval Stores from Wilmington, Charleston, or Savannah for Cork and orders at 4s.@4s. 3d. and 6s.@6s. 3d. Lumber from New York to Montevideo at $14 and 5 per cent primeage. Savannah to Cadiz $15. Savannah, Brunswick or Union Island to the River Platte $19. Deals from St. John (N. B.) to Liverpool at 65s.@67s. 6d. Through Provision freight room by steam from the West for Liverpool quoted at the close at 44@50ct. per 100lbs. as to routes.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

Redemption of Five-twenty Bonds.

The Secretary of the Treasury issued on the 5th inst., the fifty ninth call for the redemption of 5-20 bonds of 1865—consols of 1865. The call is for $5,000,000, of which $2,500,000 are coupon and $2,500,000 registered bonds. The principal and interest will be paid at the Treasury on and after the 5th day of September next, and the interest will cease on that day. The following are the descriptions of the bonds:

Coupon bonds, dated July 1, 1865, namely: $50, Nos. 59,001 to 60,000, both inclusive; $100, Nos. 101,001 to 103,000, both inclusive; $500, Nos. 69,001 to 72,000, both inclusive; $1,000, Nos. 125,001 to 130,000, both inclusive. Total coupons, $2,500,000.

Registered bonds, redeemable at the pleasure of the United States after the first day of July, 1870, as follows: $50, Nos. 2,051 to 2,100, both inclusive; $100, Nos. 16,601 to 17,150, both inclusive: $500, Nos. 9,701 to 10,000, both inclusive; $1,000, Nos. 32,201 to 33,100, both inclusive; $5,000, Nos. 8,701 to 8,900, both inclusive; $10,000, Nos. 16,251 to 16,750, both inclusive. Total registered, $2,500,000. Aggregate, $5,000,000.

☞ The Phœnix Iron Co. Phœnixville, Pa., are putting in their works a Riehle Bros. Self Adjusting Track Scale of 100,000lbs. capacity. The Riehle Bros. Railroad Track Scales are also being erected at Paschallville, on the Philadelphia, Wilmington and Baltimore R. R., for Cross & Anderson of 60,000lbs. capacity.

☞ The steamboat Mary Morgan was successfully launched from the ways at the yard of the Harlan & Hollingsworth Company, Wilmington, Del., on the 1st inst. The vessel is an iron side wheel steamboat, 165 feet long, 28 beam and 9 deep. She was built for the late Charles Morgan of New York, and will be put into service in the vicinity of New Orleans.

Erie Railway.

The report of Hugh J. Jewett, Receiver of the Erie Railway Company, for the month of March last was filed in the County Clerk's office on the 1st inst. The report states that the cash balance had been diminished from $466,149 97 to $225,598 76; that there had been an increase of receiver's certificates to the amount of $219,631 06; that during the month there was paid interest on mortgage bonds $706,562 50, for coal lands $15,250, and for a new locomotive $9,000. The total receipts are given as $2,426,466 75, and disbursements $2,667,017 96. The amount of receiver's certificates outstanding on February 28, was $1,020,860 64, and on March 31, $1,239,991 70.

☞ We give elsewhere the last official statement made by the Bureau of Statistics showing that the amount of exports and imports during the ten months which ended April 30 were as follows: Total exports of merchandise, $593,187,292; imports, $365,561,851; excess of exports over imports, $227,625,441; exports of specie and bullion, $27,077,914; imports, $25,794,400; excess of specie exports over imports, $1,283,514; excess of exports over imports of merchandise and specie, $228,908 955.

☞ At a meeting of the new Board of Directors of the Pacific Mail Steamship Company, held in this city on the 31st ult., Captain David S. Babcock was elected President, and Captain John Riley Vice President. Wm. H. Lane was temporarily retained as Secretary. A committee was appointed to make a thorough investigation of the financial condition of the company, and report at a future meeting.

☞ Judge Dillon has issued an order to J. P. Farley, Receiver of the St. Paul and Pacific Railroad, to extend the main line to Cemina, 65 miles, and the branch line from Melrose to Fergus, 81 miles. The grade of both extensions was built prior to 1873, when a Receiver was appointed. The sum of $500,000 is to be borrowed to tie, iron, and bridge the extensions.

☞ The Meyersdale (Pa.) Commercial says that the Keystone narrow gauge railroad is to be extended from its present terminus at Keystone mines to the fire-clay mines of the Union Mining Company, three miles from Mount Savage, reaching the Cumberland and Pennsylvania railroad, and by it other railroads and the canal.

☞ The product of the mines of the Cumberland coal region for the week ending Saturday, June 1, 1878, was 38,759 tons, and for the year to that date 497,609 tons, a decrease of 85,865 tons as compared with the corresponding period of last year.

☞ The New Jersey West Line Railroad will be sold in Newark on the 29th of June, under foreclosure, by Senator Randolph and B. G. Clark, trustees.

☞ The gross earnings of the Kansas Pacific Railway in April, 1878, were $281,600 84, the expenses $201,510 10, and the net earnings $80,190 74.

Outstand'g fractional currency	21,206,930 23	16,658,698 58
Outstanding silver coin....	32,773,744 06	38,954,118 34
Total debt, less cash in Treasury.....	2,063,377,342 37	2,033,637,450 64
Reduction of debt for May	6,981,274 83	3,070,198 08
Reduction of debt since July 1.....	*36,062,002 62	26,520,772 62
Market value of gold.....	106 37	101 12
Imports (twelve months ending April 30)	429,854,963 00	458,701,356 00
Exports (twelve months ending April 30)	602,907,341 00	681,148,525 00

*This reduction includes $9,553,800 Geneva-award bonds cancelled.

A New Russian Canal.

The Russian government has in contemplation the construction of a maritime canal in the lagoons, which extend from Cronstadt to St. Petersburg. The work is to be commenced in October, and completed before 1883. The presence of ice each year reduces the time for work by about six months. The width of the canal will be about 200 feet, and its depth 20 feet. The length will be about ten miles, and the quantity of sand, and especially mud, that has to be extracted is estimated at nearly 7,000,000 cubic metres. The object of the enterprise is to form in the immediate neighborhood of St. Petersburg a port of trade accessible to ships of any tonnage. When, moreover, the lateral canal to the Neva, and the railway projected for connecting all the lines of southern Russia with the capital will have been executed, commerce will find great facilities for penetrating into all parts of this immense country. The vessels on the Volga will then be able to transfer their merchandise directly to ships engaged in ocean navigation. The dredges and other machines required for this great scheme are now being built in this country; and it is said an American company has been negotiating for the construction of the canal.

Concord Railroad.

At the annual meeting of the stockholders of the Concord Railroad Company, held in Concord, N. H., on the 28th ult., the report of the directors for the year ending March 31, 1878, was accepted and placed on file, and the following gentlemen elected directors for the ensuing year: Onslow Stearns of Concord, James W. Johnson of Enfield, Frederick Smyth of Manchester, Joseph P. Pitman of Laconia, John A. Burnham of Boston, Samuel N. Bell of Manchester and J. Thomas Vose of Boston. The whole number of votes cast was 16,530. At a meeting of the directors held subsequently Hon. Onslow Stearns was re-elected President, and Joseph W. Fellows of Manchester Clerk.

The foregoing is a correct statement of the public debt, as appears from the books and Treasurer's returns in the Department at the close of business, May 31, 1878.

JOHN SHERMAN,
Secretary of the Treasury.

☞ At the annual meeting of the bond and stockholders of the St. Louis, Alton and Terre Haute Railway Company held at St. Louis on the 3d inst., the following directors in the first class were elected: W. B. Cutting, Thomas Denny, John S. Barnes, John M. Burke, and Anthony Gilkeson. The new board organized by electing W. B. Cutting President, George W. Parker Vice President and Treasurer, and E. F. Leonard Secretary.

☞ Articles have been filed in the office of the Secretary of State of Ohio of the Cincinnati and Fayetteville Railroad Company, extension of line and change of terminus from Fayetteville, Brown county, said extension passing through the counties of Brown, Highland, Pike, Ross, Vinton, Hocking and Athens.

☞ The property of the Erie Railway Company was transferred on the 1st inst. from the hands of the Receiver to the New York, Lake Shore and Western Railway Company, which is the new name of this corporation under reconstruction, with Hugh J. Jewett as President.

☞ The stock of the Cincinnati and Fayetteville (Ohio) Railway company has been increased from $120,000 to $750,000.

☞ The western division of the New Orleans, Mobile and Texas Railroad, sold by auction on the 31st ult. was bought in by the receiver for account of the large bondholders, who own the Texas and New Orleans Railroad. Negotiations are now pending with Mr. Morgan to release certain franchises from Morgan City to Vermillionville for the bonds held by Charles Morgan, on the condition that the latter builds a road from Morgan City to Vermillionville. There is a report here that the trustees may build from Sabine eastward, and utilize the first line built.

The Coal Trade.

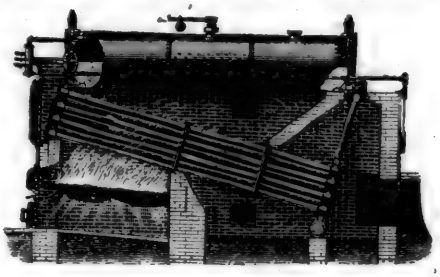
For the week ending May 25, the total anthracite production, as reported by the several carrying companies, amounted to 214 891 tons against 445,563 tons in corresponding week last year, a decrease of 230,672 tons. The total amount of anthracite mined for the coal year is 4,930,659 tons, against 6,977,259 tons for same period last year, a decrease of 2,046,700 tons. The quantity of bituminous coal sent to market for the week amounted to 66,628 tons, against 67,870 tons in corresponding week last year, a decrease of 1,242 tons. The total amount of bituminous mined for the year is 893,694 tons, against 1,154,908 tons for corresponding period last year, a decrease of 260,944 tons. The total tonnage of all kinds of coal for the week is 281,519 tons, against 513,433 tons in corresponding week last year, a decrease of 231,914 tons. The total tonnage of all kinds of coal for the coal year is 5,824,623 tons, against 8,132,267 to same date last year, a decrease of 2,307,644 tons. The receipts at Perth Amboy for the week ending on May 25th were 5,309 tons the shipments 19.487 tons, leaving a stock on hand of 43,962 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the third week of May was 89,584 tons, of which 69,299 tons were coal, and 20,285 tons coke. The total carried for the year is 1,765,724 tons, of which 1,871,680 tons were coal and 391,044 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad carried no anthracite coal last week to Port Richmond, whilst 46,700 tons were shipped thence, leaving the stock on hand at Port Richmond last Saturday about 71,600 tons.—*Phila. Ledger, June 3.*

Business of the Erie Canal.

Canal Collector McManus furnishes the following statement of the canal business at the port of Buffalo for the month of May, also comparisons for the season thus far:

Shipments for May, 1878—Lumber, 12,594,224 feet; shingles, 1,521,000; staves, 16,193,900; wheat, 3,861,792 bushels; corn, 4,179,354 bushels; oats, 457,431 bushels; barley, 31,309 bushels; rye, 259,041 bushels; barley malt, 18,000 bushels; peas and beans, 4,340 bushels; lard 14,085 lbs.; pork, 2,000 bbls.

Amount of tolls collected May, 1878.	$94,416 71
Amount of tolls collected May, 1877..	41,140 09
Increase in 1878....	$53,276 62
Number of clearances May, 1878..	1,314
Number of clearances May, 1877.	628
Increase in 1878....	686
Amount of tolls collected for season of 1878	$137,575 64
Amount of tolls collected for season of 1877	41,144 09
Increase in 1878...	$96,371 55
Number of clearances for season of 1878...	1,904
Number of clearances for season of 1877...	628
Increase in 1878	1,276



☞ The directors of the Central Vermont Railroad Company, recently elected, are: J. Gregory Smith, St. Albans; James K. Langdon, Montpelier; Benjamin P. Cheney, Boston; George M. Rice, Worcester; John H. Kimball, Bath, Me.; W. C. Smith, St. Albans; Jacob Edwards, Boston; Jed. P. Clark, Milton; Bradley Barlow, St. Albans; B. B. Smalley, Burlington; James W. Emery, Boston; John W. Stewart, Middlebury; Otis Drury, Boston.

☞ A certificate of incorporation has been filed with the Secretary of State of Ohio of the Toledo and Ann Arbor Railroad company, capital stock $450,000, in shares of $100, by James M. Ashley and others.

BABCOCK & WILCOX

PATENT

Tubulous Steam Boiler.

Best Wrought-Iron Lap-Welded Boiler Tubes, Expanded into Cast-Steel Up-Takes.

No Bolted or Packed Joints.

ALL CONNECTIONS MADE BY EXPANDING TUBES INTO BORED HOLES.

Centennial Exposition Medal awarded this Boiler for highest Economy and Efficiency on Test.

Illustrated Circulars, and other desired information, promptly furnished.

WHO WANTS MACHINERY!

We have for sale the *Largest and Most Varied Assortment* of Machinery, both NEW and SECOND-HAND, to be found in the hands of any firm in the United States, and we offer at prices far below the market value. Send stamps for our No. 17 PRINTED LIST, fully describing over 1,200 machines with price affixed to each, comprising from one to a dozen machines of each of the following articles, with many others not named.

Anvils	Clothespin Machinery	Hay Presses	Planers, Iron
Ax Handle Lathes	Dovetailers	Horse Powers	Planers, Wood
Bellows	Drop Presses	Hub Machinery	Portable Mills
Belting	Drill Presses	Hoisting Engines	Power Hammers
Blowers	Daniels Planers	Hydraulic Presses	Portable Engines
Brushers	Door Machinery	Irregular Moulders	Printers' Machinery
Band Saws	Edgers	Jacks	Pipe, steam & water
Buzz Saws	Elevators	Jig Saws	Planers & Matchers
Bolt Cutters	Extractors	Jack Screws	Portable Grist Mills
Bolt Machines	Emery Wheels	Looms	Rolls
Bobbin Lathes	Engines, 1 to 300 h p	Lathes, Iron	Re-Saws
Boring Machines	Excelsior Machines	Lath Machinery	Radial Drills
Boiler Feed Pumps	Fans	Lathes, Wood Turning	Rivet Machines
Boilers, 1 to 100 h p	Forges	Leather Belts, 2 to 24 i	Ring Spin'ing Frames
Box Board Matchers	Fire Pumps	Matchers	Rubber Belt'g, 2 to 24i
Blind Slat Crimpers	Foot Lathes	Mortisers	Saws
Blind Slat Tenoners	Fire Engines	Mill Spindles	Scales
Box Board Machinery	Friction Clutches	Milling Machines	Shears
Cards	Gearing	Moulding Machines	Saw Mills
Chucks	Grist Mills	Nut Tappers	Saw Arbors
Cupolas	Governors	Nut Machinery	Surfacers
Crushers	Gear Cutters	Pumps	Swing Saws
Cob Crackers	Gauge Lathes	Punches	Steam Pumps
Circular Saws	Grindstones	Pickers	Steam Yachts
Cotton Machinery	Gray & Woods' Plan'r	Pulleys	Steam Gauges
Circular Saw Mills	Hose	Pulp Pumps	Spoke Lathes
Clapboard Machines	Heaters	Power Presses	Steam Hammers

Shingle Mills, Skein Winders, Sash Machinery, Splining Machines, Stationary Engines, Tenoners, Trip Hammers, Upright Engines, Upright Boilers, Vises, Veneer Saws, Victor Lathes, Variety Moulders, Whistles, Wire Rope, Water Wheels, Woolen Machinery, Yachts.

No matter what machine or machines you are in want of, do not purchase until you send for and read one of our LISTS, and see the prices at which we sell. *State fully just what you want.* Address:

S. C. FORSAITH & CO.,

NEW YORK.

Purchase all marketable Railway Securities. A specialty of Stocks and Bonds of Roads leased to Erie and New York Central, either interest-paying or defaulting. Also, Stockf and Bonds of City Railroads.

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further procedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

23 Nassau Street,
NEW YORK.

THE THOMAS PATENT CASH AND TICKET INDICATOR.

This is the only invention which will positively regulate and furnish railroad companies with a full and complete record of all passengers carried on trains, either having tickets, paying cash, or otherwise. As will be seen by the above illustration, it is a box with a glass front. After the conductor takes the passenger's ticket, he punches it and places it in the box, as per example: The passenger's destination is New Brunswick; the conductor punches the ticket, and, as we have stated, places it in the box; upon the arrival of the passenger at New Brunswick, he leaves the train, and another passenger takes his place whose destination is Wilmington; the conductor takes his ticket, punches it, and lifts the lid of the Indicator, when the New Brunswick ticket falls to the bottom, the Wilmington ticket taking its place. The lid is so arranged that it is impossible for the passenger or conductor to again get possession of the ticket, but every passenger can keep his ticket in sight until he arrives at his place of destination. The box is placed between the windows of the car on the panel under the rack. If a traveler is going from New York to Baltimore, the conductor need not raise the lid of the box until the arrival of the train at Baltimore, and then only to put the Washington ticket in. Upon the arrival of the train at Washington, or any station which the proper officer may designate, his agent goes around and collects every ticket or receipt for money collected. As will be seen, not a ticket can be sold or a dollar collected on the train that is not known by every passenger on the car.

Railroad officers desiring further information will please address

New York, Saturday, June 15, 1878.

Forfeiting Railroad Land Grants.

Parties interested have prepared a bill to forfeit certain lands granted by Congress to aid in the construction of railroad and telegraph lines. This bill having been referred to the House Committee on the Public Lands, that committee has reported in favor of forfeiting land grants where the terms of the grant have not been complied with in good faith or the strict letter of the law. The committee say:

The immediate effect of the passage of this bill will be to remit back to the mass of the public lands, to be made a part of the domain of the United States and subject to speedy actual settlement, nearly, if not quite, 100,000,000, acres of the public lands granted by Congress to States and corporations to aid in the construction of certain railroad and telegraph lines, and which have not been earned by said States and corporations, but which have been forfeited by their failure to perform the conditions of their respective grants. A large portion of these grants have been withdrawn and withheld from settlement for more than twenty years, thereby defrauding of their rights an army of home-seeking settlers and the public treasury of the millions which would have resulted from the development of the vast domain thus withheld from settlement and cultivation. It is clearly in the power of Congress to enact this bill into a law, and it is its bounden duty to put an immediate stop to speculation on the public faith by corporations, to confirm to settlers the titles to their hard earned homes, to raise the embargo of grasping monopolies, and bid the great army of emigration to go forward.

It seems to us that this report is worded in a manner indicating a feeling on the part of the committee rather hostile than friendly to the corporations and States for whose benefit the land grants were made. The addition of 100,000,000 acres to the public domain, already surveyed and easy of access for settlement, is a matter of some moment to the government. But the careful protection of all private interests and vested rights under the government is a matter of much greater importance.

When States or corporations have willfully or negligently failed to comply with the terms imposed by Congress in making the grant, it is both proper and right that the grant should be annulled and the lands returned to the public domain for immediate settlement. But, when due diligence has been made, and all done within the power of the grantee to comply in letter and spirit with the grant, it is not just or right to insist upon "the pound of flesh," Shylock like.

The matter of land grants to railroads in particular, cannot be discussed here at length by reason of limited space. But the subject is especially worthy of candid and full investigation for the reason that it is so generally misunderstood. With a great number of intelligent people to day land grant is synonomous with fraud; whereas, in fact, the country is millions richer for nearly every grant of land made for building railroads. Here is the whole matter in a nutshell: Without railroads vast bodies of the goverment lands were wholly worthless. With the roads built and running the government has sold for immediate settlement, and always at double price, a body of land equal in extent to that granted to the railroad. Here then, is no loss but a great gain—immediate settlement. When the immediate settlement of other vast tracts adjacent to such railroads is added to the account, it will be readily seen that the government, which stands for the nation here, has really gained enormously by its land grants. Such being the fact the government should act cautiously in forfeiting grants unless there are good and sufficient reasons for doing so.

Mineral Wool.

In answer to "Superintendent" the utilization of Mineral Wool for deadening walls and roofs, as described in the AMERICAN RAILROAD JOURNAL of May 25th, is *not* confined to frame-buildings *only*, but may be applied with equal advantage in brick, stone or iron structures—provided always that the filling or deadening is not required to possess supporting strength, like partition-walls built of solid masonry, or cement fillings between iron girders, etc.

Mineral Wool is not made into felt, but it is stuffed in in its loose fibrous condition—the same as raw-cotton, wool or hair.

The ordinary kind used for building purposes weighs only 28 pounds per cubic foot, which is less than the weight of dry yellow pine wood, 75 pounds less than bricks and over 100 pounds less per cubic foot than concrete in cement.

For lining iron buildings Mineral Wool seems to be especially adapted, as it prevents the frequent *sweating* of the iron, which is the condensation of moisture caused by a too rapid interchange of temperature through the walls. When a water-cooler which contains ice or cold water *sweats* on its outer surface, it is a sure sign that its walls are not thick enough or not made of the proper material to keep the cold in; and if it is filled with hot water the condensation of moisture will take place *inside*, as seen by raising the lid of such a vessel. Roofs and walls made of iron—which is one of the best conductors of heat—should therefore be properly lined with a slowly conducting or so called "non-conducting" substance, so as to prevent the loss of heat in winter and its radiation in summer.

For lining the walls and roofs of the stations on

elevated railroads, which are subjected to jar and vibration no more suitable material than Mineral Wool could be imagined.

Considering that the non-conducting capacity of building materials is nearly in the inverse ratio to their density and weight, or, in other words, that the capacity for excluding or retaining heat and cold is almost in proportion to their *porosity* and *lightness*, it would seem that there is some room for improvement in the present mode of constructing buildings, as regards their cooling and warming, and that this comparatively *new* material "Mineral Wool," is destined to contribute largely to our comfort and safety.

For covering steam-pipes, boilers, tanks, cold-water pipes, etc., Mineral Wool is already extensively used. It is best put on under wood-lagging, or by encasing pipes, etc., in wood, which can be done in a neat manner by any carpenter or cooper.

Important Decisions.

Two important cases were decided in the United States Court of Claims on the 11th inst. The Union Pacific Railroad Company brought suit in this court for the "half transportation moneys" withheld by the government, and the latter set up in offset a claim for five per cent of the net earnings of the road since its completion. The suit raised two questions: first, "When the road was completed," and second, "What constituted net earnings?" The decision is that the road was completed November 6, 1869, the time when the commission of eminent citizens made their report, and that the earnings are to be computed by deducting from the gross receipts the operating expenses only, and not interest, the floating or bonded debt, nor any other expenditures. Judgment is rendered against the company for $774,089, against which the company holds a prior judgment for transportation earnings of about the same amount. The decision was by Chief Justice Drake, Justice Richardson and Justice Davis, who concurred with the two first named members of the court on all but a few incidental points of minor importance. The case goes to the United States Supreme Court on appeal.

The other noteworthy judgment rendered by the Court of Claims is in favor of the Pacific Mail Steamship Company and against the United States, for $41,666 for the trip of the City of Peking from San Francisco to China and Japan and return in March, 1875. This decision affirms the validity of the ten-year contract of the company for carrying the mails, which was terminated by Congress after the Peking sailed in consequence of the disclosures of R. B. Irwin relative to the expenditures of money by the company to procure the subsidy.

☞ Recent reports from the engineers in charge of the Baltimore and Delta Narrow Gauge Railway inform us that the work of locating the line is progressing satisfactorily. They have reached a point beyond Forest Hill, Harford county, on their way to Delta. The prospects now are that the cost of grading will fall below the estimates based upon the preliminary survey. The managers of the road are now fully satisfied that if they can get into shape to take advantage of the present depression in prices the entire cost of their road and equipments, including engine-houses, turn-tables and station-houses at the more important points, will not exceed $12,500 per mile in cash.

Concord Railroad.

The receipts from operations of this road for the years ending March 31, 1877 and 1878, have been as follows:

	1877.	1878.
From passengers	$320,829 82	$286,081 09
" freight	519,867 92	452,046 07
" rents	3,778 64	3,947 14
" express	13,550 04	13,550 04
" mails	14,001 66	15,547 24
	$871,528 08	$771,171 58
Expenses, viz:		
Repairs of road	$108,758 49	$63,455 58
" structures	41,356 95	14,363 85
" locomotives	16,447 02	15,979 49
" cars, etc	28,435 87	25,580 38
Oil and waste	10,929 88	8,136 11
Fuel	117,003 65	103,581 49
Passenger expense	58,171 56	52,621 45
Freight expense	68,577 52	59,996 43
Damages	3,650 93	1,918 00
General running exp	14,894 15	15,772 19
Insurance and taxes	8,416 98	7,174 61
New rails	69,749 83	47,883 15
New locomotives	7,448 02	.....
Westinghouse Air Brake	11,853 71	454 85
All other expenses	11,077 19	13,800 07
	$576,766 75	$430,717 65
Leaving a balance of	$294,761 83	$340,453 93
From which has been paid—		
Taxes on capital stock	$38,816 48	
Manchester and Lawrence Railroad	70,855 65	
Rent of Concord & Portsmouth Railroad	25,000 00	
Rent of Suncook Valley Railroad	8,094 00	
On account N., A. & B. rolling stock	20,000 00	
		157,266 13
Receipts over expenses		$183,187 80
From which is reserved and appropriated—		
For new iron and steel rails	$20,000 00	
For new locomotives	12,500 00	
		32,500 00
Leaving the sum of		$150,687 80
From this has been paid—		
Two dividends of five per cent each		150,000 00
Balance carried to contingent fund		$687 80

As above stated, the sum of twenty thousand dollars has been paid and charged to income on account of rolling stock purchased of the Nashua, Acton and Boston Railroad.

The above statement of receipts and expenditures for the year, with the Treasurer's trial balance hereto annexed, show the present financial condition of the corporation.

STOCK ACCOUNT.

The value of the stock and materials on hand for use of the road and its branches is $12,306 46 less than at the close of last year, but is still more than the average amount on hand during the past ten years. The decrease in the value of the stock is in the items of wood and coal, and the material in the repair shop, as will be seen by the annexed statement.

ROLLING STOCK.

No addition has been made to the locomotive power or rolling stock, during the past year, the amount on hand having been amply sufficient for the business of the road. Nine locomotives have been overhauled and thoroughly repaired; and all other needed repairs, to locomotives, passenger, baggage and freight cars, have been made. One new first class passenger locomotive has been contracted for, to be finished and delivered early in the coming season. The schedule of the rolling stock used in the operation of the road and its branches remains the same as at the time of the last report, and is, generally, in a good and serviceable condition.

ROADBED, TRACK, ETC.

The previous good condition of the roadbed, track, and superstructure generally, has been fully maintained; but owing to the decrease in the receipts of the road, the ballasting of the Concord and Portsmouth road with gravel, as referred to in the last report, has not been continued this year.

Four hundred and fifty-six tons of new iron rails, and five hundred and one tons of new steel rails (the same amount as last year,) have been purchased and laid in the track; and nine hundred and sixty-three tons of iron rails have been taken up, repaired and relaid, during the year. Sixty-two thousand three hundred and eight new sleepers have been placed in the track, and large repairs have been made on the bridges at Goff's Falls and Hooksett, and on the pile bridges on the Suncook Valley road. The ordinary and necessary repairs have also been made to other bridges, and to the culverts, fences, etc., upon the road.

DEPOTS AND OTHER BUILDINGS.

The depots and other buildings of the corporation have been kept well repaired, and all renewals and improvements which were immediately necessary have been made. In several previous reports, mention has been made of the need of new and more suitable passenger station buildings at Nashua and at Concord, and the directors are not unmindful of the fact that such improvements are desirable for the accommodation of the public, and the more convenient transaction of business at those stations; but, in consequence of the long continued depression of business, and the large falling off in the gross receipts of the corporation—the exercise of the most strict economy in the management of all departments of the road has been necessary, and it has been thought advisable to postpone the construction of those depots until a revival of business and increased income would warrant the necessary expenditure.

THE NASHUA, ACTON AND BOSTON ROAD

is, as contemplated by the lease, operated by this company, and the lease has proved to be advantageous. It has prevented interference with the rates, which are already low, and which, if materially reduced, would greatly affect our profits. We have reason to believe that arrangements were in contemplation which would have seriously affected the interests connected with this company, if the lease had not been made.

Notwithstanding the large reduction in freight rates, as adopted in the recent tariff, and the increased payments to connecting roads below—referred to in the last report—the directors are gratified in being able to state that, owing to the reduced cost of materials and the large decrease made in the operating expenses, the net earnings of the road, during the year, have been enough to warrant the payment of the usual dividends,—and they are hopeful that the future business of the road will be sufficient to enable the company to maintain the present excellent condition of its property, and secure reasonable returns to its stockholders.

The equipment of the road consists of: 38 locomotives, 44 passenger cars, 16 baggage and mail cars, 4 milk cars, 215 long box cars, 4 short box cars, 10 freight saloons, 473 long platform cars, 59 short platform cars, 157 large dump coal cars, 23 small dump gravel cars and 1 construction train car.

The total tonnage of the road for the year has been 673,740, equal to 21,634,669 tons transported one mile. Total number of passengers carried,

509,203; total carried one mile, 10,856,140. Number of miles run by trains, 617,354. Value of materials on hand at the close of the year, $184,956 74, against $197,263 20 at the close of the previous year—a decrease of $13,306 47.

BALANCE SHEET, March 31, 1878.

Construction	$1,500,000 00
Rindge's Wharf, Portsmouth	51,507 72
Manchester and North Weare Railroad	11,534 19
Mt. Washington Railroad	178 61
Suncook Valley Railroad	126,965 10
Notes receivable	70,488 57
Cash on hand	86,091 05
	$1,846,755 24

Income for dividend, May 1, 1878	75,000 00
Concord Railroad dividend unpaid	2,424 00
Concord and Portsmouth Railroad dividend unpaid	371 00
Suncook Valley Railroad, dividend unpaid	156 00
	$1,846,755 24

President.—ONSLOW STEARNS.

Directors.—Onslow Stearns, John A. Burnham, Frederick Smyth, J. W. Johnson, Joseph P. Pittman, S. N. Bell, J. Thomas Vose.

Treasurer.—NATHAN PARKER.

Superintendent.—H. E. CHAMBERLIN.

Charlottsville and Rivanna Railroad.

A preliminary meeting of the Charlottsville and Rivanna Railroad Company was held in Alexandria, Va., on the 6th inst., at which a temporary organization was effected, although it is understood that the company will not be fully organized until the right of way is obtained and the route of the new road settled. This company, according to a correspondent of the Baltimore Sun, from which the above was obtained, have in contemplation the construction of a railroad from Orange Court House, Va., to Charlottsville, which will shorten the route of the Virginia Midland Railroad many miles, and will also, by its connection with the narrow gauge railroad running from Orange C. H. to Fredericksburg, give a new line of all rail between the Chesapeake and Ohio Railroad at Charlottsville and the Richmond, Fredericksburg and Potomac Railroad at Fredericksburg, connecting also via that road with the Potomac river. It is understood that the right of way on the proposed road will be donated by the land owners without resort to condemnation. It is understood also that the Virginia Midland management will use the new line from Orange Court House to Charlottsville, instead of the Chesapeake and Ohio Railroad from Gordonsville to Charlottsville, as the connecting link between the old "Orange and Alexandria" section, which runs from Alexandria to Gordonsville, and the "Lynchburg extension" section, which runs from Charlottesville to Lynchburg. Indeed, it is understood that the new route will be substantially a portion of the Virginia Midland line, the trains turning off at Orange Court House, instead of at Gordonsville, as now. Judge Keith, whose receiver, Hon. John S. Barbour, manages the Midland road, made an order in the Alexandria City Circuit Court, authorizing the Midland receiver to lease the proposed Charlottesville and Rivanna Railroad upon such terms as will secure the proper rights of all parties. It is expected that the new road will be in running order before the close of the year.

Portland, Saco and Portsmouth Railroad.

The report of the Portland, Saco and Portsmouth Railroad Company for the year 1877 shows the affairs of the corporation to be in much better condition that at any time for several years previous. The supplemental agreement with the Eastern Railroad Company, made May 21. 1877, which explains the contract of March 4, 1871, went into effect a year since. By this agreement the affairs of the company are placed on a more satisfactory basis. The indebtedness consisting of notes of $250,000 indorsed by the Eastern Railroad Company, has been provided for by that company, relieving this company from all concern about liability, which may now be regarded as the debt of the Eastern Railroad Company, and which is provided for and will be paid within three years. This will render the Portland, Saco and Portsmouth Railroad Company free from all debt. The semi-annual dividends of 3 per cent have been promptly paid. The suit of the Boston and Maine Railroad Co. against the Portland, Saco and Portsmouth Railroad Co. for betterments upon the road, and the suit of the Portland, Saco and Portsmouth Railroad Co. against the Boston and Maine Railroad Co. for unadjusted freight balances, have been settled. All questions affecting the financial condition of the road have been definitely disposed of and the property relieved from all suits of every nature. The road property is in better condition than last year. About 117 miles of steel rails have been laid and 3000 new ties put down. All renewals are with steel rails, and ere long the entire main track will be of steel. About ten miles of new fence have been built during the year. The settled condition of the affairs of the road with the Eastern Railroad Company gives promise that the existing contract will be a permanent one.

Massachusetts Central Railroad.

At a special meeting of the stockholders of the Massachusetts Central Railroad Company, held in Boston on the 5th inst., the President, Silas Seymour, in the chair, it was voted that, whereas, the road had cost up to the present time a sum greatly in excess of its market value, in order to cover the loss so far as practicable and place the company in a position to complete the road within two years, the holders of capital stock shall transfer the same to a trustee till the expiration of the two years, when if the road is completed for trains its entire length, three-fourths in amount of said stock shall be subject to the order of the directors of the road upon the trustee, who shall by such order deliver the remaining one-fourth of said stock to the present holders, the right to vote upon the whole of the stock shall remain with the present owners during the continuance of said trust.

Resolved, That the above arrangement is approved by the stockholders, and that they will execute any or all transfers that may be necessary to complete the same whenever called upon to do so.

It was also voted that, as it was important that prompt action should be taken, the President and Messrs. Brigham and Cotting be a committee to bring the matter to the immediate notice of the stockholders and to such persons in the towns along the road that town meetings may be held for the proper action of the towns holding stock. The meeting adjourned *sine die*.

A New Western Pool.

The Union Pacific has now joined hands with the Kansas Pacific and Central Colorado Railroads, and the Omaha Bridge Company: an arrangement having been concluded to pool the entire gross earnings of the roads. It is understood that a division will be made upon the following basis: The Union Pacific to receive 71 per cent, the Kansas Pacific 19 per cent, the Colorado Central 6 per cent, and the Omaha Bridge Company 4 per cent. The management of the Union Pacific to have superior authority over the heads of departments in the other roads. It virtually places all the roads under one management so far as their operation is concerned. The Kansas Pacific being now in the hands of a Receiver, Mr. Carlos S. Greeley, will still nominally remain so. The quarrel of long standing between the Union Pacific and the St. Louis lines is now ended and St. Louis seems to be well satisfied with the settlement.

The Gould-Dillon management of the Union Pacific have no doubt acted shrewdly in making this combination with the Southern roads. It is suggested by the bear interest that the heavy indebtedness of the Kansas Pacific was a burden that wise men would shun. That may be so. But the prospects of the Kansas Pacific have improved lately and bid fair to continue in that direction. The road was built out into the wilderness without any possibility of immediate profit upon the investment. Since its completion to Denver the country adjacent and tributary to the road has settled up rapidly. Railroad lands are not sold generally to speculators but to settlers; the comparative high cost of railroad lands to government lands, an average of four to one, being the cause.

The Kansas Pacific is rapidly selling its lands as the following will show: The sales for the first four months of 1877 were in acres, 31 724; in amount $103,220. Sales for the same period in 1878 were 127,271 acres; for which was received $481,448. An increase is sales of 95,547 acres and $328,228 in value.

This shows plainly that the large crops of the past two years 1876-77 have stimulated emigration wonderfully. The small farmers and "renters" of Ohio, Indiana, and more especially Illinois, have earned money enough to buy cheap farms. They are buying freely of railroad lands as the reports of sales for the present year will show.

☞ H. J. Jewett, as President of the New York, Lake Erie and Western Railroad Company, has issued his executive order No. 1, in which he announces that the present officers, agents and employes of the Receiver of the Erie Railway will continue to discharge the duties of their respective positions for the new company until otherwise ordered. The work of laying a third rail from Waverly to Jersey City—a distance of 356 miles—is going on, and the company expects to have it completed in two months.

☞ Mr. Richard D. Fisher has been elected a director of the George's Creek Coal Co., vice Mr. Jas. I. Fisher deceased.

Baltimore and Ohio Railroad.

A general meeting of the stockholders of the Baltimore and Ohio Railroad Company was held in Baltimore on the 10th inst. for the purpose of voting upon the proposition to accept the act and each of the provisions thereof of the General Assembly of Maryland of the January session, 1878, chapter 155, being an act to settle the pending controversies between the Baltimore and Ohio Railroad Company and the State of Maryland, and for the purpose of authorizing the Baltimore and Ohio Railroad Company to enter into an agreement with the Chesapeake and Ohio Canal Company and the State of Maryland in relation to the rates for tolls and transportation as provided by the fifth section of said act.

Hon. J. Carroll Walsh was called to the chair, and Mr. Wm. H. Ijams appointed secretary.

Mr. D. P. Hoffman offered a series of resolutions, which substantially recapitulated the act of Assembly, which was printed for the use of the stockholders. The chairman, in presenting the resolutions, read a letter from Attorney General Gwinn, approving the same. Messrs. W. F. Burns, Wm. J. Albert and Francis White were appointed tellers.

The vote of the city of Baltimore was cast by the directors on its part, and that of the State of Maryland by the directors of the State, for the acceptance of the law. A large number of individual stockholders also voted affirmatively. The vote was unusually heavy, namely, 112,949 shares, and was unanimously in favor of the adoption of the resolutions.

Manchester and Lawrence Railroad.

To the Stockholders of the Manchester and Lawrence Railroad:

The board of directors of the Manchester and Lawrence Railroad herewith submit to the stockholders their twentieth annual report of the condition and affairs of the corporation for the year ending March 31, 1878.

No important changes have occurred in these during the past year, and the condition of the property of the stockholders is substantially the same as at the date of our last report.

FINANCES.

The trial balance of the treasurer and the report of the auditors appointed to examine his accounts show the following to be the financial condition of the corporation at the close of this year:

LIABILITIES.

Capital stock	$1,000,000 00
Notes payable	28,998 23
Dividends unpaid	5,428 50
Income and expense	89,621 81
Total	$1,124,048 54

ASSETS.

The following statement shows the property of the corporation as it appears upon the books of the treasurer:

Construction	$1,000 000 00
Telegraph line	4,770 85
Hooksett branch	18,000 00
New car account, Vermont Central	17,353 60
Concord, Manchester and Lawrence Railroad	32,000 00
Cash	51,924 59
Mt. Washington Railroad scrip	00,000 00
Suncook Valley Railroad	00,000 00
North Weare Railroad	00,000 00
Total	$1,124,048 54

As our financial interests in the three last items are not yet definitely determined, we prefer to represent them by ciphers, as they stood in our last report, not wishing our stockholders to lose sight of them, because, from them originate many of the points which have so long been in controversy between ourselves and the Concord Railroad directors. These matters have, to a large extent, been recently verbally agreed upon, but as yet not gone so far as to change any securities in the hands of our treasurer or to authorize the directors to make any change in the statements of our liabilities and assets. This must still await the adjustment of items in each of the several accounts, about which questions have arisen that can be very easily settled by slight mutual concessions, fully justified by a desire to agree, which, we believe, governs both parties. But now, so far as this report is concerned, they are left in the same situation as they appeared in our last annual report; but we believe, that but little remains to be concluded in order to leave this road in entire harmony with the directors of the Concord road as to all their past transactions, as well as with a fair hope of a long future of amicable business connections, in which, we believe, lies our best hope of future success for both corporations. Should we place figures to represent the assets left in ciphers, whatever it increased the total amount we should be disposed to add to our income and expense account, after the adjustment of some other items in the account.

RECEIPTS AND EXPENDITURES.

The following statement from the books of the corporation exhibits the earnings and expenses on the line of the road on account of the connecting roads, together with the sums paid us by the Concord road on account of the use made of our joint property and from other sources in which this road has an interest in common with that corporation:

Receipts:		
From passengers		$56,115 73
Freight		84,417 77
Rents		173 00
Express		6,568 59
Mails		3,646 31
Concord Railroad, on account, for six months, ending September 30, 1877		85,178 53
Concord Railroad, on account, for six months, ending March 31, 1878		85,677 12
		$171,777 05
Expenses:		
Road repairs	$15,232 00	
Wood	13,301 60	
Advertising	85 47	
Depot repairs	6 50	
Damages	161 50	
Freight expenses	5,699 29	
Incidentals	65 30	
Insurances and taxes	20,389 45	
Passenger expense	3,531 48	
Rent of Methuen branch	11,000 00	
Water-fixtures	50 00	
General running expense	1,795 93	
		71,318 52
Making the net earnings for the year		$100,458 53
From which two dividends have been paid of five per cent each		100,000 00
Leaving a balance of net earnings of		$458 53

Which has been added to our account of income and expense.

The general depression of business throughout the country has continued, with but few, if any, signs of relief, and is even more marked and more generally felt on the line of our own road than it was during our last year; and its effect upon our receipts is greater. All that we can do to counteract it is to run our road as economically as is in our power and with the least possible expenditure of materials and labor that a due regard to the safety and proper accommodation of the public, such as they have a right to claim at our hands, will allow. We can only hope that the foregoing exhibit will be found plain and satisfactory, and that the future may not be any less prosperous than we have found the past.

TONNAGE AND PASSENGER STATISTICS.

The statistics of the freight and passenger business of the Manchester and Lawrence Railroad for the year ending March 31, 1878, were as follows:

The number of tons of merchandise transported were:

Number of tons upward	15,341.782
Number of tons downward	33,175 010
Total	48,515.792

Equivalent to 777,239 tons one mile, a decrease from the last year of 17,628.507 tons, equal to 413,980 tons one mile, which loss was principally from the upper roads.

The whole number of passengers carried during the year was as follows:

	No. of Passengers.	Carried one mile.
Local	60,785	852,837
To Boston and Maine R. R.	15,644	174,863
From Boston and Maine Railroad	11,428	178,643
From Eastern Railroad	401	10,426
To Eastern Railroad	449	11,674
To and from upper roads	27,157	678,953
From Nashua and Rochester Railroad	8	97
Total	115,872	1,907,494

A decrease from last year of 4,829 passengers, but an increase of mileage in their transportation of 286,892 miles.

The number of miles run by trains has been:

By passenger trains	47,210
By freight trains	17,717
Total	64,927

A decrease from last year of 4,543 miles.

CONDITION OF THE ROAD.

The roadbed, fences and buildings are all in very good condition. Three hundred and twenty seven tons of new rails and one hundred and two tons of welded rails have been laid, and eleven thousand three hundred and seventy-three sleepers have been replaced. The improvement of the depot lands and buildings in Manchester has continued. They are the joint property of the Manchester and Lawrence and the Concord roads, and the improvements are made at the joint expense.

CONNECTING ROADS.

On this point we can only recapitulate in substance what we said in our last annual report. Our relations with connecting roads remain substantially the as they did at that time. Our general relations are entirely of a friendly character; and our business connections with the Concord road, except in the settlement of our semi annual accounts, have been harmoniously conducted, on substantially the same basis as during the last six or eight years past. We alluded, in our last annual report, to our complaints arising from the court having placed the joint property of the Concord and the Manchester and Lawrence roads in the hands of receivers, and then returning it to the directors of the Concord road, who have since, so far as their annual reports are concerned, reported it as their property, without allusion to any interest which the Manchester and Lawrence roads have in it. In their thirty seventh annual report, just issued, they report a large amount of rolling stock and a large number of locomotives, as well as a large amount of shop stock and materials for road repairs, in which is included all of the property which we possess of that kind, and which we claim is, at least, two-fifths of the whole; but we have already alluded to our attempts to settle these matters now in controversy with them, and stated our grounds for the hope of a proper settlement in the near future. We can only say that our claims continue substantially as stated in our last report, and cannot be much longer denied, but must be settled, both for the public interest and for that of both corporations, so as to leave

ns in full harmonious relations. So far, this state of affairs has not resulted in any serious detriment to the interests of the Manchester and Lawrence Railroad. It is rather a consequence of the law of the state which prohibited this road from making any contract with either of the roads with which it connects at its termini, and it is serious only so far as it threatens the continued amicable connections of the roads. But the board remains still of the opinion that the convenience of the public and the harmony of its operations with connecting roads would be promoted, and, in the end, the interests of the corporation be advanced, by obtaining from the legislature the authority to contract for a limited period, say from one to five years, with some one or more of the connecting roads, for the transaction of such of its through business, from points beyond its own line, as may seem to be for the best advantage.

Respectfully sub mitted.

E. A. Straw,
Edward A. Abbot,
B. F. Martin,
Nathan Parker,
Joseph W. Smith,
Aretas Blood,
Directors.

Chicago and Northwestern Railway.

At the annual meeting of the stockholders of the Chicago and Northwestern Railway company, held in Chicago on the 6th inst, six vacancies in the Board of Directors were filled—three by the re-election of Jay Gould, William L. Scott and J. S. Tenhave, and three by the election of D. P. Morgan, Frank Work and C. J. Osborn, in place of Harvey Kennedy, S. M. Mills and John Bloodgood respectively. Directors J. H. Howe and H. H. Porter resigned, and their places were filled by David Jones, who will serve two years, and by Perry H. Smith, one year.

The directors, at a subsequent meeting, elected the following officers: President, Albert Keep, Vice President, Secretary and Treasurer, M. L. Sykes, Jr., Assistant Secretary and Assistant Treasurer, S. O. Howe. Executive Committee: David Dows, William L. Scott, Albert Keep, A. S. Dulman, Jay Gould, D. P. Morgan, Frank Work. The first four were re-elected. The compromise, of which the above election is the result, virtually leaves the road in pretty nearly the same hands as last year.

It is stated that perfect harmony characterized the proceedings. Nearly every large stockholder was present, and 311,008 out of the 416,478 shares of stock were voted.

☞ The directors of the New York Central and Hudson River Railroad Company, elected on the 5th inst., are: William H. Vanderbilt, Cornelius Vanderbilt, William K. Vanderbilt, Frederick W. Vanderbilt, Augustus Schell, Samuel F. Barger, Joseph Harker, Chancey M. Depew, John E. Burrill, James H. Rutter, all of New York city; Chester W. Chapin, Springfield, Mass.; George J. Whitney, Rochester; James M. Marvin, Saratoga Springs, N. Y. For Inspectors of Election—Sidney T. Fairchild, Cazenovia, N. Y.; Henry Rooseboom, Rochester, N. Y.; Francis S. Pruyn, Albany, N. Y.

☞ The directors of the Columbus, Chicago and Indiana Central Railroad Company, elected on the 5th inst., are: Adrian Iselin, F. R. Fowler, Henry Morgan, John Bloodgood, J. W. Kirk, Alex. Taylor, jr., and John B. Thompson, of New York; S. T. Thomas, of Philadelphia; J. N. Converse, John S. Newman and Omar Newman, of Indiana; B. E. Smith, John Gardiner, William Jamison and Ralph O. Smith, of Ohio.

Detroit and Milwaukee Railway.

The Detroit Post and Tribune says that the argument in the foreclosure case of the Detroit and Milwaukee Railway was concluded in the Wayne County Court on the 3d inst., and adds—

The point sought to be made by the opponents of the Great Western scheme was on behalf of certain holders of first mortgage bonds who thought they ought to have more than the 70 per cent, which that scheme gives them. They, therefore, asked that the court construe their mortgage as covering all the real and personal property acquired by the company subsequent to the date of that mortgage, and that the whole be sold together and their claims satisfied in full before other bondholders got any share. In opposition to this are a large majority of the first mortgage bondholders and all the subsequent bondholders. The court gave no intimation what its decision would be.

Chicago, Burlington and Quincy Railroad.

The gross earnings, expenses and net earnings of this road for the month of April, 1877 and 1878, were as follows:

	1877.	1878.
Gross earnings.....	$960,198 24	$1,118,736 06
Expenses.....	545,232 72	670,080 83
Net earnings.....	$414,965 52	$448,655 78

—showing an increase in earnings of $158,587 82, with an increase in expenses of $124,847 61, making the increase in net earnings $33,690 21.

A comparative statement of the earnings, expenses and net earnings for the four months from January 1, to April 30, shows the following result:

	1877.	1878.
Gross earnings.....	$3,596,866 71	$4,245,184 52
Expenses.....	2,172,130 89	2,482,564 19
Net earnings.....	$1,424,735 82	$1,762,620 33

—showing an increase in earnings of $648,817 81, with an increase in expenses of $310,433 30, making the increase in net earnings $337,884 51.

☞ At the annual meeting of the Wisconsin Central Railway Company, held in Milwaukee on the 30th ult., Samuel Gould of Boston, Hon. H. L. Palmer of Milwaukee and Matthew Wadleigh of Stevens Point, whose terms of office had expired, were re-elected directors. Subsequently at a meeting of the Board Chas. L. Colby was elected President and Treasurer, and E. H. Abbott Vice President and Secretary.

☞ The earnings of the Central Pacific Railroad Company for the month of May, 1878, were $1,674,000, against $1,554,652 for the month of May, 1877, and $1,757,414 for the month of May, 1876. For the first five months of 1878, the earnings were $6,407,410, against $6,354,472 for the first five months of 1877, and $6,380,674 for the first five months of 1878.

☞ Mr. C. B. Wright, President of the Northern Pacific Railroad Company, has authorized a survey of the railroad from the line of its road near the Red River of the North to the Canadian line, a distance of 150 miles, for the purpose of opening connections with the Canada Pacific Railway, now being constructed, to the boundary line.

☞ The directors of the Lehigh and Wilkesbarre Coal Co. elected on the 10th inst. are: F. S. Lathrop, J. S. Barnes, G. G. Haven, F. A. Potts, Jacob Vanatta, John Kane and Charles Parrish. With two exceptions these are all new names.

Cheap Fuel against a Dull Iron Market.

The fall in price of all grades of iron was such that the mills and furnaces from full time fell to three-quarters time, then half time, and finally stopped. To run was ruin, to stop was heavy loss. They chose the latter. But within the past twelve months the cost of fuel in the South and West has been greatly cheapened. So great has been the cheapening in the cost of coal and coke that some manufacturers consider it an offset to the fall in iron, and have put mills in motion and furnaces in blast again. But it is proper to state that this favorable condition of things does not apply to manufacturers in the Eastern and Middle States. While fuel has declined a shade to help the last named manufacturers, the difference is not sufficient to affect the cost of making iron so as to let them run either mills or furnaces with much confidence.

In the South, especially in the Chattanooga district, coal of excellent quality is now obtained at $1 50 to $1 75 per ton, against $2 75 to $3 00 per ton formerly. Furnaces and mills located very near coal banks are being supplied at even less prices than those quoted. In Illinois even less prices still for fuel are expected. Coal will be delivered for consumption at a cost not exceeding $1 00 per ton.

If the manufacturers in the West and South have any complaint now to make it will be of a dull market alone. Both labor and fuel are as cheap as they can be expected to go. It is safe to predict that the iron interest has seen its greatest depression. While there may not be any marked general improvement, the feeling is more hopeful and encouraging.

☞ Mr. Edward Appleton, C. E., has contributed to the Boston Society of Civil Engineers a paper embodying some curious calculations as to the number of horses that would be required to do the work now performed by the locomotives employed on the railways of Massachusetts. After making the most careful computations he concludes that it would require 1,500,000 horses to do work upon the common highways of the State equivalent to that which has been done the past year upon the railroads of the State.

☞ Articles have been filed with the Secretary of State of Ohio of the Alliance and Lake Erie Railroad Company, to run from Fairport Harbor, through the counties of Stark, Mahoning, Portage, Trumbull, Geauga and Lake; capital stock, $450,000.

☞ The Pottsville Chronicle states that a new railroad, sixteen miles long, to connect with the Central Railroad of New Jersey at Tamaqua, is projected by New York capitalists who are the owners of valuable coal lands lying east of Port Carbon.

☞ King Kalakaua has recommended to the Hawaiian Legislature that they take into consideration the subject of the construction of narrow gauge railroads on the larger islands of the group.

☞ Wm. A. Russell has been elected President, and R. Stewart General Manager of the Cheshire Railroad Company.

Dt. of Columbia 3-65 Bonds.

The following is an extract from section 4 of the "Act providing a permanent form of government for the District of Columbia," which passed both Houses of Congress, and received the signature of the President on the 12th inst.

Hereafter the Secretary of the Treasury shall pay the interest on the 3-65 bonds of the District of Columbia issued in pursuance of the Act of Congress approved June 20, 1874, when the same shall become due and payable, and all amounts so paid shall be credited as a part of the appropriation for the year by the United States towards the expenses of the District of Columbia as hereinbefore provided.

The preceding provision referred to is the one which requires Congress annually to appropriate 50 per centum of the approved estimates of the amount necessary to defray the total expenses of the District Government during the ensuing year.

Statement of the Public Debt of the United States, June 1, 1878.

DEBT BEARING COIN INTEREST.

4 to 6 per cent. temporary loan, 1864	3,060 00	256 06
3 per cent. certificates called.	5,000 00	394 31
Aggregate of debt on which interest has ceased since maturity	$4,143,500 26	$349,368 55

DEBT BEARING NO INTEREST.

Demand notes, 1861-62	$62,297 50	
Legal tender notes, 1862-63	346,681,016 00	
Certificates of deposit	35,705,000 00	
Fractional currency, 1862-3-4	16,658,698 58	
Coin certificates, 1863	52,481,000 00	
Silver certificates	342,000 00	
Unclaimed interest		7,267 03
Aggregate of debt bearing no interest	$451,930,652 08	$7,267 03

RECAPITULATION.

	Amount Outstanding.	Interest.
Debt bearing interest in coin, viz:		
Bonds at 6 per cent	$738,619,000 00	
Bonds at 5 per cent	703,266,650 00	
Bonds at 4½ per cent	235,000,000 00	
Bonds at 4 per cent	91,850,000 00	
	$1,768,735,650 00	$30,803,782 29
Debt bearing interest in lawful money, viz:		
Navy pension fund, 3 per cent.	14,000,000 00	175,000 00
Debt on which interest has ceased since maturity	6,143,500 26	349,368 55
Debt bearing no interest, viz:		
Old Demand and legal-tender notes	$346,743,313 50	
Certificates of deposit	35,705,000 00	
Fractional currency	16,658,698 58	
Coin and Silver Certificates	52,823,640 00	
	$451,930,652 08	
Unclaimed interest		7,267 03
	$2,240,809,802 34	$31,355,417 87
Total debt, principal and interest, to date, including interest due and unpaid		$2,272,165,220 21

AMOUNT IN TREASURY.

Coin	$189,708,021 10	
Currency	3,094,748 47	
Currency held for redemption of fractional currency	10,000,000 00	
Special deposit held for redemption of certificates of deposit as provided by law	35,705,000 00	
	$238,507,769 57	
Debt, less amount in Treasury, June 1, 1878	$2,033,637,450 64	
Debt, less amount in Treasury, on the 1st ult.	2,036,70 ,648 72	
Decrease of debt during the past month	$3,070,198 08	
Decrease of debt since June 30, 1877	26,520,772 62	

BONDS ISSUED TO THE PACIFIC RAILROAD COMPANIES, INTEREST PAYABLE IN LAWFUL MONEY.

	Amount Outstanding.	Accrued Interest not paid
Central Pacific bonds, 1862-64	$25,885,120 00	$647,128 00
Kansas Pacific bonds, 1862-64	6,303,000 00	157,575 00
Union Pacific bonds, 1862-64	27,236,512 00	680,912 80
Central Branch Union Pacific bonds, 1862-64	1,600,000 00	40,000 00
Western Pacific bonds, 1862-4	1,970,560 00	49,264 00
Sioux City and Pacific bonds, 1862-64	1,628,320 00	40,708 00
Totals	$64,623,512 00	$1,615,587 80

Interest paid by United States, $37,896,334 50; interest repaid by transportation of mails, &c., $9,452,677 03; balance of interest paid by United States, $28,443,757 47.

The foregoing is a correct statement of the public debt, as appears from the books and Treasurer's returns in the Department at the close of business, May 31, 1878.

JOHN SHERMAN,
Secretary of the Treasury.

Erie Railway.

The gross earnings, working expenses and net earnings of the Erie Railway for the month of March, 1877 and 1878, were as follows:

	1877.	1878.
Gross earnings	$1,170,714 02	$1,147,207 93
Expenses	797,144 88	825,369 47
Net earnings	$373,569 14	$321,838 46

The net earnings for the first six months of the financial year exceed those for the same period last year by $746,204 76.

Gt. Western Railway of Canada.

The gross earnings, working expenses and net earnings of the Great Western Railway of Canada for the month of April, 1877 and 1878, were as follows:

	1877.	1878.
Gross earnings	$334,000	$305,900
Working expenses	265,300	268,300
Net earnings	$68,700	$37,600

—showing a decrease in earnings of $28,100, an increase in working expenses of $3,000, and a decrease in net earnings of $31,100.

☞ The Philadelphia and Reading Railroad Company shipped 181,000 tons of coal during the week ending Saturday, June 8th.

Philadelphia Stock Exchange.

American Railroad Journal.

Saturday, June 15, 1878.

Financial and Commercial Affairs.

Borrowers in good standing have been very readily supplied with Money to the full extent of their requirements, which have been moderate in amount, and in no prominent instance urgent, at low figures, the steady accumulation of capital at this centre making lenders liberal of aid, especially in a controllable form. Call loans have been quoted here at from 2@4½, with 2½@3½ per cent as the basis of the principal negotiations, and very choice to strictly prime mercantile credits were rated at 3@5½, the best grades passing readily at 3½@4 per cent per annum. The City bank exhibit of last week indicated an increase in the loan and discount average of $2,083,500, and in the item of circulation of $38,600. The average of deposits was enlarged $2,403,900. The legal tender reserve was augmented $568,400; and the specie average reduced $200,000. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $14,049,650, against $14,282,225 the preceding week, and $17,608,550 the week ending April 20th (the latter the highest aggregate yet reached this year.) The City bank exchanges in currency reached $374,239,182, or a daily average of $62,373,197.

The outstanding amount of legal tender notes is $346,743,313. The National bank circulation is now $322,561,386 of currency notes and $1,482,120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $5,808,000.

More liberal purchases have been reported of the favorite issues of Government Securities which have been taken freely on investment account, at generally stronger prices, closing on Wednesday as a rule strong. At the close on Wednesday the current quotations were as follows:

United States 6s, 1881, registered, 106⅛@106⅜; do. coupon, 109⅛@100¼; 5-20s, 1865, new, registered, 101⅞@102; do. coupon, 104⅞@105; do. 1867, registered, 104⅞@105; do. coupon, 107⅞@108; do. 1868, registered, 107@107½; do. coupon, 110¼@110¾; ten-forties, registered, 107⅝@107¾; do. coupon, 107⅝@107¾; five per cents, 1881, registered, 105⅞@106⅛; do. coupon, 105⅞@106; 4½ per cents, 1891, registered, 103⅜@103¾; do. coupon, 103⅜@103¾; 4 per cents, 1907, reg., 100⅜@100½; do. coupon, 101¼@101½; sixes, currency, 119⅞@120; Central Pacific gold bonds, 108⅛@108⅜.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $349,255,450, and $13,858,000 as security for public deposits.

The income of the Government from internal revenues last week was about three millions, and from Customs last week about 2¼ millions.

State Bonds have been in fair request, chiefly on investment account, but have been quoted variable as to price. Less activity has been reported in Railway Mortgages, the recent extraordinary investment demand for the favorite loans having been followed by a marked falling off in the dealings. Prices, however, as a rule, have shown decided firmness, on light offerings. And in the line of Railway and Miscellaneous share property business has been moderately active, and the market, as a whole, stronger, though characterized by frequent, and, in a few prominent speculative favorites, wide fluctuations.

A fairly supported market has been reported in the Gold speculative line, though on a comparatively moderate volume of dealings. The customs and export drains continued light. The extremes during the week have been 100¾@101, closing on Wednesday at 101 as against 101⅛ on Wednesday of the preceding week. The specie outflow last week was only $154,606—making the total exports of specie hence since January 1, $8,127,805 against $16,616,409 the same time in the preceding year. The imports of specie at this port last week were to the amount of $24,330, and since January 1st have been $11,902,341 as against $6,918,803 same time in the preceding year. The Customs demand for gold in the local market last week reached $1,614,526 or an average of $269,088 per day.

Foreign Exchange has been moderately sought after and quoted, as a rule, weak. Bankers' sixty day bills on London closed on Wednesday at $4 84@$4 85; sight bills on London at $4 86@$4 87 to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $4,695,355 as against $6,529,778 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $858,108 of Dry Goods, and $3,837,247 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were to the aggregate value of $6,677,748 against $6,023,957 same week in 1877; and since Jan. 1 have been $152,185,260 against $118,975,094 same time last year.

In the line of Metals business has been generally slow, and values have been quoted, as a rule, weak. Iron has been comparatively dull. Eglinton Pig Iron quoted at $22@$23; Glegarnock $23@$23 50; Coltness $24; No. 1 American Pig at $16 50@$18 50; No. 2 do. at $15 50@$17. Forge $15@$16. New Iron Rails at works $33@$37. Old Rails $18@$18 50. Wrought Scrap $20@$21. Steel Rails, on the basis of $43@$45. (20,000 tons were reported as having been purchased on account of the Erie R. R. Co. at $44.) Ingot Copper for prompt delivery has been inactive on the basis of 16⅜@16½cts., for early delivery.

Business in Produce and Merchandise has been fairly active for the season especially in domestic produce, but prices have been unsettled. Breadstuffs have been more freely dealt in, in good part for shipment, but at lower figures. Provisions have been in more demand and hog products again quoted higher though leaving off less firmly. Cotton has been in less request, but closed stronger. Naval Stores and Petroleum have been moderately inquired for at about former figures. Foreign merchandise has been in fair demand with values quoted about steady in the leading instances.

An active market has been reported in the line of Ocean freights which have shown more firmness. For Liverpool steamer rates at the close for Grain, quoted at 8¼d. per 60lb. Flour, at 2s. 6d.@2s.9d. Provisions, 30s.@40s; Leather, 45s. Measurement Goods at 20s.@23s. 9d. per ton; Cotton, ¼d. per lb. Liverpool, by sail. Cotton, ¼d. Grain at 7@7¼d.; Flour, 2s. 3d.; Measurement Goods, 15s.@20s. Tobacco 27s. 6d.; Oil Cake at 20s.@22s. 6d. Grain rates on charter hence for Cork and orders left off at 5s, 10¼d.@6s.; for the Continent Grain at 5s. 3d.@6s.6d. and from Baltimore for Cork and orders, 6s.@6s. 3d. and from Philadelphia at 5s. 10¼d. @6s. 3d.; from Boston at 5s. 6d.@5s. 9d. and from Portland at 5s. 9d.@6s., and to the Cape of Good Hope 40s. per ton, and from San Francisco to the United Kingdom (next crop) at 50s.@55s. Refined Petroleum hence for Liverpool at 3s. 9d.@3s. 10¼d.; Cork and orders, 4s. @4s. 4¼d.; for the Continent, 3s. 6d.@4s., for the Baltic at 4s. 6d.@5s. and Java at 32@35ct. and Japan 37½@42½cts. and for French ports (crude) at 4s.@4s. 6d. Gibraltar and orders at 4s. 6d.@4s. 9d.@5s. 6d. @5s. 9d.; do. in cases, from N. Y. to Italian ports, at 25@28cts. and Adriatic 28@32cts. and Constantinople 29cts. Cotton by sail from New Orleans to Liverpool 5-16d.; Ky. Tobacco from New York to Spain at 32s. 6d.@37. 6d. and to France at 32s. 6d. @35s. Naval Stores from Wilmington, Charleston, or Savannah for Cork and orders at 4s.@4s. 3d. and 6s.@6s. 3d. Lumber from New York to Montevideo at $14 and 5 per cent primeage. Savannah to Cadiz $15. Savannah, Brunswick or Union Island to the River Platte $19. Deals from St. John (N. B.) to Liverpool at 65s.@67s. 6d. Through Provision freight room by steam from the West for Liverpool quoted at the close at 48@53½cts. per 100lbs. as to routes.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

THE GOLD COUPONS FROM THE FIRST MORTGAGE BONDS OF THE HOUSTON AND TEXAS CENTRAL RAILWAY, due July 1st, will be paid for the Company on presentation, less rebate of five per cent per annum, by
JOHN J. CISCO & SON, 59 Wall street.

Chicago, Milwaukee and St. Paul Railway.

At the annual meeting of the Chicago, Milwaukee and St. Paul Railway Company, held in Milwaukee, Wis., on the 8th inst., the following directors were elected: Alexander Mitchell, Milwaukee; Julius Wadsworth, New York; Selah Chamberlain, Cleveland; John M. Burke, Walter S. Gurnee, Peter Geddes, David Dows, Jeremiah Milbank, and Abraham R. Van Nest, New York; George W. Weld, John Plankinton, and S. S. Merrill, Milwaukee; J. Bowman, Kilbourn City, Wis. Subsequently the directors re-elected the following officers: President, Alexander Mitchell; Vice President, Julius Wadsworth; Secretary and Treasurer, R. D. Jennings; General Manager, S. S. Merrill; Assistant General Manager, John C. Gault.

Western Union Telegraph.

At a meeting of the Western Union Telegraph Company, held on the 12th inst., Mr. Hamilton K. Twombly (a son in law of Mr. Wm. H. Vanderbilt) was elected a Vice President in the place of Dr. Norvin Green who succeeded the late Mr. William Orton as President of the company. The report which was presented shows that on April 1 the company had a surplus of $188,859 49. The net profits for the current quarter are estimated at $867,018 59, the estimate being based upon official returns for April, nearly complete returns for May, and an estimate of the business for June. The estimated profits and the previous surplus make $1,055,878 08. Deducting from that sum a quarter's interest on the bonded debt, a quarter's interest on purchase of Atlantic and Pacific Telegraph stock, a quarter's construction expenditures and purchase of stocks of leased lines, &c., and a quarter's proportion of sinking funds, amounting in all to $170,000, a balance of $885,878 08 remains. Of this surplus it would take $525,986 to pay a dividend of 1½ per cent on the outstanding capital stock, after which there would remain a surplus of $359,942 08. A resolution was adopted declaring a dividend of 1½ per cent payable on July 15, to stockholders recorded at the close of business on June 20. The present quarter, it is said by the officers of the company, will prove more profitable than the corresponding period of any previous year.

Railroad Gossip.

The recent visit to Europe of Mr. Wm. H. Vanderbilt and Judge Wagner has set the daily press at work to discover the object of that visit. One thinks it was for the purchase of a steamship line to Liverpool; another urges that it was to buy a controlling interest in Erie from the English holders; still others say that the trip was to negotiate a loan, money being cheaper in Europe than here. Finally, all admit that Mr. Vanderbilt when interviewed proved an excellent listener. He heard all they had to say and answered nothing. It is very exasperating to the expectant reporter to ask questions, pertinent and impertinent, and wholly fail to get satisfactory replies. It will hardly be satisfactory to our neighbors of the daily press to offer the suggestion that it may be necessary at times for a man to keep his private affairs to himself. Still, it is a fact that silence oftentimes is the only key to success. If Mr. Vanderbilt is using a discreet silence in his own affairs, give him credit for it. Whatever he may have done in Europe in connection with his railroads here will appear in due time; then we can all print the facts.

☞ The Baltimore and Ohio Railroad Company have declared a dividend of twenty-five per cent on the stock of the Washington Branch, payable on the 24th instant. This amount embraces five semi-annual dividends of 5 per cent each up to October, 1877, which had remained undeclared by reason of the claim of the State for the capitation tax, and is now made in accordance with the terms of settlement entered into between the State of Maryland and the Baltimore and Ohio Railroad Company, under the act passed by the General Assembly at its late session.

☞ The last vessel chartered by Messrs. P. & T. Collins, contractors for the construction of the Madeira and Mamore Railroad, sailed from Philadelphia on the 12th inst., carrying 250 tons of railroad iron and 200 tons of supplies. She will proceed direct to San Antonio.

☞ The first excursion train passed over the narrow gauge Lake Champlain and St. Hyacinthe Railway from St. Hyacinthe to West Farnham, P. Q. on the 9th inst.

☞ The new narrow gauge railroad skirting the eastern shore of the San Francisco Bay from the south bank of Oakland creek to Alviso was thrown open to traffic on the 1st inst.

☞ The survey of a new railroad from Chapmansville to Catasauqua, Lehigh county, Penn., will shortly be commenced.

RAILROAD AND CANAL DIVIDEND STATEMENT.

Showing the amount of Stock Outstanding, the Dividend Periods and the date of last Dividend.

High Speed on a Railroad.

On the 24th ult. the directors of the Chicago, Burlington and Quincy Railroad were run by special train over the Great Western Railway from Detroit to Suspension Bridge at a speed which deserves to be chronicled. The train left Windsor at 9:16 A. M., and arrived at Clifton at 2:12 P. M., four minutes less than five hours. Out of this is to be deducted the actual time of stops at various stations, and level railroad crossings, amounting in the whole to 56 minutes, making the actual running time between stations four hours, an average speed for 229 miles of 57¼ miles an hour.—*Toronto Mail.*

Narrow Gauge Railroads in Oregon.

From Portland, Oregon, May 30th, we learn that arrangements have been made between the Walla Walla and Columbia River Railroad Company and Messrs. J. C. Ainsworth, R. Thompson S. G. Reed, W. S. Ladd, C. E. Tilton and Dr. D S. Baker, for the purpose of building a general system of narrow gauge railroads, to meet the requirements of the grain producing country bordering on the upper Columbia and Snake rivers; that the Walla Walla and Columbia River Railroad has become a part of the new enterprise, and that the work of extending the same will be commenced as soon as practicable. It is also stated, on the same authority, that in the month of July or August next, there will arrive at Portland 85 miles of steel rails, with locomotives, rolling stock, etc., for the same enterprise.

Pennsylvania Company.

At the annual meeting of the Pennsylvania Company, held in Pittsburgh on the 4th inst., the report of the President and Directors was presented and read, and will be published hereafter. A new Board of Directors was also elected, consisting of the following persons: Thomas A. Scott, J. N. McCullough, Wm. Thaw, Thomas D. Messler, Geo. B. Roberts, Wistar Morris, S. M. Felton, Henry M. Phillips, Alexander Biddle, J. Price Wetherill, J. N. DuBarry and H. H. Houston. The officers are: Thomas A. Scott, President; J. N. McCullough, Wm. Thaw and Thomas D. Messler, Vice Presidents; Wm. H. Barnes, Treasurer; Clifford S. Sims, Secretary—the latter having his office in Philadelphia—and John C. Conn, Assistant Secretary.

Chesapeake and Delaware Canal.

At the annual meeting of the stockholders of the Chesapeake and Delaware Canal Company, held in Philadelphia on the 3d inst., the 59th annual report of the Board of Managers was read, showing that the revenue from tolls for the year ending May 31, 1878, was $169,650 45, revenue from other sources, $7,089 50; balance on hand, May 31, 1877, $61,550 05; total receipts, $238,240. The expenses during the past year were $9,894 21.

The report was adopted and the following named gentlemen were elected to serve during the ensuing year:

President.—Andrew C. Gray.

Directors.—Messrs. Geo. Cadwalader, H. Pratt McKean, John F. Gilpin, Thomas A. Biddle, Isaiah V. Williamson, Charles H. Hutchinson, Edwin Swift, David Scull, Mahlon P. Hutchinson, John R. Baker, Charles Dutilh, Gustavus S. Benson, James C. Fisher, Henry C. Ford.

Vermont and Massachusetts Railroad.

At the annual meeting of the Vermont and Massachusetts Railroad, held in Boston on the 5th inst., the following Board of Directors was chosen: Daniel S. Richardson of Lowell, William H. Hill of Brookline, James A. Dupee, of Winchester, Francis Goodhue of Brattleboro', Vt., George F. Fay, of Fitchburg, Thornton K. Ware, of Fitchburg, Edward L. Davis of Worcester.

As the road is leased to the Fitchburg Railroad, there was no other business except the presentation of the Treasurer's report, which showed that $146,257 45 had been received from the Fitchburg Railroad Company, and that two dividends of two dollars and a half per share had been paid, amounting in the aggregate to $143,000, the incidental expenses being $3,257 45.

Commerce of New York.

The foreign imports at New York for the month of May, 1878, are officially stated as follows:

	1877.	1878.
Entered for consumpt'n.	$11,348,796	$9,788 229
Do. for warehousing	8,993,413	7 203,218
Free goods	7,869,770	5,803,184
Specie and bullion	549,114	1,871,147
Total entered at port	$28 761,093	$24,165,728
Withdrawn fr. wareh'use	6,189,879	5,117,121

The foreign imports at New York for five months from January 1, were:

	1877.	1878.
Entered for consumpt'n.	$61,536,121	$56,291,166
Do. for warehousing	35,858,765	29,121,86(
Free goods	42,045,908	33,526,566
Specie and bullion	6,846,210	11,895,940
Total entered at port	$146,287,004	$130,835,532
Withdrawn fr. wareh'se	31,187,732	28,264,412

The foreign imports at New York for eleven months of the fiscal year, were:

	1877.	1878.
Six months ending January 1	$147,027,452	$152,045,807
January	27,606 337	24,626,689
February	26,659,268	25,726,714
March	34,402,295	26,565,641
April	28 858,011	29,750,760
May	28,761,093	24,165,728
Total 11 months	$293,314,456	$282,881,339
Deduct specie	30,812,813	19,541,180
Total mdse	$262,501,643	$263,340,159

The duties received at New York for eleven months ending with May, were:

	1876-'77.	1877-'78.
July	$7,497,199 39	$7,132,747 46
August	10 125,386 42	10,018,122 33
September	8,634,411 36	9,068,929 44
October	8,031,580 14	8,392,221 85
November	5 720,296 82	6,585,108 84
December	4,822 595 04	5,815,558 74
January	8,058,938 72	7,154,924 85
February	8,224,434 61	7,914,953 48
March	8,696,687 63	8,571,501 20
April	7,569,482 75	7,696,243 39
May	7,054,082 33	6,527,083 58
Total	$84,434,045 21	$84,877,396 16

The exports from New York to foreign ports in the month of May, were:

	1877.	1878.
Domestic produce	$22,241,422	$27,611,983
Foreign free goods	220,919	259,517
Do. dutiable	423,690	492,441
Specie and bullion	10,743,150	821,105
Total exports	$33 629,181	$29,185,046
Do. exclusive of specie	22,886,031	28,363,941

The exports from New York to foreign ports for five months from January 1, were:

	1877.	1878.
Domestic produce	$106,410,760	$140,099,50(
Foreign free goods	1,218,977	1,574,01(
Do. dutiable	1 908,364	2,522,67(
Specie and bullion	16,326,161	8,518,20(
Total exports	$125,864,262	$152,714,89(
Do. exclusive of specie	109,538,101	144,196,19(

The exports (exclusive of spec'e) from New York to foreign ports for eleven months ending with May, were:

	1877.	1878.
Six months ending January 1	$151,493,635	$164,948,58(
January	25,403,169	27,692 81(
February	19,662,718	28 834,29(

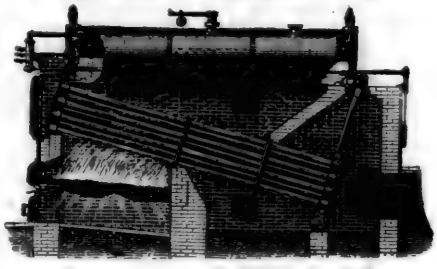
May	22,886,031	38,363,94(
Total produce	$261,031,736	$309,144,72(
Add specie	30,796,930	14,463,87(
Total exports	$291,828,666	$323,608,60(

The Coal Trade.

For the week ending June 1, the total anthracite production, as reported by the several carrying companies, amounted to 195,937 tons against 438,900 tons in corresponding week last year, a decrease of 242,963 tons. The total amount of anthracite mined for the coal year is 5,126,596 tons, against 7,416,259 tons for same period last year, a decrease of 2,289,662 tons. The quantity of bituminous coal sent to market for the week amounted to 67,007 tons, against 70,846 tons in corresponding week last year, a decrease of 3,389 tons. The total amount of bituminous mined for the year is 960,971 tons, against 1,225,754 tons for corresponding period last year, a decrease of 264,783 tons. The total tonnage of all kinds of coal for the week is 262,944 tons, against 509,746 tons in corresponding week last year, a decrease of 246,892 tons. The total tonnage of all kinds of coal for the coal year is 6,087,567 tons, against 8,642,013 to same date last year, a decrease of 2,554,446 tons. The receipts at Perth Amboy for the week ending on June 1st were 2,701 tons the shipments 13,700 tons, leaving a stock on hand of 34,181 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the fourth week of May was 86,894 tons, of which 67,640 tons were coal, and 18,754 tons coke. The total carried for the year is 1,852,118 tons, of which 1,442,320 tons were coal and 409,798 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad carried 80,000 tons of coal last week to Port Richmond, whilst 48,000 tons were shipped thence, leaving the stock on hand at Port Richmond last Saturday about 103,600 tons.—*Phila. Ledger, June* 10.

☞ The first "open hearth steel" ever made in the South was turned out by the Roane Iron and Steel Company of Chattanooga on the 6th inst., by the Siemens-Martin process. It was an experimental cast of six tons product, and is pronounced "a perfect success in quality." The metal from which the steel is made is manufactured from specular ore found near Cartersville, in Georgia. When the company's steel plant is in full operation it will produce 150 tons daily.



☞ The directors of the Old Colony Steamboat Company recently elected, are: Charles H. Choate, Silas Pierce, Jr., Francis B. Hayes, Frederick L. Ames, Thomas J. Borden, Charles P. Stickney, William Borden, Cornelius N. Blies and Elisha W. Willard. The officers are: Charles H. Choate President; T. J. Borden Clerk.

☞ The work on the Brattleboro' and Londonderry, Vermont, Narrow Gauge Railroad is soon to commence—the work of surveying the route having already been begun. The requisite $200,000 has been secured.

BABCOCK & WILCOX

PATENT

Tubulous Steam Boiler.

Best Wrought-Iron Lap-Welded Boiler Tubes, Expanded into Cast-Steel Up-Takes.

No Bolted or Packed Joints.

ALL CONNECTIONS MADE BY EXPANDING TUBES INTO BORED HOLES.

Centennial Exposition Medal awarded this Boiler for highest Economy and Efficiency on Test.

Illustrated Circulars, and other desired information, promptly furnished.

BABCOCK & WILCOX, Engineers,
No. 30 Cortlandt St., New York.

FINANCIAL.

ALEX. FROTHINGHAM & CO., BANKERS AND Brokers, No. 13 Wall st., make for customers desirable investments of large or small amounts in stocks of a legitimate character, which frequently pay from five to twenty times the amount invested every thirty days.

Reliable stock privileges negotiated at favorable rates. Stocks bought and carried as long as desired on deposit of three to five per cent. Circulars and weekly reports sent 1y23*

WHO WANTS MACHINERY!

We have for sale the *Largest and Most Varied Assortment* of Machinery, both NEW and SECOND-HAND, to be found in the hands of any firm in the United States, and we offer at prices far below the market value. Send stamps for our No. 17 PRINTED LIST, fully describing over 1,200 machines with price affixed to each, comprising from one to a dozen machines of each of the following articles, with many others not named.

Anvils	Clothespin Machinery	Hay Presses	Planers, Iron
Ax Handle Lathes	Dovetailers	Horse Powers	Planers, Wood
Bellows	Drop Presses	Hub Machinery	Portable Mills
Belting	Drill Presses	Hoisting Engines	Power Hammers
Blowers	Daniels Planers	Hydraulic Presses	Portable Engines
Brushers	Door Machinery	Irregular Moulders	Printers' Machinery
Band Saws	Edgers	Jacks	Pipe, steam & water
Buzz Saws	Elevators	Jig Saws	Planers & Matchers
Bolt Cutters	Extractors	Jack Screws	Portable Grist Mills
Bolt Machines	Emery Wheels	Looms	Rolls
Bobbin Lathes	Engines, 1 to 300 h p	Lathes, Iron	Re-Saws
Boring Machines	Excelsior Machines	Lath Machinery	Radial Drills
Boiler Feed Pumps	Fans	Lathes, Wood Turning	Rivet Machines
Boilers, 1 to 100 h p	Forges	Leather Belts, 2 to 24 i	Ring Spin'ing Frames
Box Board Matchers	Fire Pumps	Matchers	Rubber Belt'g, 2 to 24i
Blind Slat Crimpers	Foot Lathes	Mortisers	Saws
Blind Slat Tenoners	Fire Engines	Mill Spindles	Scales
Box Board Machinery	Friction Clutches	Milling Machines	Shears
Cards	Gearing	Moulding Machines	Saw Mills
Chucks	Grist Mills	Nut Tappers	Saw Arbors
Cupolas	Governors	Nut Machinery	Surfacers
Crushers	Gear Cutters	Pumps	Swing Saws
Cob Crackers	Gauge Lathes	Punches	Steam Pumps
Circular Saws	Grindstones	Pickers	Steam Yachts
Cotton Machinery	Gray & Woods' Plan'r	Pulleys	Steam Gauges
Circular Saw Mills	Hose	Pulp Pumps	Spoke Lathes
Clapboard Machines	Heaters	Power Presses	Steam Hammers

Shingle Mills, Skein Winders, Sash Machinery, Spining Machines, Stationary Engines, Tenoners, Trip Hammers, Upright Engines, Upright Boilers, Vises, Veneer Saws, Victor Lathes, Variety Moulders, Whistles, Wire Rope, Water Wheels, Woolen Machinery, Yachts.

No matter what machine or machines you are in want of, do not purchase until you send for and read one of our LISTS, and see the prices at which we sell. *State fully just what you want.* Address:

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further precedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

THE THOMAS PATENT CASH AND TICKET INDICATOR.

This is the only invention which will positively regulate and furnish railroad companies with a full and complete record of all passengers carried on trains, either having tickets, paying cash, or otherwise. As will be seen by the above illustration, it is a box with a glass front. After the conductor takes the passenger's ticket, he punches it and places it in the box, as per example: The passenger's destination is New Brunswick; the conductor punches the ticket, and, as we have stated, places it in the box; upon the arrival of the passenger at New Brunswick, he leaves the train, and another passenger takes his place whose destination is Wilmington; the conductor takes his ticket, punches it, and lifts the lid of the Indicator, when the New Brunswick ticket falls to the bottom, the Wilmington ticket taking its place. The lid is so arranged that it is impossible for the passenger or conductor to again get possession of the ticket, but every passenger can keep his ticket in sight until he arrives at his place of destination. The box is placed between the windows of the car on the panel under the rack. If a traveler is going from New York to Baltimore, the conductor need not raise the lid of the box until the arrival of the train at Baltimore, and then only to put the Washington ticket in. Upon the arrival of the train at Washington, or any station which the proper officer may designate, his agent goes around and collects every ticket or receipt for money collected. As will be seen, not a ticket can be sold or a dollar collected on the train that is not known by every passenger on the car.

Railroad officers desiring further information will please address

American Railroad Journal.

New York, Saturday, June 22, 1878.

American Iron and Steel Industries.

A review, necessarily brief, of our iron and steel production is suggested by the report of the New York Chamber of Commerce. The statistics of this report, already published, are not as complete down to date as one could wish; yet they give valuable information from which clear and pertinent conclusions may be drawn.

While the past year, 1877, was, from a combination of adverse circumstances, a more disastrous one financially for the iron interest than any other since the panic, it had a bright side also. The demand for both iron and steel was better than the previous year, and the production of pig iron was ten per cent greater. The actual number of tons produced being 2,314,000.

Of the whole number of furnaces in this country 704, only 252 were in blast. The weekly capacity when all in blast being 118,000 tons, those running produced but 44,000 tons per week. And here is demonstrated the fact that the capacity for production exceeds largely the home market for consumption. This remark concerns raw metal alone. Of rolled iron and its innumerable adjuncts we have only figures for 1876. The net tons manufactured for that year is given at 1,921,000. This amount is scarcely different from the production of 1874 and 1875 each; so we may safely infer that the majority of the rolling mills were constantly employed. The production of iron rails for 1876 was 467,000 tons against 501,000 tons in 1875. As an offset to this loss in iron rails, the production of Bessemer steel rails was 290,000 tons in 1875; but it swelled to 412,000 tons in 1876. Subsequent figures for 1877-78 show the certainty of a still further increase of steel rails with a corresponding falling off in iron rails. This last statement, however, comes from other sources than the report named. The economy of the Bessemer rail is so thoroughly appreciated that it is not necessary to say more than that iron is being steadily displaced by steel.

Of importations from abroad we find the curious facts that from 85,000 tons of pig iron brought here in 1876, the amount fell to 65,000 in 1877 A little less than 300 tons iron rails were imported in 1876, with none in 1877. Of steel rails the importations were none in 1876, and but a single invoice of 35 tons in 1877. Against these importations we shipped abroad in 1876 some 4,400 tons of rails and spikes. For 1877 this amount was increased to some 5,000 tons.

From the figures given above our iron manufacturers may draw this conclusion in common with us: There is no longer fear of any successful competition from abroad so far as our home market is concerned. We are now able to make of iron and steel, of excellent quality and cheaply, more than we can consume. The home market being under absolute control, enterprising manufacturers and merchants must look abroad for wider markets. Although prices of iron and steel are now low and unremunerative, there is good reason to believe this is but temporary. After a long season of severe depression the country is apparently now entering upon one of prosperity. With the best interests of our iron and steel manufacturers at heart, we advise them to push vigorously into every foreign market that is open to them. For in no other way can all our furnaces, rolling mills, machine shops and mines be kept in constant activity.

Summer Excursions.

We have received from the Pennsylvania Railroad Company their volume of Summer excursion routes. As a specimen of attractive book-making it deserves more than a passing notice. The paper and typography are each of the best. The profusion of engravings illustrating American scenery and places historic and notable, are not the ordinary wood-cuts of everyday appearance but the best work of artists. The illustrations are equal in merit to those of our current magazines, and when the number of them is taken into account it will be seen how liberally the Pennsylvania Railroad Company has exerted itself in the matter of pleasant summer travel.

Pittsburgh, Cincinnati and St. Louis Railway Company.

To the Shareholders of the Pittsburgh, Cincinnati and St. Louis Railway Co.:

Your directors submit herewith their report for the year 1877, giving in detail the results derived from the operation of your own property, and of the several lines in which you are directly interested, together with such other statements and data as will inform you exactly of the financial and physical condition of the several properties under your control.

PITTSBURGH, CINCINNATI AND ST. LOUIS RAILWAY.

Gross earnings:	1877.	1876.
Freights	$2,191,781 88	$2,198,115 95
Express	68,044 61	54,891 98
Passengers	704,602 88	906,602 54
Mails	126,779 75	92,251 92
Rents	3,951 18	2,192 44
Miscellaneous sources	4,585 41	16,466 45
Rent of railway	3,266 80	.....
Totals	$3,097,962 46	$3,264,521 28
Expenses:		
Conducting transp	$802,401 00	$899,868 65
Motive power	526,985 98	540,901 19
Maintenance of way	427,420 54	605,854 91
Maintenance of cars	180,644 43	191,697 94
General expenses	85,511 15	89,377 80
Total	$2,022,913 25	$2,427,694 99

Net earnings for 1877	$1,075,049 21
Amount received from interest on bonds and stock of Union Depot Co	10,230 80
Total net revenue for 1877	$1,085,280 01
Total net revenue for 1876	855,987 54
Increase	$229,292 57
From the above total net revenue for 1877, viz.	$1,085,280 01
Deduct interest paid, as follows:	
On P., C. & St. L. 1st Mortgage Consolidated bonds. $435,540	
On Steubenville and Indiana 1st Mortgage bonds. 180,000	
On Columbus and Newark Division bonds. 54,250	
	669,790 00
Excess, after paying interest on Funded debt	$415,490 01
Deduct other charges to Income:	
Rent, Monongahela Extension $37,500 00	
Interest on Floating debt 75,848 05	
	113,348 05
Surplus in 1877, after paying rentals and interest	$302,141 96
Add net revenue from the following sources:	
Chartiers Railway $42,406 55	
Cincinnati & Muskingum Valley Railway 25,885 95	
Little Miami Railroad 431,780 71	
Columbus, Chicago and Indiana Central Ry. 455,340 23	
	955,413 54
Total	$1,257,555 50
From which deduct:	
Payment to Chartiers Railway Co. $42,406 55	
Interest on bonds of Cincinnati and Muskingum Valley Railway Co. 105,000 00	
Interest and dividends paid Little Miami Railroad Co. 710,275 62	
Loss in operation Cincinnati Street Connection Railway, including interest on bonds. 24,710 16	
Proportion of loss in operating Newport and Cincinnati Bridge. 5,131 62	
Payment to Receivers of Columbus, Chicago and Indiana Central Railway Co. 455,340 23	
One-half of loss in operating St. Louis, Vandalia and Terre Haute Railroad 46,375 86	
	1,389,340 14
Loss on all lines for 1877	$131,784 64
Loss on all lines for 1876	445,954 01
Improvement in 1877	$314,169 37

This company having been indebted to the Pennsylvania Company for advances made by it, represented by both bonds and bills payable which that company, during its operations in the past, had from time to time charged to profit and loss, an arrangement has been effected with it to restore to this company and cancel $2,600,000 of bonds and $3,279,221 92 of bills payable, making a total of $5,779,221 92, thus enabling this company to reduce its capital account and indebtedness, and leaving it without floating debt.

PITTSBURGH, CINCINNATI AND ST. LOUIS MAIN LINE.

Although the decrease in freight revenue was only $1,884 07, there was a reduction in the number of tons carried of 86,375, or 4.78 per cent, of which much the larger part was eastbound competitive traffic; the earnings have been sustained by the establishment and maintenance of improved rates for through business among the competing lines.

The entire tonnage of your main line in 1877 was 1,722,386 tons, as against 1,808,761 tons in 1876, and the average rate per ton per mile received was 9.8 mills in 1877, as compared with 8.8 mills in 1876.

After many efforts to secure the maintenance of reasonably remunerative rates upon east bound traffic, the managers of the Western lines have agreed upon a division of competitive tonnage from the important trade centres of the West, which, under the supervision of Mr. Guilford, their commissioner, and Mr. Albert Fink, the commissioner of the Trunk lines, it is found to be effected on a basis that will be just to all interests; and thus, it is hoped, prevent the unnecessary reductions in rates that have heretofore so largely decreased the earnings of your lines in its competitive traffic.

The large decrease apparent in passenger revenue is chiefly due to the comparison with the results of the Centennial year, although there was an appreciable falling off in local travel; the decrease in through passengers being 68,321, and in local 38,521; the total decrease, 106,821, being a diminution, as compared with the total of the previous year, of 13.58 per cent.

The number of passengers carried in 1877 was 680,082, and in 1876, 786,903; the average rate received per passenger per mile in 1877 being 2.46 cents, and 2.14 cents in 1876.

Notwithstanding the economies practised in every department of your organization (the total reduction in expenses aggregating $404,781 74 for 1877, a decrease of 16.2 per cent), your property is in an improved condition. During the past year 16 miles of track were ballasted with stone and furnace cinder, and 23 miles with gravel; 111,925 new cross ties, equal to a renewal of 42½ miles of single track, were laid; and 4,666.730 tons of steel rails placed in your line, leaving but 33 miles of iron in the main line, between Pittsburgh and Columbus, which will be renewed with steel during the current year. The bridges and masonry have received extensive repairs, and three bridges have been entirely rebuilt.

The motive power and equipment have been kept in first class condition, and the car equipment increased by 99 cars of all classes, built at the company's shops, to replace various numbers. One thousand box cars have been supplied by the Pennsylvania Railroad Company, through a Car Trust, at an aggregate cost of $535,000, this company paying 6 per cent interest and 14 per cent of the cost per annum, into that trust, equivalent to $107,000 per annum, in lieu of car service if the cars belong to others, so that at its termination this company will own the cars, without any increase of its construction account by reason of their acquisition. These cars are in active service, principally for through business. The saving shown this year in the item of hire of cars has resulted mainly from the use of these Trust cars, their mileage earnings being credited to your company. Steady progress is making in the work of conforming the car equipment in use on your lines to the uniform standard adopted by the Pennsylvania Railroad Company. The gauge of your lines will also be changed during the year to the Pennsylvania Railroad standard of 4 feet 9 inches. These changes will expedite and further reduce the cost of the movement of traffic.

During the riots which occurred in Pittsburgh, on July 19th and the subsequent days, the mob which held possession of the city, destroyed 42 cars of various classes belonging to the road, and 72 belonging to your leased lines, and burned every building owned or occupied by your company. The equipment destroyed has been entirely rebuilt, and the buildings burned, with the exception of the office building, on Seventh avenue, have been replaced with others of an improved character, viz., one 15-track engine house, one machine and blacksmith shop, one office for dispatchers and foremen, and one freight shed.

CHARTIERS RAILWAY.

Gross Earnings:	1877.	1876.
Freights	$30,681 53	$25,854 49
Express	3,130 00	3,130 00
Passengers	41,793 19	48 156 32
Mails	1,474 42	1,432 60
Miscellaneous	88 00	102 67
Total	$77,167 14	$77,476 08
Expenses:		
Conducting transp.	$18,404 72	$14,164 45
Motive power	10,709 53	8 933 67
Maintenance way	9,518 68	9 239 86
General expenses	1,127 61	606 43
Total	$34,760 49	$32,944 41

Net earnings for 1877, paid to Chartiers Railway company, under contract, $42,406 65.

There was an increase in freight carried of 24,617 tons, the increased revenue from which was $5,377 04, was, however, offset by the decrease in passenger earnings as compared with the Centennial year.

CINCINNATI AND MUSKINGUM VALLEY RAILWAY.

Gross earnings:	1877.	1876.
Freights	$251,556 59	$206,033 34
Express	5.000 00	3,424 06
Passengers	100,535 15	101,794 28
Mail	8,470 97	9,837 97
Rents	635 80	768 50
Miscellaneous	574 95	500 95
Total	$366,773 86	$322,359 10
Expenses:		
Conducting transp.	$76,451 08	$72,297 37
Motive power	97,475 68	89,460 63
Maintenance way	121,635 94	124,192 12
Maintenance cars	26,860 93	26,244 42
General expenses	18,464 28	17,548 89
Total	$340,887 91	$329,743 43
Net earnings, 1877		$25,885 95
Deficit, 1876		7,884 33
Improved result		$33,270 28

The above net earnings applied towards the payment of this company's interest charges, $105,000, leave as net loss in operating this line for the year, $79,114 05, as against $112,884 33 in 1876.

The large increase in freight earnings above noted arises from both increased tonnage and increased average haul. The increase in tonnage was wholly in grain, amounting to 58,815 tons, and though the competitive rates advanced 8.6 per cent, local rates declined 2.6, which prevented the road from realizing the full benefit of its largely increased tonnage. The increase of expenses for motive power and maintenance of cars is due chiefly to the increase in repairs, fuel, and hire of cars demanded by the augmented traffic.

The roadbed and equipment in general are in fair condition.

LITTLE MIAMI RAILROAD.

Gross earnings:	1877.	1876.
Freights	$671,649 57	$563,011 17

Net loss for 1876.....		408,298 29
Decrease in loss.....		$99,861 60

The net result from operating this line in 1877 is a very decided improvement over 1876, attributable chiefly to the largely increased freight earnings. The local tonnage increased 21.31 per cent, and the through tonnage 2.31 per cent, but while there was a slight decrease in the rates received on local business, there was an advance of 22.47 per cent in competitive rates. The total tonnage was 584,645 tons in 1877, as against 517,421 tons in 1876, an increase of 67,224 tons, or 12.99 per cent.

The increased business done on the road entailed an increase in the expenditures for operating, chiefly for maintenance of way, but by reason of the increase in ton mileage the actual cost of moving a ton per mile was slightly reduced. The motive power and equipment was fully maintained during the year, 58 cars of various classes having been rebuilt. The track, bridges and other structures were much improved, and a large quantity of new material, iron and steel rails, and cross ties, was placed in the line.

COLUMBUS, CHICAGO AND INDIANA CENTRAL RAILWAY.

Gross earnings:	1877.	1876.
Freights.....	$2,293,410 68	$2,328,911 08
Express.....	64,693 95	63,372 48

Rents.....	4,774 90	4,465 00
Miscellaneous.....	70,317 13	1,124 68
Rent of Railway....	55,524 40	37,080 00
Totals.....	$3,396,255 58	$3,457,716 48
Expenses:		
Conducting transp..	$959,140 76	$1,055,064 15
Motive power.....	804,363 72	837,857 66
Maintenance of way.	695 559 37	671,759 87
Maintenance of cars.	248,784 62	258,643 48
General expenses....	233,116 88	249,441 85
Total.....	$2,940,915 35	$3,072,767 01

The net earnings of this line for 1877 were $455,340 23, an increase over 1876 of $70,390 76. These net earnings have been paid to the Receivers under the order of the United States Circuit Court at Indianapolis, pending a decision in the suit of the Pittsburgh, Cincinnati and St. Louis Railway Company, against the Columbus, Chicago and Indiana Central Railway Company, for relief on account of the latter's non-fulfilment of its obligations to the former under the lease.

The decrease in freight earnings is owing mainly to the diminution in local rates; the tonnage having increased both in through and local business, and the rates on competitive freight having advanced. The decrease in passenger earnings is due in large part to the decline in travel, as compared with the Centennial season, although the depressed condition of business has effected local travel to a considerable extent.

The line is worked with exceptional economy, and its expenses show a marked reduction over the previous year; but owing to the nature of the larger part of its traffic, and the low rates at which most of it must be carried, its net earnings do not show as satisfactory a result as could be desired.

The condition of the road bed on this line has been steadily improved, and the motive power and equipment have been kept in good order. The many bridges on the line have been carefully maintained, and the general condition of the property is satisfactory.

ST. LOUIS, VANDALIA AND TERRE HAUTE R. R.

Gross earnings:	1877.	1876.
Freight.....	$613,101 63	$611,768 04

General expenses.....	22,850 76	24,834 10
Total.....	$812,513 32	$848,507 11
The net earnings for 1877 were.....		$293,752 37
Against which were charged:		
Rental, 80 per cent of gross earnings, less proportion of joint earnings paid Indianapolis and St. Louis Railroad.....	$308,469 24	
Amount paid I. & St. L. R. R. under pooling contract.....	78,034 87	
		386,504 11
Net loss for 1877.....		$92 751 74
Net loss for 1876.....		112,936 77
Decrease in loss.....		$20,185 03

One half of this loss of $92,751 74 was borne by this company, the other half being divided between the Terre Haute and Indianapolis Railroad Company, lessee, and the Columbus, Chicago and Indiana Central Railway Company.

There was a large increase in the local freight business of this line during the year, which was offset by a diminution in the through business. The passenger business also decreased for the same causes as on the other lines.

GENERAL REMARKS.

Your lines, in common with all roads east of the Mississippi river, suffered a serious interruption of business in July, owing to the strike that occurred upon many railway lines of the country. The company is greatly indebted to Governor Young, of Ohio, for the firm and energetic measures adopted by him to preserve law and order in his State, through which loyal men were enabled to continue in the discharge of their duties, and the destruction of property prevented.

Since the close of the year an arrangement has been made by which the holders of the consolidated mortgage bonds of this company will have the option of converting their coupon bonds into registered bonds.

Your board desire to call the attention of the shareholders to the detailed statements herewith submitted of the Treasurer, General Manager and the Comptroller. The Board desire to express their appreciation of the exceptional services rendered during the year by your officers and faithful employees, to whom your thanks are justly due.

By order of the Board.

THOMAS A. SCOTT, President.

COLUMBUS, OHIO, March 19, 1878.

St. Louis, Alton and Terre Haute Railroad.

During the past week the single exciting feature of the railroad bond market has been the extraordinary decline in the price of the securities of the St. Louis, Alton and Terre Haute Railroad. It is apparently a bear movement upon a portion of the bonds of that road known in the market as Income bonds, $1,700,000, seven per cent., and Equipment bonds, $300,000, ten per cent. The entire bonded debt of the road is $7,000,000. Of this, $2,200,000 is a first mortgage, (Series A and B,) leaving $2,800,000 (Series C and D) covered by a second mortgage, the Income and Equipment bonds making up the total.

The road has been operated since June, 1867, under a ninety-nine year lease to the Indianapolis and St. Louis Railroad; the lease having been guaranteed originally by the Indianapolis, Cincinnati and Lafayette, the Pittsburg, Ft. Wayne and Chicago, and the Cleveland, Columbus, Cincinnati and Indianapolis Railroads. This guarantee was individual and not joint; hence the bankruptcy of the first named guarantor and default on its part left one-third of the minimum rental, $450,000, unprovided for. The lease must have been profitable, however, to the other guarantors; for they have paid the deficiency, $150,000 until now, although not apparently required by the terms of the lease to do so. The net income of the road has been about $580,000. After paying the interest on its indebtedness there has been a surplus of nearly $50,000. By the refusal of the guarantors to pay more than $300,000 instead of $450,000, as heretofore, there will be a deficiency of about $100,000. This would leave the Equipment bonds, $300,000, wholly unprovided for; and leave about 4 per cent interest for the Income bonds. All parties to the lease are on amicable terms, and it is not likely that any litigation will result from the non-payment of some $50,000 rental notes due on the 3d of July. Near the close last week we quoted the Income bonds at 64. Since then they have dropped to 39, and are almost unsalable. The other bonds of the road suffered a serious decline also.

The road in question is a valuable property. In other days it was manipulated to an unfortunate end for its early stockholders. Its career under lease has been more prosperous. It is one of the St. Louis trunk lines eastward; and throughout its entire length passes through a region now well settled and unsurpassed in fertility. We give these facts to our readers who may be interested in the road's indebtedness, and who naturally seek to know why such extraordinary fluctuations take place in the value of an apparently sound investment.

☞ Of the $1,500,000 Delaware and Hudson Canal Company's seven per cent bonds, which matured November 1, 1877, the sum of $1,482,000 were extended, by agreement with the holders, until November 1, 1891, the extension not to in anywise impair the security afforded by the mortgage dated January 2, 1871. The company asked the Stock Exchange to have these bonds restored to the list. The committee having the matter in charge have recommended that they be placed on the regular list next after 1891's, and called "Delaware and Hudson Canal first mortgage extended."

Gold Position of the U. S. Treasury.

We give elsewhere a statement of the liabilities and assets of the Treasury of the United States on the 31st of May, 1878. This statement is based upon the actual returns from Assistant Treasurers, Depositaries, and Superintendents of Mints and Assay Offices. The delay in issuing it arises from the time taken in getting returns from distant offices. The following compilation from it of gold held and debts payable on demand in gold will show the gold position of the Treasury at the date named :

ASSETS.

Gold in Treasury	$122,917,907
Gold in national banks	21,107,218
	$144,025,125

LIABILITIES.

Comptroller of Currency	$78,287	
Disbursing accounts	892,213	
Treasurer's transfer checks	285,234	
Interest account	828,861	
Interest past due	4,526,227	
Called bonds and interest	5,600,315	
Gold certifs	$52,481,600	
Less on hand	31,235,300	
	21,246,300	
		32,957,437
Gold owned by Treasury		$111,067,688

The statement makes the coin certificates amount to $52,828,640 ; but this is corrected by the debt statement of same date, which gives $52,481,600 gold certificates and $342,040 silver certificates.

Chilian Railroad Project.

Every foreign mail continues to bring encouraging advices in relation to the Postal Commissioners' work in South America. Having visited Peru and obtained a promise of the cordial cooperation of the President and Cabinet of that republic in the effort now being made to inaugurate an improved system of commercial trading between the republic and the United States, Mr. Fralich is now in Chili, where, according to his reports, some favorable works has been accomplished. Among this is the securing of a contract for the furnishing of a considerable quantity of railroad supplies. A provisional contract has also been entered into with the Chilian Government for the completion of the Chili and Southern Railroad, one of the enterprises into which the Government was induced to embark some time ago.

The road, which is 400 miles in length, is in full operation, in spite of the fact that no stations have been erected and that the bed has yet to be ballasted. No less than forty rivers lie across its path, while as yet only ten bridges have been constructed, and these are of wood, which the contractors will not guarantee to stand any lengthened strain. Where there are no bridges the passengers are conveyed across the river in barges and re-embark in fresh cars on the other side. Commissioner Fralich is now endeavoring to secure the contract for the whole of the forty structures for American manufacturers, and expresses himself sanguine of his ultimate success.

"No one need have any fear of assuming any risk under Government guarantees," writes a leading merchant of Chili. "This is a land of great prosperity. We have a population of 2,500,000, and a credit of the very first class. The development of our two great cities, Santiago and Valparaiso, is altogether beyond what the American people with their limited knowledge of us, would imagine. People in other countries have been inclined to the idea that the South Americans are little better than a race of Patagonians, knowing nothing of trade and giving no thought to beauty or culture, and many Americans who have come here have been surprised to find that, as they themselves have admitted, our Santiago is, both in buildings, parks and residences, a much finer place than the seat of the United States Government. In point of population Santiago, with its 180,000 of permanent residents, has nothing to be ashamed of."—*Phila. Record.*

Canton Company.

At the annual meeting of the Canton Company, held in Baltimore on the 12th inst., the following gentlemen were elected directors : William Mertens, A. B. Baylis, James B. Colgate, George F. Stone, all of New York ; George S. Brown, William G. Harrison, William H. Graham, Charles Weber, Walter B. Brooks, of Baltimore.

The reports of Mr. Walter B. Brooks, president of the Canton Company, and of Mr. W. G. Harrison, president of the Union Railroad Company, were submitted. The operations of the Canton Company for the year to May 31, 1878, were as follows : balance in bank June 1, 1877, $23,149 98 ; receipts from annual rentals, $69,192 98 ; from sale of real estate, &c., $101,718 52—total, $194,061 21. Current expenses, $19,879 57 ; interest and loans, $156,976 45—total, $176,856 02, leaving balance in bank, $17,205 19. Sales and permanent leases for the year, $20,065 ; temporary leases, per annum, $13,385.

Interest on the bonded debt of the Union Railroad Company, amounting to $64,000, together with the payment of $26,069 on account of tunnel damages and new steel rails, has been paid from its receipts ; and from the steady increase of business, and notwithstanding the general depression, it is believed that henceforth the road will discharge all its obligations without further recourse to the Canton Company for assistance.

The Northern Central Railway Company will erect within six months at Canton a pier and warehouse 500 feet long, ample to accommodate all demands ; and overtures to occupy portions of it have already been made by a new foreign trade seeking Baltimore as a distributing point. With these terminal facilities for trade bound westward an increase in the revenue of the Union Railroad for 1879 is expected.

The property of the Canton Company comprises 25,000 acres of land, giving 17,880 building lots in Baltimore city and county and 900 acres of farm and wood land, with water front of 17,000 feet on the harbor and Patapsco river.

Baltimore and Delta Railway.

The directors of the Baltimore, Towsontown, Dulaney's Valley and Delta Railway Company and the Baltimore, Hampden and Swan Lake Railway Company met on the 12th inst. in Baltimore, and agreed on a basis of consolidation into one company, to be known as the Baltimore and Delta Railway Company. The terms of consolidation are that the stockholders of both companies shall receive stock of the new company to the amount paid in by them in the old companies. The first named company has paid in stock amounting to $170,000 and the other stock to the amount of $50,000. There are to be thirteen directors of the new company, six from Harford county, Md., one from York county, Pa., and the balance from Baltimore county and Baltimore city. The presidents of both companies are to call meetings of the stockholders of the respective companies at Barnum's Hotel, Baltimore, July 18, and Belair July 20, to ratify the act of consolidation. The election of the thirteen directors of the new company will take place at Belair July 20. The articles of agreement are signed by Presidents W. H. Waters and John H. Prentiss, Stevenson Archer, Geo. Merryman, James L. Sutton, W. R. Monroe and A. W. Bradford, comprising the committee of both companies appointed to draw the plan of consolidation.

Baltimore and Ohio Railroad.

Following the meeting of the stockholders of the Baltimore and Ohio Railroad Company on the 11th inst., when the act of the last session of the Legislature for adjusting the claims of the State and the relations of the road to it was accepted, the president and directors of the company held a meeting at Camden Station on the 12th in further fulfillment of the terms of the adjustment. One of the provisions of the act as now formally accepted was that the company should declare and pay as dividend a sum equal to the five semi-annual 5 per cent dividends which had remained undeclared up to October, 1877, because of the then pending claim of the State for the one fifth gross receipts from passengers on the Washington Branch during that period. The company, therefore, declared a 25 per cent dividend on the stock of the Washington Branch, and as the State holds $550,000 of stock in that road, it thus gets $137,500, which will be paid into the State Treasury in accordance with the act of settlement. There is also about $50,000 of the Washington Branch stock held by individuals, the like dividends on which aggregates $12,500. The balance of the stock in the Washington Branch, $1,000,000, is held by the Baltimore and Ohio Company.

The other features of the settlement, under the act of the Legislature, are that the company pay $100,540 64 in money, as the amount of the gross receipts tax on the Main Stem and Washington Branch up to January 1, 1878, and deliver its bonds to the amount of $366,870 56 to the State, said bonds to run ten years at six per cent from July 1, 1878, in lieu of the capitation, &c., to January 1, 1878.

Baltimore and Potomac Railroad.

At the annual meeting of the stockholders of the Baltimore and Potomac Railroad Company, held in Baltimore on the 12th inst., the report of the directors for the year ending December 31, 1877, was presented. From this we learn that the gross earnings from all sources were $646,822 78, of which Washington line and tunnel were $605,799 82, and Pope's Creek line $40,522 96, showing a decrease of $76,162 78, of which Washington line and tunnel $73,094 73 and Pope's Creek line $3,068 05. The decrease is by comparison with the centennial year, when the passenger travel was large.

The total expenses were $534,534 21, of which Washington line and tunnel $487,010 63 and Pope's Creek line $47,523 58, a decrease of $65,670 88, of which Washington line and tunnel $54,585 88 and Pope's Creek line $11,085. The net earnings were therefore $111,788 57.

The requirements of the service have been amply met, bridges carefully maintained, road-bed and superstructure improved, and the mileage of trackage increased, chiefly in sidings, which aggregated during the year 4,840 feet, at the most important stations. Of the 58 miles of main

track, single and double, between Baltimore and Washington, 29 miles are laid with steel, and 785 tons of steel rails and 57,918 cross-ties were used in 1877 for repairs and siding extensions. It is in contemplation shortly to replace the bridges on the Washington line with iron structures. Litigation growing out of the tunnel construction has been settled.

The following directors were elected for the ensuing year: A. J. Cassatt and George B. Roberts, of Philadelphia; George Small, B. F. Newcomer, W. T. Walters, and Eli J. Henkle, of Baltimore, and Samuel Cox, of Charles County, Md.

At a subsequent meeting of the board Olen Bowie was elected President; A. J. Cassatt, Vice-President; John Crowe, Secretary and Auditor, and John S. Leib, Treasurer.

Lead Poisoning from Water Pipes.

It is not to be expected that plumbers are practical chemists, or know more of the chemical action of water upon lead pipes than comes from hasty observation when repairing or renewing those pipes. But scientific men, and more especially Boards of Health for large cities, have given the matter a pretty exhaustive scrutiny.

Since nearly the whole community is interested directly in the result of these inquiries, it would seem that an exact conclusion as to the safety or risk of lead pipes would have been determined long ago. But exactly the opposite is true. The conclusions are nearly as various as the investigations. For instance, the Franklin Institute of Pennsylvania declared in its official report for April, 1871, that there are no authenticated accounts in which the health of towns and cities supplied with water from lead pipes fell below the average, or gave ground for suspicion of lead poisoning. Directly opposed to this, however, was the report from the Massachusetts Board of Health resulting from the reports of some two hundred districts addressed for the purpose. Again, in England, the Scientific Commission appointed to investigate the same subject reported that from extensive analyses made by them, the purest water came from a lake into which passed the washings from several lead mines. Thus it will be seen the conclusions as to the safety of lead water-pipe are widely different.

Some general facts, however, have been elicited from those investigations which ought to be known and understood by all. The chemist states truly that, as a general fact, water under ordinary circumstances will act upon lead corrosively. The physician then states that the quantity of lead present in water necessary to exhibit symptoms of lead poisoning cannot be given with exactness because different persons are not affected alike, etc. It appears that the purity or impurity of the water itself, more than anything else, makes it dangerous or harmless. Pure water (distilled) is a vigorous corrosive agent when brought into contact with lead. To drink such water after any considerable contact with lead would be dangerous. Potable water generally contains enough of other matter in solution to prevent lead corrosion. Especially is this true of springs and running water which contains carbonate of lime. That single substance more than any other prevents lead corrosion and renders the use of lead pipe harmless. Sulphates and phosphates held in solution also exert a similar effect. Organic matter, on the other hand, has a positive corrosive tendency. Iron as a substitute for lead is safe, but disagreeable from discoloration. Zinc is unsafe because containing arsenic. Tin is best of all, but its high cost must prevent general use. For ordinary uses lead pipe will still hold its place.

Pittsburg, Cincinnati and St. Louis Railway.

The following is an approximate statement of the Pittsburgh, Cincinnati and St. Louis Railway Company for the first five months of this year:

Gross earnings (including interest received on equipment hired), January 1 to June 1, 1878		$1,301,450
Expenses (including interest on car trust cars and rent of Monongahela extension) for same period		827,014
Net earnings		$474,436
The interest on the bonds for these five months is:		
$3 000,000 Steubenville and Indiana Railroad 6 per cent	$75,000	
$775,000 Steubenville and Indiana Railroad 7 per cent	22,604	
$7,222,000 Pittsburgh, Cincinnati and St. Louis Railway 7 per cent	181,475	
		279,079
Surplus		$195,357

☞ The Mt. Sterling News says that enough stock has been raised to build the McConnellsville and Ferrara Narrow Gauge Railroad, and that Colonel Yeomen, the contractor, will commence work in this month. The Muskingum and Ferrara railroad has been placed under contract, and will be built by Gifford, Donaldson & Co. The work of constructing the road will begin at once. The only difficulty is the obtaining of the right of way, and this, it is thought, will not retard the enterprise very much.

☞ The Reading Times says that the Philadelphia and Reading Railroad Company have ordered another coal dirt burning locomotive, similar to the one on exhibition at the Paris Exposition, to be built immediately. The new locomotive will be shipped to Boston for trial on one of the roads in Massachusetts, for the purpose of demonstrating that it is not necessary to use large coal for fuel in running a locomotive.

☞ The opponents of the Cincinnati Southern Railway in Cincinnati have organized an association for the purpose of testing the validity of the laws authorizing the subscriptions to that road, and to resist "improper, illegal and extortionate taxation." A number of taxpayers have joined the association. Cincinnati has already voted sixteen million dollars to this road, and several millions more are desired to complete it to Chattanooga, Tenn., its objective point.

☞ At a special meeting of the Trustees of the Brooklyn, Flatbush and Coney Island Railroad, held on the 17th inst., Mr. James N. Smith, the builder of the road and one of the largest stockholders in the company, was elected President. The road will be opened for public travel on the 25th inst.

☞ Messrs. John J. Cisco & Son will pay for the company on presentation, less rebate of 5 per cent per annum, the Gold coupons from the First Mortgage bonds of the Houston and Texas Central Railway due July 1.

Oregon Central Railroad.

Mr. R. Kohler, President of the Oregon Central Railroad Company, writes to the Oregonian as follows:

During the last two months reports have been circulated to the effect that the German bondholders were about to dispose of their railroad property in this State, or that they had transferred their interest in the Oregon Central Railroad to the so-called English capitalists. Being on the eve of my departure to Germany, whence I have been called, I deem it my duty to state that such reports are without foundation, but that the purpose of my trip is to effectuate arrangements for the speedy extension of the Oregon Central Railroad south. Dispatches received by me within the last few days leave no doubt in my mind concerning the result.

☞ The Attorney General of the United States has decided that it is lawful to transport goods by means of British or other foreign vessels from Chicago or Milwaukee to points in Canada, thence through Canadian territory by rail, and by either foreign or American vessels to Oswego or Ogdensburgh—Chicago and Milwaukee being considered ports on the northern frontier within the meaning of the treaty of Washington.

☞ The Port Royal Railroad, which was sold at auction at Port Royal on the 6th inst. for $500,000 to the Union Trust Company of this city, representing its creditors, connects Port Royal with Augusta, Georgia, and is 112 miles long. It has $3,000,000 capital stock paid in, and $1,800,000 mortgage debt at 7 per cent, but has been in default since 1873.

☞ The directors of the Manchester and Ashburnham Railroad Company, elected on the 29th ult., are: Samuel R. Payson, Edmund Dwight, John C. Palfrey, Joseph Stone, Person C. Cheney, David Cross and Hiram K. Slayton. Nothing has been done toward the construction of the road during the past year, except expenditure from $5,000 to $6,000 in making surveys.

☞ The mail and stage line from Fort Worth, Texas, to Yuma, Arizona, was formally opened on the 10th inst. The line is 1,500 miles in length, is the longest line in the world, and offers the shortest and quickest route to Mexico and Arizona.

☞ The directors of the Baltimore and Ohio Railroad Co. have declared a dividend of 25 per cent on the Washington Branch stock, payable after the 24th inst.

☞ The quarterly dividend of 2½ per cent on the capital stock of the United New Jersey Railroad and Canal Companies will be paid on the 10th of July.

☞ The land sales of the Atchison, Topeka and Santa Fe Railroad were in May, 1878, $86,000, against $23,700 in May, 1877, an increase of $62,300.

☞ Phillips, Me., has voted to loan its credit in aid of the narrow gauge railroad from Farmington to Phillips, by a vote of 218 to 26. This assures the building of the road this season.

☞ George Sellers has been elected President and Jacob Swart Superintendent of the Waynesburg and Washington (Penn.) Railroad Company.

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "†."

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

An asterisk (*) occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "†."

RAILROAD SHARE LIST, including Mileage, Rolling Stock, Debts, Income, Dividends, &c., &c.

The word "do" occurring in the column headed "Rolling Stock" signifies that the cost thereof is included, in that headed "Railroad." A *dash* (—) across the column signifies "nil," and running *dots* (.....) signify "not ascertained." Land Grant Railroads are printed in "*Italics*." State-aid Railroads are distinguished by a "†."

Erie Railway.

We gave in our issue of 8th inst. a statement of the gross earnings, working expenses and net earnings of the Erie Railway for the months of January and February, 1877 and 1878; and in our issue of 15th inst. a similar statement for the month of March in the years named. The following summary, compiled from the foregoing statements, will show the business of the road for the three months ending with March:

	1877.	1878.
Gross earnings.....	$3,262,727 00	$3,572,688 06
Working expenses...	2,696,660 58	2,590,010 03
Net earnings...	$566,066 42	$982,628 03

—showing an increase in earnings of $809,911 06, with a decrease in expenses of $106,650 55, making the increase in net earnings $416,561 61.

Statement of the Public Debt of the United States, June 1, 1878.

DEBT BEARING COIN INTEREST.

	Amount Outstanding.	Accrued Interest.
5 per cent. bonds, 1858.....	$260,000 00	$5,416 66
6 per cent. 1881 bonds, 1861..	18,415,000 00	460,375 00
6 per cent. bonds, 1881 (Oregon,) 1861.....	945,000 00	23,625 00
6 per cent. 1881 bonds, 1861..	189,321,350 00	4,733,033 75
6 per cent. 1881 bonds, 1863..	75,000,000 00	1,875,000 00
5 per cent. 10-40 bonds, 1864..	194,566,300 00	2,432,078 75
6 per cent. consols, 1865.....	106,856,050 00	2,671,401 25
6 per cent. consols, 1867.....	310,616,300 00	7,765,407 50
6 per cent. consols, 1868.....	37,465,300 00	936,632 50
5 per cent. funded loan of 1881	508,440,350 00	2,118,501 46
4½ per ct. funded loan of 1891	235,096,000 00	2,643,750 00
4 per ct. funded loan of 1907.	91,850,000 00	612,333 33
Aggregate of debt bearing coin interest.....	$1,768,735,650 00	$26,277,555 20
Interes due and unpaid		4,526,227 09

DEBT BEARING INTEREST IN LAWFUL MONEY.

3 per cent. navy pension fund, 1868.....	$14,000,000 00	$175,000 00

DEBT ON WHICH INTEREST HAS CEASED SINCE MATURITY.

	Amount Outstanding.	Interest due and unpaid.
4 to 6 per cent. old debt, 1837	$57,665 00	$64,174 81
5 per cent. Mexican indemnity stock, 1846.....	1,104 91	85 74
6 per cent. bonds, 1847.....	1,250 00	22 00

Totals.....	$64,623,512 00	$1,615,587 80

Interest paid by United States, $37,896,334 50; interest repaid by transportation of mails, &c., $9,452,577 03; balance of interest paid by United States, $28,443,757 47.

The foregoing is a correct statement of the public debt, as appears from the books and Treasurer's returns in the Department at the close of business, May 31, 1878.

JOHN SHERMAN,
Secretary of the Treasury.

Driving a Coach through a Stump.

It is well known, or ought to be, that the Yosemite tourist, who goes via Sonora, passes directly through the Tuolumne Grove of Big Trees, as fine as any in the State. In this grove are two stumps, larger than any others on the coast. W. C. Priest, one of the Yosemite Commissioners, has let a contract to bore a hole through one of these stumps for the stages to pass through. This stump is 33 feet in diameter, and the hole will be cut through it, 12 feet wide by 10 feet high, and will be completed on the 10th of this month. This fine grove has hitherto been neglected, but will now be put in order for the inspection of tourists. Trails will be cut through it and the underbrush cleared away, so that it can be thoroughly appreciated in all its stately magnificence. —*Sonora, Cal., Independent.*

☞ The Army bill, as agreed to by the Senate and House, fixes the standard at twenty five thousand men; the proposed transfer of the Indian bureau to the War Department is abandoned; a commission is provided to consider the subject of army reorganization, but no army officers shall sit on it, and the army is not to be used as a *posse comitatus* except in cases now authorized by the constitution.

☞ The Philadelphia and Reading Railroad Company shipped 196,000 tons of coal during the week ending Saturday, June 15th.

American Railroad Journal.

Saturday, June 23, 1878.

Financial and Commercial Affairs.

No new features have been developed in the Money line, the accumulation of capital at this centre continuing, giving borrowers the advantage as to rates in nearly all the negotiations of any magnitude, while the demand, as well from speculative as from mercantile sources, has been comparatively moderate. Call loans have been quoted here at from 2@4½, with 2½@3½ per cent as the basis of the principal negotiations, and very choice to strictly prime mercantile credits were rated at 3@5½, the best grades passing readily at 3½@4 per cent per annum. The City bank exhibit of last week indicated a falling off in the loan and discount average of $1,493,800, and an increase in the item of circulation of $5,-800. The average of deposits was enlarged $3,-518,400. The legal tender reserve was augmented $1,686,500; and the specie average $304,000. The City bank net reserve of specie and legal tender notes now shows an excess over the legal requirement of reserve to liabilities of $15,161,800, against $14,049,650 the preceding week, and $17,608,550 the week ending April 20th (the latter the highest aggregate yet reached this year.) The City bank exchanges in currency reached $390,938,811, or a daily average of $65,155,684.

The outstanding amount of legal tender notes is $346,743,818. The National bank circulation is now $322,632,459 of currency notes and $1,482,-120 of national gold bank notes. National Bank notes received at the Treasury Department last week for redemption were to the amount of $5,-512,000.

In the favorite issues of Government Securities a fairly active business has been reported, almost wholly on investment account, at however, easier prices, influenced in part by the decline in Gold, closing on Wednesday as a rule more firmly. At the close on Wednesday the current quotations were as follows:

United States 6s, 1881, registered, 106⅝@106¾; do. coupon, 109⅝@109¾; 5-20s, 1865, new, registered, 102⅛@102¼; do. coupon, 105⅛@105¼; do. 1867, registered, 105⅛@105¼; do. coupon, 108⅛@108¼; do. 1868, registered, 107⅜@107½; do. coupon, 110½@111; ten-forties, registered, 107⅞@108⅛; do. coupon, 107⅞@108⅛; five per cents, 1881, registered, 106@106⅛; do. coupon, 106@106⅛; 4½ per cents, 1891, registered, 103⅛@103⅜; do. coupon, 103⅜@103½; 4 per cents, 1907, reg., 100⅛@100⅜; do. coupon, 101⅛@101¼; sixes, currency, 120⅜@120½; Central Pacific gold bonds, 108@108¼.

The amount of U. S. bonds held by the Treasurer of the United States as security for the National Bank circulation is $349,620,450, and $18,858,000 as security for public deposits.

The income of the Government from internal revenues last week was about 2¾ millions, and from Customs last week about two millions.

State Bonds have been less active and quoted generally weaker as to values. Railway Mortgages have been in fair request, chiefly for investment account, and the favorite loans have been comparatively well supported as to price. And in the line of Railway and Miscellaneous share property business has been on a restricted scale, and the market more or less depressed, though at times rallying sharply. Speculative sales, partly to realize profits on the recent rise, tended to weaken values, which were also adversely influenced by various reports and rumors, which were pushed into circulation, with a view to speculative effect.

Less firmness was reported in Gold, which was less sought after on speculative account, as well as for settlements on account of the Government refunding loans. The customs and export drains has been quite moderate. The extremes during the week have been 100⅜@101, closing on Wednesday at 100¾ as against 101 on Wednesday of the preceding week. The specie outflow last week was only $388,128—making the total exports of specie hence since January 1, $8,510,933 against $17,191,729 the same time in the preceding year. The imports of specie at this port last week were to the amount of $888,891 (mainly from Liverpool, Vera Cruz, and Havana) and since January 1st have been $12,791,232 as against $7,205,397 same time in the preceding year. The Customs demand for gold in the local market last week reached $1,367,021 or an average of $227,833 per day.

Foreign Exchange has been quite moderately dealt in, but held with a fair show of firmness. Bankers' sixty day bills on London closed on Wednesday at $4 84⅛@$4 85⅛; sight bills on London at $4 86⅛@$4 87½ to the £ sterling. The week's imports of Dry Goods and general merchandise were to the specie value of $6,282,076 as against $8,297,910 the corresponding week of 1877. The week's import entries of Foreign Merchandise at New York included $769,200 of Dry Goods, and $5,512,876 of General Merchandise. The week's exports of Domestic Produce and Miscellaneous Goods from this port were to the aggregate value of $6,252,760 against $6,233,968 same week in 1877; and since Jan. 1 have been $158,488,026 against $123,795,267 same time last year.

Metals have been in very moderate request yet values have been about steady. Iron has been slow of sale. Eglinton Pig Iron quoted at $22@$23; Glegarnock $23@$23 50; Coltness $24; No. 1 American Pig at $16 50@$18 50; No. 2 do. at $15 50@$17. Forge $15@$16. New Iron Rails at works $33@$37. Old Rails $18@$18 50. Wrought Scrap $20@$21. Steel Rails, on the basis of $43@$45.

An active movement has been reported in the leading kinds of Domestic Produce but at variable prices; Breadstuffs closing generally weaker; Provisions firmer; and Cotton easier. The dealings in Corn have been unusually extensive, largely for export. Naval Stores and Petroleum have been in light demand at about former quotations. Foreign merchandise has been in moderate request with values ruling generally about steady.

Ocean freights have been quite active and rates have been ruling stronger especially for accommodation for Grain, Provisions and Petroleum. The Grain movement has been largely for Continental ports. For Liverpool steamer rates at the close for Grain quoted at 8d. per 60lb. Flour, at 2s. 6d.@2s.9d. Provisions, 30s.@40s.; Leather, 45s. Measurement Goods at 20s.@23s. 9d. per ton; Cotton, ⅛d. per lb. Liverpool, by sail. Cotton, 15-64d. Grain at 7@7⅛d.; Flour, 2s. 3d.; Measurement Goods, 15s.@20s. Tobacco 27s. 6d.; Oil Cake at 20s.@22s. 6d. Grain rates on charter hence for Cork and orders left off at 6s,@6s. 3d.; for the Continent Grain at 5s. 6d.@6s.6d. and from Baltimore for Cork and orders, 6s.@6s. 3d. and from Philadelphia at 5s. 10½d.@6s.; from Boston at 5s. 6d. and from Portland at 5s. 6d @5s. 9d. and to the Cape of Good Hope 40s. per ton, and from San Francisco to the United Kingdom (next crop) at 47s. 6d.@55s. Refined Petroleum hence for Liverpool at 4s.@4s. 3d.; Cork and orders, 4s. 3d.@4s. 6d.; for the Continent, 3s. 9d.@4s. 3d., for the Baltic at 4s. 9d.@5s. 1½d. and Java at 32@35ct. and Japan 37½@42½cts. and for French ports (crude) at 4s. 3d.@4s. 6d. Gibraltar and orders at 4s. 9d.@@5s. 9d.; do. in cases, from N. Y. to Italian ports, at 26@28cts. and Adriatic 28@32cts. and Constantinople 29cts. Cotton by sail from New Orleans to Liverpool ⅛@5-16d.; Ky. Tobacco from New York to Spain at 32s. 6d.@37. 6d. and to France at 32s. 6d. @35s. Naval Stores from Wilmington, Charleston, or Savannah for Cork and orders at 4s. 6d.@4s. 9d. and 6s. 6d.@6s. 9d. Lumber from New York to Montevideo at $14 and 5 per cent primeage. Savannah to Cadiz $15, Savannah, Brunswick or Union Island to the River Platte $19@$19 50; Quebec to Milbourne £7. Deals from St. John (N. B.) to Liverpool at 65s.@67s. 6d. Through Provision freight room by steam from the West for Liverpool quoted at the close at 48@53½cts. per 100lbs. as to routes.

The following quotations of sales of Railway and other securities are in addition to those given elsewhere in our columns:—

OFFICE OF THE NEW YORK ELEVATED RAILROAD COMPANY, No. 7 BROADWAY,
NEW YORK, June 19, 1878.

THE INTEREST ON THE BONDS OF THIS company due July 1, 1878, will be paid on and after that date, on presentation of the coupons at the Corn Exchange Bank.

J. A. COWING, Treasurer.

Chicago, Rock Island and Pacific Railroad.

The report of the Chicago, Rock Island and Pacific R. R. Co. states that the gross receipts from all sources for the year ending March 31, 1878, were $7,895,870 26; operating expenses, including taxes, $4,384,514; net earnings, $3,511,356 26. From this sum $2,845,709 were paid out as interest, and for rentals, dividends, and sinking fund, leaving a surplus of $665,647 26. The net earnings for 1877-'78 were greater than those of 1876-'77 by $161,991 65. The increase in gross earnings was $41,803 44, and the decrease in operating expenses $120,688 21.

The Land Commissioner reports the sales of lands for the year at 12,961 acres, for the sum of $108,663 48, being an average of about $8 38 per acre. Interest receipts for the year have amounted to $57,362 69. Payments on contracts have reduced bills receivable from $828,950 30 to $791,495 47. The fixed capital stock, according to the balance sheet, is $25,000,000, with $20,979,800 issued. The directors have canceled the stock certificates representing the difference between these figures, but the fixed capital of the company can only be changed by the legislatures of Illinois and Iowa. The credit balance of income account stands at $8,296,032, against $8,187,534 last year. The increase in this account would have been much larger but for the fact that the company charged off to profit and loss account $125,000 Pacific Hotel stock, $389 871 Pacific Hotel bonds, and $42,777 connecting railroad and other bonds. The following is the disposition made of surplus earnings: Cost of road and equipment, including Oscaloosa, South Chicago and Fort Leavenworth Railroad branches, $32,951,594 73; cost of railroad bridge at Rock Island, $758,526 10—total construction account, $33,710,120 83. Capital stock issued, $20,980,000; bonds issued, $9,998,000—total, $30,978,000. Surplus absorbed in construction, $2,722,120 83; cash materials on hand and balances due from other railroads, etc., $1,347,992 59; capital stock in connecting roads and bonds, $4,989,653 19—total, $9,019,766 61; less balances due Commissioners Sinking Fund, suspense and other accounts, $723,734 32—total surplus account, $8,296,032 29.

There will be added to the above surplus, as soon as the balance of the outstanding seven per cent bonds are canceled (at this date, June 5), $124,000; the sum now due the Commissioners of the Sinking Fund, $716,428 50; also the avails of the contracts for lands already sold as reported by the Commissioner of the Land Department, at $791 495 47; also the current receipts for future sales of land.

☞ Books were recently opened in Accomac county, Virginia, for subscriptions to the "Peninsular Railroad," to run from Newtown to Cherrystone Inlet, the charter for which was granted at the late session of the Virginia Legislature. The proposed road is intended as an extension of the Newtown road, which is already in operation from Newtown Junction, on the Eastern Shore Railroad, a few miles below Princess Anne, Md., to Newtown, a distance of ten miles. The entire length of the proposed road is 24 miles, and it will probably cost $1,000,000 to build it.

☞ The Houston Daily Telegram of 5th inst. says that the notes of the Houston and Texas Central Railway Company, given out a year ago under the plan of liquidation, aggregating over $80,000, and maturing on the 4th of June, were promptly paid at the Treasurer's office in Houston on that date.

☞ An additional contract has been made between the Government of Guatemala and the Pacific Mail Company, by which the latter will receive $500 per month subsidy for allowing all the through steamers of the company to touch at San Jose.

☞ In adjusting the bonded indebtedness of the Southern Railroad of Long Island it is proposed to scale down the second mortgage bonds sixty per cent and the third mortgage bonds forty per cent, the first mortgage to be left intact.

☞ Samuel Sloan has been re-elected President of the Rome, Watertown and Ogdensburg Railroad Company. The office of Vice President has been abolished.

☞ The Baltimore City Passenger Railway Company has declared a dividend of $1 25 per share, equal to 5 per cent, payable 1st July.

Prospect Park and Coney Island Railroad.

A controlling interest (3,739 shares) of the Prospect Park and Coney Island Railroad Company—the property of Andrew R. Culver, President, and Allan C. Washington, Treasurer— will be sold by auction at the Exchange Sales Room, 111 Broadway, this city, on Tuesday, the 25th inst., by Messrs. Adrian H. Muller & Son. When questioned concerning the sale, Mr. Culver said his reasons were entirely personal; his health had been injured by over-work, and his physicians had advised him to retire from active business. Touching the organization of the company, Mr. Culver said:

I was formerly one of the promoters of the Cross-town Railroad, and when I sold out my interest in that I went into the Park and Vanderbilt Avenue Horse Railroad. Seeing the opportunity, I organized the Prospect Park and Coney Island Railroad. The company was formed on Sept. 3, 1874, and we began to run trains on June 5, 1875. The capital stock is $500,000, divided into 5,000 shares, of which I hold 3,739, nearly three-quarters of the whole. The remainder of the stock is held by a few of my personal friends. The report of the State Engineer shows that for the year ending September last the company earned over 10 per cent on the capital stock. On Coney Island the company owns 16 acres of land, where the depot is situated, having a frontage of 400 feet on the ocean. We also own the water front at the head of navigation on Coney Island Creek, amounting to between 1,500 and 2,000 feet. This is valuable for dock property. We have in addition the depot property at the corner of Ninth avenue and Twentieth street, extending down to Tenth avenue in the City of Brooklyn, and the entire front on Park avenue, between Clinton and Waverly avennes, with the buildings. The capital stock covers not only the steam road but the horse car franchises in the City of Brooklyn, known as the Park and Vanderbilt Avenue Line. We own in addition two legislative franchises for roads that have never been built. One of these routes begins at Fulton Ferry, extending thence along Washington street to Concord street, to Park avenue, and along Park avenue to Broadway. The other route extends from South Ferry along Atlantic avenue to Hicks street, along Hicks street to Hamilton Avenue, along Hamilton avenue to Fifteenth street, along Fifteenth street to Ninth avenue, along Ninth avenue to Twentieth street, and also along Hamilton avenue to Hamilton Ferry.

The entire length of our road is 16 6-100 miles, and the track laid actually covers 10 35 100 miles. The rails weigh 45 to 50 pounds per yard, and are made of Bessemer steel. The number of steam passenger cars, 30; the number of horse passenger cars, 57, and the number of freight cars, 4. We have 218 horses, all in excellent condition, and five locomotives. The passengers carried during the year ending Sept. 3, 1877, on horse and steam cars numbered 2,855,412. We carried 5,650 tons of freight during the year. The total receipts for the year aggregated $264,850 26. The payments for operating amounted to $175,920 22, and for interest, $36,464 90, leaving a balance of $52,465 14 for dividends on stock. The road had a floating debt of $43,904, which has been increased to $116,699 58. The increase has been caused by our losses during the dull season and the expenditures we have made for improvements.

Mr. Culver gave a history of the improvements that had been made by the company on the beach, and predicted a great future for Coney Island.

The Coal Trade.

For the week ending June 8, the total anthracite production, as reported by the several carrying companies, amounted to 459,846 tons, against 476,272 tons in corresponding week last year, a decrease of 16,406 tons. The total amount of anthracite mined for the coal year is 5,586,442 tons, against 7,892,511 tons for same period last year, a decrease of 2,306,069 tons. The quantity of bituminous coal sent to market for the week amounted to 37,215 tons, against 76,386 tons in corresponding week last year, a decrease of 39,571 tons. The total amount of bituminous mined for the year is 998,186 tons, against 1,302,540 tons for corresponding period last year, a decrease of 304,354 tons. The total tonnage of all kinds of coal for the week is 497,961 tons, against 553,038 tons in corresponding week last year, a decrease of 55,977 tons. The total tonnage of all kinds of coal for the coal year is 6,584,628 tons, against 9,195,051 to same date last year, a decrease of 2,610,423 tons. The receipts at Perth Amboy for the week ending last Saturday, June 15, were 21,600 tons, the shipments 20,400 tons, leaving a stock on hand of 39,701 tons. The quantity of coal and coke carried over the Pennsylvania Railroad for the first week of June was 94,148 tons, of which 75,752 tons were coal, and 18,396 tons coke. The total carried for the year is 1,986,847 tons, of which 1,548,457 tons were coal and 438,390 tons coke. These figures embrace all the coal carried over the road, east and west. The Reading Railroad carried 80,000 tons of coal last week to Port Richmond, whilst 62,000 tons were shipped thence, leaving the stock on hand at Port Richmond last Saturday about 121,600 tons.—*Phila. Ledger, June 17.*

An Anticipated Strike.

The St. Louis *Times* of the 17th has an article concerning railroad and labor troubles in the West from which we clip the following:

"Among recent developments is that of a thorough organization among the tramps and wandering harvesters. Those of this class who, within the past fortnight, have stopped in this city or passed through, have, almost without exception, worn upon the left breast a little scrap of red flannel pinned or sewed to the clothing. Inquiry among them shows that it is their badge, by which they recognize each other. They also have signs and grips, and talk mysteriously of trouble to come during the heated term. Their part, they say, will not be to start revolution, but to act as auxiliaries. They wait for the initiative to be taken by railroad men, and when the strike commences the country will discover the tramps' power in the immediate cutting off of all telegraphic communication."

The JOURNAL desires to make a brief comment on the above. With the honest worker we sympathize fully, but only so long as he is law-abiding. For the tramps singly or in organizations we have none but a legal sympathy. He is an intolerable evil at the best. Concerning his threatened attack upon railroad and telegraph lines there is but one course left for good citizens to pursue—give the culprit prompt and summary punishment without cruelty.

The Dom Pedro Car.

The John Stephenson Company are building at their extensive Car Works in East 27th Street, New York, a handsome street Car for the use of his Majesty Dom Pedro II, Emperor of Brazil, in his trips to and from his country seat and his palace in Rio de Janeiro.—*American Railroad Journal, June* 8.

I.

Know ye the land of mountains and rivers,
Where diamonds gleam bright in the gloom of the mine,
Where Rio Janeiro's bay glances and quivers,
And boot-blacks proclaim in Portuguese, "Shine?"
Know ye the land of Pedro the King?—
You *must* know that if you know anything—
"Where the light wings of Zephyr, oppressed with perfume
(That's Byron's, but doesn't rhyme nicely to 'bloom')
Wax faint"—let them wax, for it's not to the point
As to whether they do or whether they don't;
Know ye the land—but see here, mayhap
If you don't know you'd better just look on the map.

II.

Begirt with many a gallant brave,
Appareled in the best they have,
Awaiting each his lord's behest
To wipe his chin, pull down his vest,
Dom Pedro sate in his divan,
Deep speculation in his eye,
'Tis plain he meditates a plan,
For, see, he heaves a frequent sigh,
The mind within well skilled to hide
All but the joy of horse car ride,
His pensive cheek and ponderous brow—
It's time to change the metre now.

III.

"Let the chamber be cleared"—the train disappeared,
"Now call me the chief of the horse-car men,"
With Dom is none but the son of a gun
Who used to drive on No. 10
Of the Bleecker Street line, New York Citie,
Who as an expert crossed over the sea,
Woe to the man who tries to "cheek"
This Bleecker street boy, *l'enfant prodigus*—
"Hence, bring my Horse Car from the back-Yard, slave, and switch it on the track."
"Pshaw, to hear is to obey,"
He turns to go, "Hold, minion, stay,
It is our soverign will this hour
To hie us forth with pomp and power,
See that our Regal Car is clean,
And have the axles greased, I ween;
Curry the royal steeds right well,
And put a clapper in the bell,
Ring out wild bells to the wild—by
The way, young man, you'd better fly."

IV.

The young man flew.

V.

In half an hour the Horse Car new
Comes proudly rolling into view.
It halts before the palace door.
The King had hailed from second floor.
"Let music greet us, something 'clear' and grand;"
Quoth the drum major, "Music by the band."
And as the Emperor stept into the car
Proudly struck up the first-class orchestrar,
Punch, brothers,
Punch with care,
All in the presence
Of the Emporaire.

VI.

Away careers the flying Car,
With its Imperial Passenjar;
The Emperor smiles with unfeigned glee
Reflecting that his ride is free.

VII.

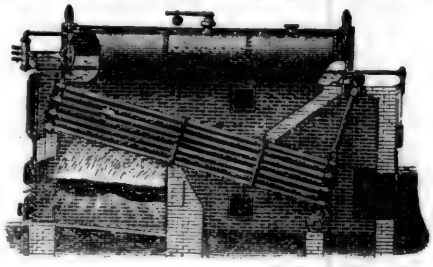
The Imperial Horse Car rolleth down,
The driver is the Bleecker boy,
Upon whose brow a gathering frown
'Gan show that something doth annoy
His righteous soul, while on the box
Sacred to nickels for the fare,
He keepeth an eye sharp as a fox,
And softly to himself doth swear,
Then shakes his round rubescent head
With rage—"He payeth not," he said,
"Now, by the can and by the cup,
I'm blanked if I don't ring him up."
He rang him up, the Emperor smiled—
Aye! smiled as mild as any child,
As though the bell brought a memorie
Like the bells of Shandon,
That sound so grand on
The pleasant waters of the river Lee.

VIII.

"Ting-a-ling, ting-a-ling, ting a ling—ting,"
Thus up the driver ringeth the King;
He ringeth him up; aye up ringeth he,
But never receiveth a real in fee.
"Oh! that is your game," says the Bleecker street boy;
"Are ye lookin' at me now, what do ye soy?"
* * * * * *
See—he stoppeth the car, now he op'neth the door,
Now with the Kinb's body he moppeth the floor;
He puncheth, he breaketh, he bangeth, he slams,
And combines with his labor most intricate—remarks.

MORAL.

And as he hammered the King said, with glee,
"I could almost imagine this New York Citie."



C. S. W.

☞ The part of the injunction restraining the Commissioners appointed to assess the value of land at Long Branch taken by the West End Railroad from taking further proceedings was removed by Chancellor Runyon on the 18th inst. The Commissioners decided not to proceed with business, however, until the Chancellor had given his decision in relation to the injunction restraining the company from building the road.

☞ The Buckfield Branch Railroad has been opened from the Grand Trunk Railway to Rumford Falls, Maine, and the first freight train passed over it on the 13th inst.

THE GOLD COUPONS FROM THE FIRST MORTGAGE BONDS OF THE HOUSTON AND TEXAS CENTRAL RAILWAY, due July 1st, will be paid for the Company on presentation, less rebate of five per cent per annum, by
JOHN J. CISCO & SON, 59 Wall street.

WHO WANTS MACHINERY!

We have for sale the *Largest and Most Varied Assortment* of Machinery, both NEW and SECOND-HAND, to be found in the hands of any firm in the United States, and we offer at prices far below the market value. Send stamps for our No. 17 PRINTED LIST, fully describing over 1,200 machines with price affixed to each, comprising from one to a dozen machines of each of the following articles, with many others not named.

Anvils	Clothespin Machinery	Hay Presses	Planers, Iron
Ax Handle Lathes	Dovetailers	Horse Powers	Planers, Wood
Bellows	Drop Presses	Hub Machinery	Portable Mills
Belting	Drill Presses	Hoisting Engines	Power Hammers
Blowers	Daniels Planers	Hydraulic Presses	Portable Engines
Brushers	Door Machinery	Irregular Moulders	Printers' Machinery
Band Saws	Edgers	Jacks	Pipe, steam & water
Buzz Saws	Elevators	Jig Saws	Planers & Matchers
Bolt Cutters	Extractors	Jack Screws	Portable Grist Mills
Bolt Machines	Emery Wheels	Looms	Rolls
Bobbin Lathes	Engines, 1 to 300 h p	Lathes, Iron	Re-Saws
Boring Machines	Excelsior Machines	Lath Machinery	Radial Drills
Boiler Feed Pumps	Fans	Lathes, Wood Turning	Rivet Machines
Boilers, 1 to 100 h p	Forges	Leather Belts, 2 to 24 i	Ring Spin'ing Frames
Box Board Matchers	Fire Pumps	Matchers	Rubber Belt'g, 2 to 24i
Blind Slat Crimpers	Foot Lathes	Mortisers	Saws
Blind Slat Tenoners	Fire Engines	Mill Spindles	Scales
Box Board Machinery	Friction Clutches	Milling Machines	Shears
Cards	Gearing	Moulding Machines	Saw Mills
Chucks	Grist Mills	Nut Tappers	Saw Arbors
Cupolas	Governors	Nut Machinery	Surfacers
Crushers	Gear Cutters	Pumps	Swing Saws
Cob Crackers	Gauge Lathes	Punches	Steam Pumps
Circular Saws	Grindstones	Pickers	Steam Yachts
Cotton Machinery	Gray & Woods' Plan'r	Pulleys	Steam Gauges
Circular Saw Mills	Hose	Pulp Pumps	Spoke Lathes
Clapboard Machines	Heaters	Power Presses	Steam Hammers

Shingle Mills, Skein Winders, Sash Machinery, Splining Machines, Stationary Engines, Tenoners, Trip Hammers, Upright Engines, Upright Boilers, Vises, Veneer Saws, Victor Lathes, Variety Moulders, Whistles, Wire Rope, Water Wheels, Woolen Machinery, Yachts.

No matter what machine or machines you are in want of, do not purchase until you send for and read one of our LISTS, and see the prices at which we sell. *State fully just what you want.* Address:

Can I Obtain a Patent?

This is the first inquiry that naturally occurs to every author or discoverer of a new idea or improvement. The quickest and best way to obtain a satisfactory answer, without expense, is to write to us describing the invention, with a small sketch. All we need is to get the *idea*. Do not use pale ink. Be brief. Send stamps for postage. We will immediately answer and inform you whether or not your improvement is probably patentable; and if so, give you the necessary instructions for further procedure. Our long experience enables us to decide quickly. For this advice we make *no charge*. All persons who desire to consult us in regard to obtaining patents are cordially invited to do so. We shall be happy to see them in person at our office, or to advise them by letter. In all cases, they may expect from us a careful consideration of their plans, an honest opinion, and a prompt reply. TOTAL COST OF U. S. PATENT, ONLY $55. *N. B.—These are by far the* SAFEST, BEST *and* CHEAPEST *terms offered by any responsible Patent attorney in the United States.* For all further information, please address: HENRY GERNER & SON, 24 Barclay st., P. O. Box 4,544, New York.

THE THOMAS PATENT CASH AND TICKET INDICATOR.

This is the only invention which will positively regulate and furnish railroad companies with a full and complete record of all passengers carried on trains, either having tickets, paying cash, or otherwise. As will be seen by the above illustration, it is a box with a glass front. After the conductor takes the passenger's ticket, he punches it and places it in the box, as per example: The passenger's destination is New Brunswick; the conductor punches the ticket, and, as we have stated, places it in the box; upon the arrival of the passenger at New Brunswick, he leaves the train, and another passenger takes his place whose destination is Wilmington; the conductor takes his ticket, punches it, and lifts the lid of the Indicator, when the New Brunswick ticket falls to the bottom, the Wilmington ticket taking its place. The lid is so arranged that it is impossible for the passenger or conductor to again get possession of the ticket, but every passenger can keep his ticket in sight until he arrives at his place of destination. The box is placed between the windows of the car on the panel under the rack. If a traveler is going from New York to Baltimore, the conductor need not raise the lid of the box until the arrival of the train at Baltimore, and then only to put the Washington ticket in. Upon the arrival of the train at Washington, or any station which the proper officer may designate, his agent goes around and collects every ticket or receipt for money collected. As will be seen, not a ticket can be sold or a dollar collected on the train that is not known by every passenger on the car.

New York, Saturday, June 29, 1878.

Chesapeake and Ohio Railroad Reorganization.

The Chesapeake and Ohio Railroad, together with its appurtenances and all the rights and franchises of the company, was sold, in pursuance of the decrees of foreclosure and sale entered in the Circuit Court of the City of Richmond, Virginia, and the Circuit Court of Kanawha County, West Virginia, at public auction, in the City of Richmond, on the 2d day of April last, and was purchased by a committee consisting of A. S. Hatch, Chairman, A. A. Low, C. P. Huntington, John Castree and Isaac Davenport, Jr., in pursuance of the Plan of Reorganization under which the Bonds of the Chesapeake and Ohio Railroad Company have been deposited with the Central Trust Company.

The sale was duly confirmed by the Circuit Court of Richmond on the 21st day of May, and by the Circuit Court of Kanawha County, West Virginia, a few days thereafter.

About $2,050,000 of the purchase money represents the prior lien indebtedness of the Virginia Central Railroad Company, for the balance of which, after deducting the amount which the Court may direct to be paid on account of the same out of the $200,000, which is to be paid on account of the purchase money in cash, the purchasers are allowed credit for various periods of from one to nine years.

The remainder of the purchase money, which would be applicable to the 6 per cent and 7 per cent bonds of the Chesapeake and Ohio Railroad Company, will be canceled by the payment into Court of the Bonds deposited with the Central Trust Company for that purpose, under the plan of reorganization, except to the very limited amount which will represent the interest, in the purchase money, of those bondholders who may not deposit their bonds for participation in the purchase and reorganization.

There have been deposited up to this time $14,290,000 out of the total of $14,992,000 of the 6 per cent bonds, or over 95 per cent, and $11,955,000 out of the total of $12,174,000 of the 7 per cent bonds, or over 98 per cent, and the amount which would be distributable to the holders of the bonds not deposited, in case no more should come in, would be only about $30,000, and for this sum the purchasers can take a credit of twelve years, if they so elect.

As this amount represents but a trifling percentage on the bonds not deposited, it is presumable that a large proportion of them will come into the reorganization before the final settlement.

By the terms of sale the Committee were allowed ninety days in which to comply with its conditions and to take title to the property on behalf of the new corporation to be created for the purpose.

This time will expire on the 1st day of July, when the papers will be executed to complete the purchase and pass the title to the successor company; and the new securities which are to be given in place of those surrendered will be issued as soon thereafter as they can be prepared.

By the laws of the States of Virginia and West Virginia, the purchasers will become a corporation in law, succeeding to all the corporate rights and franchises of the Chesapeake and Ohio Railroad Company under such corporate name as they may elect, by virtue of the deed of conveyance, without any other or further act of incorporation.

It is proposed to take the title to the property, and thereby become incorporated, under the corporate name of the Chesapeake and Ohio Railway Company.

The road has been kept in good condition, and its business is gradually increasing. It is expected that immediately after the completion of the reorganization measures will be taken for completing rail connections with the West and Southwest, which will make the Chesapeake and Ohio a trunk line, and add materially to its traffic. Those best acquainted with its affairs and prospects anticipate for it a steadily improving and ultimately successful and substantial future.

Civil Engineers of America.

The American Society of Civil Engineers held their Tenth Annual Convention this year in Boston. The Society met in the Institute of Technology on the 18th instant. Between 600 and 700 of the best engineers in the country are enrolled among the members. Among others present at this Convention were G. Clinton Gardiner and R. H. Soule of the Pennsylvania Railroad, A. D. Briggs of Springfield, Thomas D. Lovett of Cincinnati, B. Fink of Alexandria, Va., C. C. Martin Engineer of the Brooklyn Bridge, John Bogart of New York, W. Milnor Roberts of the Northern Pacific Railroad, M. Coryelle of Lambertville, N. J., Wm. H. McFadden of Philadelphia, Charles Darrach and D. McN. Shauffer of Philadelphia, Geo. H. Frost of Chicago, F. Collingwood of New York, D. W. Melvir of Staten Island, R. Hering of Philadelphia, P. Golay of Cincinnati, Arthur Spielman of Jersey City, Arthur Macy of Brooklyn, W. H. Wiley of New York, A. B. Hill of New Haven, Charles Pfeifer Engineer of the St. Louis Arch Bridge, E. L. Corthell of New Orleans Assistant Engineer in construction of Mississippi Jetties, Charles Latimer of the Atlantic and Great Western Railroad, Gen. Albert of Washington, David E. McComb of Washington, De Volson Wood of Hoboken, Wm. P. Shinn, General Manager of the

Edgar Thomson Steel Works of Pittsburg, Fred. W. Clarke of Chicago, and J. T. Fanning of Manchester, N. H.

W. Milnor Roberts, Vice President, called the Convention to order at ten o'clock, E. S. Philbrick of Boston was then chosen to preside.

After the usual routine business has been transacted, a paper read at a previous meeting by Wm. H. Burr, "Approximate Determination of Stresses in the Eye Bar Head" was discussed by Prof. Wood of Hoboken. The paper of Chas. E. Emery, "Relative Quantities of Material in Bridges of Different Kinds, of Various Heights," was then discussed by W. H. Searles. Mr. Bogart, the Secretary, then read a paper by Robert H. Thurston, "A New Method of Detecting Overstrain in Iron and other Metals, and its application in the investigation of the Causes of Accidents to Bridges and other Constructions." Mr. E. L. Corthell next read a paper on the "South Pass Jetties," consisting of descriptive notes and memoranda, and accompanied by models of jetties. Capt. C. W. Howells, U. S. A., followed with a paper upon the same subject. M. F. Collingwood explained by means of drawings on the blackboard the recent disaster to one of the strands of the East River Bridge; after which the Convention adjourned till evening.

Among the papers read and discussed at the second day's session was "Notes and Experiments on the Use and Testing of Portland Cement," by Wm. W. McClay; discussed by Mr. Collingwood and Mr. Stein. "Miry Dams in the Mississippi above the Falls of St. Anthony" by E. P. North, was not discussed. "Brick Arches for Large Sewers," by R. Herring, was discussed by W. Milnor Roberts, E. S. Chessborough and Mr. Collingwood. A paper read at a previous meeting, "Nomenclature of Building Stones and Stone Masonry," by James R. Cross, William E. Merrill and Edgar Van Winkle, was discussed by J. Foster Flagg.

The afternoon, as on the day previous, was spent in various excursions in and around Boston.

At 7.30 P. M. Mr. Philbrick called the meeting to order. The Committee on the Resistance of Railway Trains made their report through Mr. W. P. Shinn. Theodore P. Ellis next submitted a paper, "Uniform Reports of Railway Companies;" after which C. P. Latimer presented a chart for a novel method of keeping accounts. The Committee on Permanent Quarters of the Society reported it not advisable to make any present change, and the committee was continued in office.

For the Committee on the Paris Exposition, Mr. Geo. S. Morrison reported that the whole amount contributed had been expended. The condition of the fund was, receipts $972; expenditures $1,103. For the deficiency $145 was then subscribed. An invitation was extended to the Society to hold their next annual meeting in St. Louis.

After a business session papers were presented by W. Milnor Roberts on "Early Engineering," "Steam Engine Economy" by E. D. Leaveritt, "Consumption and Waste of Water," by Mr. Harlow, "Preservation of Timber," "Incline Plane Railroads," and by Mr. W. H. Searles, a "Survey of the Water Surface of the Erie Canal." At a late hour the Convention adjourned *sine die*.

Massachusetts Central Railroad.

The new management of the Massachusetts Central Railroad have been earnestly at work during the past few months in arranging what might be termed the preliminary work in relation to the stock and bonds previously issued by the corporation, and their success has been very encouraging, and other important negotiations have proceeded to such an extent as to warrant the prediction that active work will be resumed on the road between Weston and Northampton during the present season. The attention of the managers is now turned to the question of terminal facilities in Boston, and a very important matter this is to the future welfare of the enterprise. Upon this subject the Boston Journal says:

Two or three lines are open to the road, among the most important of which is the line fourteen and a half miles in length originally projected by Mr. Edward Atkinson, extending from Boston to the town of Weston, and known as the Boston and Northwestern Railroad. It is stated on excellent authority that arrangements can probably be made with the Land Commissioners of the South Boston flats whereby a large tract of valuable territory can be secured to the railroad under the most favorable terms. The friends of the Boston and Northwestern feel that the time is close at hand when a movement should be made tending toward its completion. Edward S. Philbrick, Esq., the well known engineer of this city, has been over the line, and his report is very favorable as to grades, curves, etc., and he is now engaged on the estimates of the probable cost of construction, and the result will be known in about a week. A junction can be easily made between the Massachusetts Central and the Boston and Northwestern roads at Weston, and many of the friends of both enterprises claim that the latter mentioned road is the natural Boston terminus of the Central. It is stated that the money necessary for the construction of the Boston and Northwestern Railroad will be forthcoming when required.

Cincinnati, Hamilton and Dayton Railroad.

The income of this company for the year ending March 31, 1878, was:

From passengers		$341,192 89
" freight		492,642 99
" mails		8,877 06
" express		11,984 96
" rents of track and real estate		22,728 26
" use of cars and locomotives		12,333 97
" interest		41,687 73
" miscellaneous		4,985 92
		$936,433 28
Expenses, viz:		
Transportation	$561,965 55	
Taxes	47,998 97	
Interest	207,544 17	
		817,508 69
Profit		$118,924 59
To which add profit in operating Cincinnati, Richmond and Chicago Railroad		22,944 79
		$141,869 38
Less loss in operating—		
Dayton and Michigan R. R.	$37,319 41	
Cincinnati, Hamilton and Indianapolis R. R.	21,765 25	
		59,084 66
Net profit		$82,784 72

The income from operations of the Dayton and Michigan Railroad during the year was $866,849 06; and the operating expenses were $528,773 18, taxes $54,526 08, interest $182,750 27, dividends on preferred stock $102,288, and dividend on common stock $35,230 99—total, $904,168 47, showing a loss to C. H. and D. R. R. Co., lessor, of $37,319 41.

The income from operations of the Cincinnati, Richmond and Chicago Railroad was $195,088 29; and the operating expenses were $123,837 79, taxes $4,964 03, interest $43,341 68—total, $172,143 50, leaving the sum of $22,944 79 to credit of C., R. & C. R. R. Co.

The income from operations of the Cincinnati, Hamilton and Indianapolis Railroad was $364,521 36; and the expenses for operating were $259,966 44, taxes $11,194 54, and interest paid, $115,125 63—total, $386,286 61, showing a loss of $21,765 25. (Six months' interest, amounting to $87,500, was not paid. Had that been paid, the loss in operating the C., H. & I. R. R. would have been $109,265 25, against $199,547 98 for the year previous.)

The gross income from operations of all the roads was $2,362,891 99, viz: from passengers $767,702 74, freight $1,395,526 79, mails $34,729 79, express $41,797 43, miscellaneous $123,139 24; and the operating expenses were $1,474,542 96, taxes $118,683 57, interest on bonds $548,761 75, dividends Dayton and Michigan R. R. Co., as above, $138,118 99—total, $2,280,107 27, showing a profit for the year of $82,784 72. The report says:

As compared with the previous year there has been a falling off of gross earnings of $68,952 19. Yet it is somewhat encouraging to know that by careful and economical management there has been much more than a corresponding diminution in the working expenses of the lines; the saving in this respect having been $276,933 84; showing a net saving for the year of $207,951 15, which with the diminution in interest ($58,359 16) and taxes ($3,652 19) makes a total saving of $269,962 50 as compared with the previous year.

In addition to amounts charged as operating expenses of the year there was paid the heirs of Jacob Recher $650 in settlement of claim for right of way near Dayton. There was received from the Holabird Estate $200 for its proportion of amount paid Dudley Heirs to quiet title of lots near Freeman street.

There has also been charged D. & M. R. R. Lessors' account $4,923 60, as follows, viz: for new fencing, $423 60; for lot at Perrysburg, on which water station stands, $500; right of way at Sidney, $800; purchase of depot building at Anna Station, $200; and for one old locomotive bought of C. H. & I. R. R., $3,000, which latter amount has been credited to equipment account of that company.

There has been put into the C. H. & D. R. R. track the past year 11 miles, and into the Dayton and Michigan track 15 miles of steel rails, the cost of which, less the cash value of old rails displaced, has been charged to operating expenses. No new rails have been put into the C., R. & C. or C., H. & I. tracks, as the large amount of iron rails taken from the broad gauge track afforded sufficient good rails for exchange, which were used in the tracks of those roads, and the old rails taken out were sold. There are now on hand for repairs and sale some 2,750 tons of old rails. The tracks of all the lines are at this time in good condition, and fully capable of sustaining a heavy traffic.

The construction account of C., H. & D. R. R. has been credited $16,017 70, for balance of iron removed from broad gauge track, and old rails account charged with same.

There was paid in June last $13,703 19, as this company's proportion of interest guarantee on Cincinnati, Richmond and Ft. Wayne R. R. bonds,

which amount, together with $8,107 86 interest on advances to December 1st, 1877, has been charged to that company's account, making an increase during the year of $21,811 05, and a balance due our company of $141,325 26.

The amount of earnings received from the Indianapolis, Cincinnati and Lafayette Railroad on account of pool, was on Passenger business $13,690 18, on freight $3,341 98, and apportioned to the several lines as follows:

	Passenger.	Freight.	Total.
Cin., Ham. and Indianapolis..	$10,798 03	$2,680 96	$13,478 99
Cin., Ham. and Dayton.....	2,758 42	661 02	3,419 44
Cin., Richmond and Chicago.	133 73	.....	133 73
	$13,690 18	$3,341 98	$17,032 16

The amount paid on Dayton Pool to the C., C., C. & I. R. R. was on passenger business..... $12,789 19
Less amount received for freight..... 8,965 10

$3,824 09

The average rate per ton per mile of freight was 1.564 cents against 1.539 cents the previous year.

The average rate per passenger per mile was 2.331 cents against 2.459 cents last year.

Passenger trains earned per mile run 1.02.8 cents against 95¼ cents last year.

Freight trains earned 1.99¼ cents against 1.90 cents.

The principal object of the contract with the Cleveland, Columbus, Cincinnati and Indianapolis Railway Company, for pooling the earnings between Cincinnati and Dayton, was to do away with competition and to lessen the operating expenses; and while the first object has not been fully accomplished, yet progress has been made in that direction. Thus far we have, by reducing the number of passenger trains, been able to make a corresponding reduction of expenses, and this, too, while fully accommodating the business between the two cities, as tickets sold by either company are good on both lines, and on the two lines are kept more than sufficient trains to fully accommodate the passenger traffic.

On the 1st of June, 1877, a contract was closed with the Indianapolis, Cincinnati and Lafayette Railroad, for pooling the earnings of the two lines between Cincinnati and Indianapolis; the object of this contract being the same as in the one above mentioned, and the working under it has, thus far, been quite satisfactory. We have been able to maintain fair rates in the transportation of freights; and while, by a reduction of passenger trains, there has been a falling off in receipts from passenger business, yet because of the reduction of passenger trains the working expenses have been reduced in a greater ratio than the receipts, the tickets being good on either line; this, together with the difference paid this company by the I. C. & L. R. R., on account of passenger traffic has produced satisfactory results.

BONDED AND FLOATING DEBT.

The balance of Third Mortgage Bonds of this Company, which fell due June 1st, 1877, amounting to $351,000 have all been paid, and the mortgage cancelled. To do this, there was a fund of $129,879 90 on hand at last report, which had been derived from the sale of the Company's Consolidated Mortgage Bonds, and the balance, $223,120 10, was made up by increasing the bills payable account, which, at the close of the present fiscal year, was $372,885 48, as against $246,190 22 at the end of that previous, making an apparent increase of $126,695 26, which, deducted from amount borrowed for the above purpose, makes an actual reduction of the floating debt of $96,424 84, and leaves in the hands of the company, unsold, 250 Bonds, less five put into the Sinking Fund. The Sinking Fund of the C., H. & D. R. R. as provided in the Consolidated Mortgage has been paid to January 1st, 1878.

The following is a statement of engines and cars owned by the different companies March 31, 1878:

	C.H.&D.	D.&M.	C.R.&C.	C.H.&I.	Tot.
Engines	35	30	4	17	86
Passenger cars.	34	14	....	7	55
Mail cars	2	1	....	....	3
Baggage cars..	13	3	3	4	23
Box cars.	279	336	89	277	981
Stock cars	30	90	24	49	193
Coal cars.....	65	115	8	15	203
Flat cars.....	149	119	52	96	416
Caboose cars..	10	12	1	8	31
Hand cars.....	20	25	7	22	74
Truck cars....	24	26	6	19	75
Wrecking cars..	2	2	..	1	5

In March the gauge of the tracks was changed from 4ft. 9½ inches to 4ft. 9 inches, and the gauge of the engines and cars is being changed as rapidly as possible to conform to it. The company now have 74 coal burning engines.

President.—R. M. SHOEMAKER.

Vice President.—RUFUS KING.

Directors.—R. M. Shoemaker, Rufus King, Theodore Cook, J. N. Kinney, Henry Lewis, Preserved Smith, J. H. Rogers, L. B. Harrison, Martin Bare.

Secretary & Treasurer.—FREDERICK H. SHORT.

General Superintendent.—LEWIS H. WILLIAMS.

☞ The town of Billerica, Mass., has in contemplation the re purchase of the Billerica and Bedford Narrow Gauge Railroad, which was recently sold at auction by the assignees. It is estimated that it will take $15,000 to redeem the road and equipment, and $5,000 more to put it in running order. About $12,000 have been already invested in it by the town. The road is not in operation. Bedford, the other terminus of the road, has as yet taken no action in the matter.

St. Louis, Alton and Terre Haute Railroad.

It is claimed that the matter pending between the Pennsylvania Railroad Company and the St. Louis, Alton and Terre Haute Railroad Company, in regard to the demand for a modification of the terms under which the latter road is leased, has not been correctly stated. The facts are that the St. Louis, Alton and Terre Haute Railroad is leased to the Indianapolis and St. Louis Railroad Company at a minimum rental of $450,000. The Pennsylvania Company is responsible for one-third of the deficiency in the net earnings to meet that sum, the remaining two thirds being guaranteed equally by the Indianapolis, Cincinnati and Lafayette Railroad Company as one party, and the Cleveland, Columbus, Cincinnati and Indianapolis Railway Company and Lake Shore and Michigan Southern Railway Company as the other party. The Indianapolis, Cincinnati and Lafayette Railroad Company has failed to pay its proportion of this liability, and the two other guarantors have now given notice that they will not pay more than the one-third of the deficiency for which they are each responsible under the original contract. As shown by the last report of the Pennsylvania Company, the amount advanced by them to meet the deficit in 1877 was $82,651 64.

Michigan Central Railroad.

At the annual meeting of the stockholders of the Michigan Central Railroad Company, held in Detroit on the 24th inst., the following directors for the ensuing year were chosen: William H. Vanderbilt, Augustus Schell, Cornelius Vanderbilt, Samuel F. Barger, William K. Vanderbilt of New York, Anson Stager of Chicago, Ashley Pond of Detroit, William L. Scott of Erie, Pa., and Edwin D. Worcester of Albany. $15,679,000 of stock was voted, out of a total of $18,788,204, of which the Vanderbilt ticket received $9,966,500, and the Taylor ticket $5,712,500. At a meeting of the new board of directors held on the same day the following officers were elected: Wm. H. Vanderbilt, President; Cornelius Vanderbilt, Treasurer, and Edwin D. Worcester, Secretary. Executive Committee, Wm. H. Vanderbilt, Augustus Schell, Cornelius Vanderbilt, and Samuel F. Barger. The transfer books of the company, which are now closed, will remain closed until the morning of Thursday, August 1.

Columbus and Bellefontaine Railroad.

This narrow gauge enterprise is being worked up with considerable determination and, the projectors contend, with a good prospect of success. The distance is about 53 miles, and between sixty-five and seventy thousand dollars have already been subscribed, and it is claimed that an additional subscription of fifty thousand dollars by Columbus will insure the road. The Ohio State Journal, from which the above is obtained, says that the company has secured the roadbed of the old Bellefontaine and Delaware railway, graded about twenty years ago, which is 27 miles in length and represented in a very fair condition. A meeting for the purpose of electing directors will be held July 15, and in the meantime a vigorous canvass, all along the line, will be continued.

Philadelphia and Reading Railroad.

Comparative statement of gross receipts, tonnage and passengers, of the Philadelphia and Reading Railroad Company, for the month of May:

	1878. Month.	Year to date.
Gross receipts:		
Railroad traffic	$1,101,497 15	$4,963,694 90
Canal traffic	124,997 47	201,391 08
Steam colliers	51,290 77	275,680 48
Richmond coal barges	8,229 58	35,005 60
Total Railroad Co.	$1,286,014 97	$5,475,772 06
Reading Coal & Iron Company	683,695 38	2,961,692 41
Total of all	$1,969,710 35	$8,437,464 47
Tonnage and passengers:		
Tons of coal on railroad	513,614 04	2,204,037 08
Tons of merchandise	287,903 13	1 572,072 05
Passengers carried	523,395	2,978,331
Coal transported by steam colliers	60,999 00	267,606 00
Tons of coal mined:		
By coal and Iron Co	240,057 06	1,013,810 02
By tenants	103,052 19	398,532 12
Total mined from lands owned and controlled by Co. and from leasehold estates	343,110 05	1,442,342 14

	1877. Month.	Year to date.
Gross receipts:		
Railroad traffic	$1,151,795 27	$5,352,556 15
Canal traffic	152,642 86	290,740 75
Steam colliers	65,596 39	352,447 48
Richmond coal barges	17,294 34	44,544 07
Total Railroad Co.	$1,387,328 86	$6,040,288 45
Reading Coal and Iron Co.	1,051,409 01	3,772,627 88
Total of all	$2,438,737 87	$9,812,916 33
Tonnage and passengers:		
Tons of coal on railroad	777,780 00	2,943,982 09
Tons of merchandise	287,447 16	1,480,265 10
Passengers carried	582,155	3,104,986
Coal transported by steam colliers	60,646 00	266,413 00
Tons of coal mined:		
By Coal and Iron Co.	380,714 12	1,388,418 01
By tenants	164,926 09	569,753 14
Total mined from lands owned and controlled by Co. and from leasehold estates	545,641 01	1,958,171 15

The mines were at work but sixteen days in May, 1878.

Ogdensburg and Lake Champlain Railroad.

The annual meeting of the stockholders of the Ogdensburg and Lake Champlain Railroad Company was held at Ogdensburg, N. Y., on the 19th inst., at which the following gentlemen were unanimously elected directors for the ensuing year: John C. Pratt, John S. Farlow, George M. Barnard, J. D. Farnsworth, S. M. Felton, George Lewis, Francis Cox, Francis Thompson, John Quincy Adams, M. E. Hale, William J. Averill, C. Huribart and Albert Andrews. The report of the company, which was presented and accepted, shows the gross earnings for the year ending March 31, 1878, to have been $599,932 68, the expenses $341,756 38, and the net earnings $258,176 30—being a fraction over 43 per cent of the gross earnings. The Boston Journal, commenting on the above, says:

This amount is sufficient to pay 8 per cent on he preferred stock and the interest on all the bonded indebtedness. This large percentage of net earnings, in regard to which many are incredulous, has been brought about by two causes: first, by the most rigid economy in every department; second, by the large local business of the road, 59 per cent of the freight earnings having been derived exclusively from that source. The equipment of the road is in good condition, large expenditures having been made. During the last year 1,250 tons of new rails have been put on the track, and 2,000 tons of steel are contracted for for the coming year.

Ogdensburg and Lake Champlain Railroad.

The report of the directors of the Ogdensburg and Lake Champlain Railroad Company for the year ending March 31, 1878, is as follows:

The gross earnings for the year ending March 31, 1878, were		$598 252 68
The expenses for the same period were		340,076 38
Net earnings for the year		$258,176 30
—being a fraction over 43 per cent of the gross earnings.		
The surplus on hand April 1, 1877, as stated in the last annual report was	$31,695 36	
To which has been added the profit on real estate not wanted for railroad purposes, sold during the past and previous years	28,311 45	
Proceeds of one hundred thousand dollars six per cent bonds applied by vote of directors to reimburse the company for expenses incurred in obtaining possession of the road from the Central Vermont Railroad Company, and to make good the depreciation of property as will appear by statement below	100,000 00	
	$160,006 81	
There has been charged this account as follows, viz:		
Insurance for 1877, paid previous to April 1, 1877.	$2,548 96	
Taxes	11,061 05	
Loss on supplies and material taken of the Central Vermont Railroad Co. in excess of their value	9,079 08	
Law expenses incurred in obtaining possession of the road from the Central Vermont Railroad Company	5,135 86	
Extraordinary expenses growing out of the depreciated condition of our property as received from the Central Vermont Railroad Company, as follows, viz:		
Repairs of buildings	10,348 82	
Repairs of docks at Ogdensburg and Rouse's Point	3,825 99	
Repairs of passenger and baggage cars	3,175 92	
Repairs of freight cars	28,812 05	
	73,987 73	
Balance	$86,019 08	
Net earnings for the year ending March 31, 1878, as above	$258,176 30	
Balance of profit and loss account, as above stated	85,019 08	
	$344,195 38	
From which has been paid two dividends on preferred stock	$100.000 00	
Interest on bonds	73,997 37	
	238,997 37	
Surplus on hand March 31, 1878	$110,198 01	

The expenses incurred in obtaining possession of our road from the Central Vermont Railroad Company, and in partially making good the depreciation of our property as received from them, were as follows:

Paid Central Vermont Railroad Co., as appears in last year's accounts.		$50,000 00
Paid law expenses		9,294 40
$4,158 54 of which was paid previous to April 1, 1877, as appears in last year's accounts.		
Loss on supplies taken at above their valuation from the C. V. C		9,079 08
Cost of repairs to buildings, docks, passenger, baggage and freight cars, growing out of the depreciated condition of the same		46,162 78
Cost of bridge at Malone, which the Central Vermont Railroad Company was liable for, but refused to pay		1,636 28
		$116,172 54
Proceeds of bonds applied for this purpose		100,000 00
Leaving a deficit of		$16,172 54
—which has been taken from our surplus.		
Net earnings for the past year		$258,176 30
Eight per cent on $2,000,000 Preferred Stock	$160,000 00	
One year's interest 8 per cent on $394,000 Sinking Fund bonds	31,520 00	
One year's interest 6 per cent on $600,000 First Mortgage bonds	36,000 00	
		227,520 00
Balance		$30,656 30

During the past year the Directors have authorized an issue of $600,000 of bonds, bearing interest at 6 per cent per annum, secured by a mortgage of our road and property, to pay the Equipment bonds of $300,000, due January 1, 1878, and $200,000 due January, 1879.

The remaining $100,000 to reimburse the company for expenses incurred in obtaining possession of our road from the Central Vermont Railroad Company.

Four hundred and forty-six thousand dollars of these bonds have been negotiated at par, and the proceeds applied as provided by the mortgage; the remaining $154,000 will be sold and applied to payment of outstanding bonds, due January, 1879.

The results of the year's business are quite satisfactory; with gross earnings reduced, in consequence of low rates for through freight, from $1,000,000, as they were in 1868, to $600,000, we have been able to show net earnings of 43 per cent and at the same time maintain our track and property without depreciation; this has been accomplished by the most rigid economy in every department, and here is our only hope in the future, there can be no waste, extravagance or unnecessary expenditures permitted in any department, and with proper vigilance exercised in our expenses we may reasonably hope that the day is not very far distant when the holders of our Common Stock may receive dividends.

The net earnings for the past year are sufficient to pay 8 per cent on our Preferred Stock, the interest on our bonds (when the Equipment bonds shall have been paid in January next, and we shall have no issue but the Sinking Fund and 6 per cent bonds,) leaving us a surplus of $30,656 30, as will appear in the following statement:

We expected the last Autumn to have opened an all rail route for freight and passenger business via the Rome, Watertown and Ogdensburg Railroad; had we succeeded in so doing it would have added largely to our year's profits; there is little doubt but that this arrangement will soon be consummated.

Our local business continues good, and from it we derive a large and profitable income. It should be our policy in the future, as in the past, to encourage and foster the industries on our road, both agricultural and mechanical, as these are our main reliance, and this is one source from which we derive our large percentage of net earnings.

Our freight earnings for the year ending March 31, 1878, were $386,714 71. Of this amount we derived from our local business $228,980 33, or 59.4 per cent of our entire freight earnings. This exhibits the wonderful resources of our road, and shows why it is that our net earnings are so large.

We have now two lines connecting Ogdensburg with Lake Erie and Lake Michigan points, viz: The Northern Transit Company, with their steamers via the Welland Canal, and the Collingwood Line, so called, by water to Toronto, thence by rail to Collingwood, and from there by water to Chicago and Milwaukee.

The improvements to the Welland Canal have made rapid progress the past Winter, and it is expected that the widening and deepening will be completed early in the Spring of 1879.

These improvements are of great value and importance to us, as we shall no longer be dependent for our through business upon vessels of from three to four hundred tons capacity; the largest class of steamers on the lake will then come to our docks at Ogdensburg and the volume of our business will be largely increased.

The past year there has been put into the track 500 tons of steel and 750 tons of iron rails. A very favorable contract has been made for 2000 tons steel rails to be delivered in June. The price of steel rails will not warrant the further use of iron. Large renewals to the track will be required for the next three or four years. With the exception of that put in the past year, the large portion of our iron has been in the track from 5 to 12 years, and very rapid depreciation may reasonably be expected. At least 2000 tons of new rails will annually be required. This will furnish our entire track with steel rails in about four years, and an annual saving of $40,000 will then be made in our expenses.

Our track and equipment are in good condition for service. During the past year extensive repairs have been made to our freight cars, 300 have been supplied with new roofs and large numbers with new wheels and axles.

The making good of the depreciation in our rolling stock has not yet, however, been completed, new roofs are being supplied to our freight cars and other repairs being made as judiciously as possible without adding too largely to our expense sheet.

Our engines and passenger cars are in good condition and require no large outlay.

A considerable outlay will be required the ensuing year to maintain our bridges in a safe and serviceable condition.

Our equipment consists of 1003 freight cars, 17 passenger and baggage cars, 32 locomotives.

On the first of April the usual dividend of four per cent was paid on the preferred stock from the surplus of profits.

In behalf of the Directors,

JOHN C. PRATT, President.

Ogdensburg, June 19, 1878.

☞ The town of Hudson, Mass., has voted unanimously to transfer all the shares of the capital stock of the Massachusetts Central Railroad company owned by the town to a trustee, to be held by him in trust pending the construction of the road; providing that in case the road shall be completed the entire length of its location and fully equipped so that trains may be safely run over the whole route by the first of November, 1880, then three-fourths of said stock shall be conveyed by him to the company and one-fourth to the said town; and if not completed within the time and in the manner specified, then the stock shall revert in full to the said town, and the trustee be discharged from his trust.

Pennsylvania Railroad.

The following statement of the business of all lines of the Pennsylvania Railroad Company east of Pittsburg and Erie for May, 1878, as compared with the same month in 1877, shows:

A decrease in gross earnings of	$80,005
A decrease in expenses of	64,082
A decrease in net earnings of	$15,973

The five months of 1878, as compared with the same period in 1877, show:

An increase in gross earnings of	$181,518
A decrease in expenses of	363,976
An increase in net earnings of	$545,494
All lines west of Pittsburg and Erie for the five months of 1878 show a deficiency in meeting all liabilities of $250,441, being a gain over the same period in 1877 of	216,525
Making a total net gain over 1877 of	$762,019

A Southern Freight Schedule.

On the 20th instant a large number of Presidents, Superintendents, Freight Agents, and other officials of Southern and Southwestern railroads met at Barnum's Hotel, Baltimore, to arrange and agree upon a freight schedule for roads leading from St. Louis, Chicago and Louisville to the South.

Mr. E. W. Cole, President of the Nashville, Chattanooga and St. Louis was made Chairman of the meeting, and C. A. Sindall of the Southern Railway and Steamship Company was appointed Secretary.

The object of the meeting was then stated by the Chair to be the maintenance of freight rates between the West and South. A committee, fifteen in number, was then appointed to report upon the matter, and the meeting adjourned pending that report.

The committee's report recommended that Virgil Powers, Commissioner of the Southern railroads, be appointed to confer with the managers or agents of the steamship lines running from New York, Philadelphia and Baltimore to Southern ports, to ascertain their views concerning freights and report to the meeting at a subsequent time. The meeting then adjourned to Saturday, the 22d, on which day to meet again at the St. Nicholas Hotel in New York, to hear Mr. Powers' report.

When the meeting came together again on Saturday with the same Chairman and Secretary, there were present among others, Geo. R. Knox, J. E. Martin, E. P. Alexander, R. R. Bridgers, D. C. Wilson, Geo. W. Parker, J. Crowell, C. W. Harwood, S. K. Johnson, C. H. Phinrell, E. Fitzgerald, Geo. Yonge, Flavius Phillips, E. C. Richardson, T. E. Eger, W. D. C. Monk, W. H. Safford, B. D. Howell, W. McRae, R. A. Anderson, J. H. Wilson, C. H. Crosby, W. R. Arthur, M. H. Smith, Robert Forsythe, Horace Tucker, D. B. Morey, L. D. Richardson, H. S. Harris, J. L. Taylor, C. D. Owens, J. B. Andrews, R. G. Fleming, Virgil Powers and John A. Beck, all of whom are managers, superintendents or freight agents of roads directly interested.

Virgil Powers who had been appointed to confer with steamship managers now came before the meeting and reported that he had not been able to meet with managers or freight agents; and, consequently, no action had been taken with the steamship lines. Seven gentlemen were appointed to prepare a schedule for all Southern freight. These were Geo. R. Knox, General Freight Agent of the Nashville, Chattanooga and St. Louis Railway; M. H. Smith, General Freight Agent of the Louisville and Nashville Railroad; C. H. Crosby, General Freight Agent of the St. Louis and Southeastern Railroad; Wm. McRae, Superintendent and General Manager, and R. A. Anderson, General Freight Agent of the Western and Atlantic Railroad; E. P. Alexander, President of the Georgia Railroad; Geo. W. Adams, General Manager of the Macon and Brunswick Railroad.

No other business of importance was transacted before the meeting adjourned.

Port Royal and Augusta Railway.

An adjourned meeting of the first mortgage bondholders of the Port Royal Railroad Company was held in this city on the 24th inst. to act upon the report of a committee appointed to prepare a plan for the reorganization of the road which was recently bought in in the interest of the bondholders. Mr. Cox presided and Mr. Boody acted as Secretary. Two reports were presented. The plan of the majority, which was adopted, recommended, in substance, the creating of $750,000 of stock to be distributed pro rata among the bondholders of the old company; the issuing of $1,750,000 of new 6 per cent bonds, payable 20 years from date; of these $250,000 to be a first lien on all the property and franchises of the corporation, to be offered to the bondholders of the old company for 30 days, and then to be offered in the open market; the proceeds to be applied, first, to the payment of the foreclosure expenses and of any claims or debts that the courts may decree to be liens on the property of the road prior to the mortgage; the remainder, or as much as may be necessary, to be used in supplying additional rolling stock and outfit for the new corporation; the balance, $1,500,000, to be distributed pro rata among the bondholders of the old corporation in exchange for the bonds they now hold; the interest on these to be payable out of the earnings of the company, and in case the earnings in any year should be insufficient to provide for the payment of the coupons in full, such unpaid portion to remain a charge upon the company; all the coupons to be payable in their order out of the earnings of the company; the holders to have the right to foreclose only in case of default in payment of the principal. The following committee was appointed to complete the organization of the new company and carry out the details: D. F. Appleton, Ludwig Marks, and H. H. Boody. The following Board of Directors was chosen to act during the first year: D. F. Appleton, H. H. Boody, H. A. Robbins, C. L. Rubsamin, A. Marcus, Walter Luttgen, F. R. Appleton, and R. H. Thayer, New York, and D. C. Wilson, Port Royal. The new corporation is to be known as the Port Royal and Augusta Railway Company. The road is 112 miles long from Port Royal, S. C., to Augusta, Ga., and was completed March 1, 1873. It cost $5,500,000.

☞ The Philadelphia and Reading Railroad Company shipped 177,000 tons of coal during the week ending Saturday, June 22th.
